FOR ST. ANNE—A large party of pilgrims from nearly all the Intercolonial stations north of Campbellton left last Thursday for St. Anne Des Beaupres—eighteen cars in all. Many couples and single persons were carried on board the cars in stretchers.

HE IS NOT THERE—Some of the papers say that Hon. Sir George Tupper is taking an active part in the Kent election and is personally participating in the campaign. If that be so there must be two of him, as the Mr. Tupper we all know is well attending to his business at home in Northumberland.

VANDALISM—A valuable canoe was taken on a flat on Camp Campbellton to Canada the other day by a party who intended to canoe down the Chatham river to the St. John. As the canoe was unknown parties carried the canoe to the woods and destroyed it by burning it by punching holes in the bottom.

SAD DEATH—Last week a 2nd and a half years old Willie Dickson, son of Mr. David Dickson of Chatham, was drowned on Monday evening by falling into the well located in the rear kitchen of his father's house. George Stewart, stepson, who was in the well, saw the boy, and recovered the body just as life was about extinct.

THE RECENT BUSINESS suggestion of a down-country general dealer, millman etc., is causing no little interest to be manifested in the methods by which certain parties were secured, while others—largely by the business of the gentlemen on the main—were left in the lurch. The last named fell like making an effort to get square, in some way.

"ALLEN'S CORN-KILLERS" played a game of Base-Ball with the Chatham Club on Friday afternoon, on the Newcastle grounds. There was quite a large number of spectators present.

The following is the score: Corn-killers 0 5 1 4 1 5 3 7 x—26 Chatham Club 0 5 1 1 0 1 0 7—13. This makes the 10th victory for the "Corn-killers"—all with different Clubs. As yet they have not been beaten.

FATAL FALL—Simon Louis Allain, aged about 45, of St. Mary's, was fatally injured on Thursday last. He was engaged in shingling the roof of a barn at that place for Moses Cormier, and was working near the edge of the roof when the shingle gave way and he fell to the ground, a distance of about 15 feet. He was carried to his home and next morning, when his condition was found to be serious, Dr. King, of Beauséjour, was called. The man, had, however, sustained internal injuries of such a character that he died at noon on Friday. He leaves a wife and a family.

Dr. BROCKTON—The Globe Beethoven correspondent writes: "Among the many tourists now enjoying the pure and healthy breezes of Beethoven, David Lynch, Esq., of Portland, N. B., who took his quarters with the whole family in the 'Maison Beethoven'. To say that Mr. Lynch returns home every evening with about ten dozen of beautiful trout is only a proof of what an expert he is in the art of fishing. He is always received with joy by the inhabitants of the Point, who know how to appreciate the sport when the spoils are on the table. Beethoven is becoming a great resort for amateurs of fresh fish, etc. Judge P. A. Landry is also a 'Beauséjour', and is a pupil of Mr. Lynch. Wonder whether Judge Landry is really as Beethoven as a fisher of fish, or if Mr. Lynch is nomination day in Kent.

AN URGENT—Six ladies—Archibald Snow, Eddie Reddick, Fred Harrison, Wilson London, Willie McKay and Frank Hayward—undertook to cross the Miramichi at Chatham yesterday morning, shortly after six o'clock in a small canoe. They had two guns, sufficient provisions for the day and some other implements, together with three dogs, along with them. When a short distance from the ferry landing on the north side of the river, the canoe was, by some means, upset. Eddie Reddick then took charge and did much to organize the forces afloat. Young Hayward had to be assisted in keeping afloat, but the others were collected as well as could be managed to hold the canoe up for and reached the Chatham shore but Archie Snow's "Jack" stayed by the wreck. Just as Eddie Reddick had divested himself of his pockets and taken off his shoes preparatory to swimming ashore for a boat, ferryman

Children Cry for

Harvard's assistant was discovered coming to the rescue in the ferry boat, by means of which the boys, dog and canoe were saved and taken to the shore. It was a narrow escape.

FROM TABERNACLE—Messrs. Hayward, Goslow and Peters returned from the Bonaventure Club's waters last Thursday after having enjoyed excellent sport. Their catch was the largest recorded since the Club took charge of the river.

Hon. Jos. Hemphill and Messrs. J. Lett Hemphill, T. W. Marshall and Jackson Sargent of West Chester, Pa., returned from Camp Tabernacle yesterday. They too had excellent sport. Three of them killed thirty-five basses on Saturday afternoon. Having left Chatham that forenoon at two o'clock they had only about three hours' fishing. On Monday and Tuesday they killed over two hundred fish. We may mention that Sunday fishing is strictly prohibited in the Tabernacle waters and the guardian permits no trifling over the matter.

Mr. Thos. McAvity and party of St. John were at the Club house when the American gentlemen left.

Up in Restigouche.

CAMPBELLTON, July 16.—Wm. Campbell, a resident of Dalhousie road, has been missing since the 1st inst. Last spring he came home after a long absence, in a good health, but with a large sum of money, since which time he has been missing. His trunk he left behind, but took the money with him. His family, a most respectable one, is in deep trouble as they can get no trace of him. Neither station agents, trainmen, nor an one appears to have seen him since he so mysteriously disappeared from home.

Mr. James Croil, editor of the Presbyterian Record, and family are in town.

Rev. Dr. Jones, late of St. Paul's, Montreal, but now of London, England, is expected shortly.

St. Andrew's Presbyterian congregation have given the Rev. F. Carr a purse of \$100 and a month's leave of absence. The reverend gentleman and family will summer in P. E. Island. He is very much esteemed.

Driver Dick Coggin and Contractor Bowser killed a 30 pound ling this morning while bathing on the flats near the railway bridge. Coggin killed the fish with a coal hammer which he took from his engine. It was washed up in style on board the dinner car of the working train—Restigouche Pioneer.

The Yacht Race.

The race under the auspices of the Miramichi Yacht Club on Thursday last had a new element of interest in it on account of the J. Bell, hailing from Richibucto, but owned by Mr. Peter Loggie of Miramichi, being amongst the competing boats. The wind was easterly, light and variable, and afforded an excellent opportunity for the display of the yachtsman's skill. Luck was with the Richibucto boat from the start, but was undoubtedly the fastest of the fleet and would have won in any case. The record was as follows:
