FORMER MINISTER OF WAR ASSASSINATED BY WOMAN

Fired Three Shots at Lt. Gen. Saksaroff Killing Him
on the Spot--Affair Has Aroused St. Petersburg
and Serious Trouble is Feared From Revolutionists

LONDON, Dec. 7.—The St. Petersburg correspondent of The Daily Telegraph in a despatch dated Dec. 5, sent by way of Eydikuhnen, East Prussia, says:
“Lt. General Saksaroff, former minister of war, was assassinated today. A woman belonging to the so-called ‘flying columns,’ of the revolutionary movement, called at the house of the governor of Saratov at noon today and asked to see General Saksaroff.
“She fired three shots at the general, killing him on the spot.
“The tidings reached St. Petersburg tonight. Count Witte charged Lieut. Radzev, minister of war, with the task of breaking the news to Madame Saksaroff.
“The event has created a profound impression in St. Petersburg, owing to the fact that the revolutionists here will follow the example.
“The spectacle of military dictatorship, which has been looming on the city, is slowly gaining consistency, and so far has been confined.
“I am personally convinced that Count Witte's faith in the good sense and political tact of the Russian thinking classes, which recently was as firm as a rock, is gradually weakening, and with it his hopes for the carrying out of the liberties promised in the emperor's manifesto.
“There are signs of a collapse of the post and telegraph strike. Two-thirds of the telegraph operators are daily offering to resume work, but they are prevented from doing so because the wires have been cut or the stations fail to answer signals.
“Father Gapon has gone to Paris under very mysterious conditions, which I am not at liberty to unfold.”

MONCTON CLERKS LEAVE
EMPLOYERS IN HOLE
J. B. McManus Goes West For His
Health—Accident in Minn.

MONCTON, Dec. 6.—J. B. McManus of Memramcook, who has been suffering from rheumatism for some time, intends leaving shortly for Banff Springs, in the Northwest, where he will undergo a thorough course of treatment.
A young man employed as clerk in Chas. McIlhenny's furniture establishment, recently left for Boston, leaving behind a board bill and several other unpaid accounts, and also a small overdraw on salary account with his employer. A clerk in another furniture establishment was recently detected pilfering the cash box, and after being made to disgorge, was given a few hours to get out of town. He took advantage of the opportunity, and then his employer, as an afterthought, set an investigation on foot and discovered that the cash drawer had been systematically tampered with for some time, the shortage being estimated at several hundred dollars. Post living,

horses, etc., were the cause in both cases, enquiry showing that the young men had been spending a good deal more than their wages.
Arthur Mitton, a young man employed in Wright & Co.'s mill at Salisbury, had his hand caught in one of the saws the other day, and so badly mangled that amputation of three of the fingers was necessary.

CHAUNCEY DEPEW
NO LONGER DIRECTOR
NEW YORK, Dec. 6.—The resignation of Senator Chauncey M. Depew as a director of the Equitable Life Assurance Society, was received today by President Morton. Mr. Morton said that the resignation would be accepted upon a meeting of the directors. Senator Depew's letter was very brief. It read:
WASHINGTON, Dec. 5.
The Hon. Paul Morton, President of the Equitable Life Assurance Society.
Dear Sir—I hereby tender my resignation as director of the Equitable Life Assurance Society.
Yours truly,
(Signed)
Chauncey M. Depew.

SERIOUS LABOR
PROBLEM FOR C.P.R.
Men In All Labor Departments Will
Ask For Increase In Wages.

MONTREAL, Dec. 6.—The Canadian Pacific Railway management is confronted with the largest and most far-reaching labor problem that it has had to face for the last four years.
Representatives of every labor organization that touches the train service between Fort William and St. John, N. B., conductors, brakemen, trainmen, yardmen, etc., are in session here, engaged in the framing of a new schedule, which is to be presented to the company, demanding increases of wages, revision of hours of labor, and general improvements in the condition of the service.
The headquarters of the representatives of the various brotherhoods is the Alton hotel, but as it is anticipated that negotiations with the company may be prolonged, they have secured a room in one of the large buildings on St. James street for their deliberations. The delegates have been in session for several days, and have, it is stated, made considerable progress in the drawing up of a new schedule.

CANADIAN EDITOR
DEAD IN LONDON

LONDON, Dec. 5.—James Johnson, one of the best known and popular Canadians in London, passed away last night. He was unconscious for several days before death. The body has been sent to Ireland for burial.
Mr. Johnson was a journalist. He came to Canada in 1868 from Ireland and after spending several years as editor of the Kingston News went to Ottawa as editor of the Citizen, remaining with that paper until he went to London several years ago. He was president of the parliamentary press gallery in 1889.

THE GRAND FALLS WORK.
Harry McLaughlin of New York is among the guests at the Royal. Mr. McLaughlin is general manager of the Grand Falls Power Co., which has recently, by the judgment of R. W. Scott, secretary of state, been given the right to its name as against the other company incorporated under dominion charter. Mr. McLaughlin is here to see a number of those interested in the proposed work of the company at Grand Falls. He has not much information to give out at present, but expects to be able to make an announcement within a day or two. The financing of the company, he says, is all arranged, and there will be no delay in commencing operations on that score.

KIDNEY DISEASE
AND ITS DANGERS
CAN BE
QUICKLY CURED
BY
DOAN'S
KIDNEY PILLS

Kidney disease comes on quietly, it may have been in the system for a long time before you suspected the real cause of your trouble. There may have been backaches, swelling of the feet and ankles, distention of the urinary organs, such as, brick dust deposit in urine, highly colored, scanty or bloody urine, bladder pains, frequent urination, stone in bladder, etc.
Perhaps you did not know that these were symptoms of kidney disease, so the trouble kept growing worse, until Nephritis, Scatosis, Rheumatism, Diabetes, Dropsy, and worst of all, Bright's Disease have taken hold of your system.
Doan's Kidney Pills should be taken at the first sign of anything wrong. There is no other safe way, (pastes and liniments are useless), as the trouble must be eradicated from the system.
Doan's Kidney Pills go to the seat of the trouble, strengthen the kidneys, and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Mayhew, Smith's Falls, Ont., writes: “For over four months I was troubled with my kidneys, and my back got so lame I felt miserable all over. After taking five boxes of Doan's Kidney Pills I was as well as ever.” Price 50 cents per box or three boxes for \$1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

GETTING EXTRAVAGANT
Shore Line Will Persist In Spending
That \$250,000.

Col. H. H. McLean returned yesterday from New York, where he had been attending a meeting of the directors of the New Brunswick Southern Railway. At this meeting a report of the work done during the past season was presented, showing that approximately fifty thousand dollars had been expended on the road. The directors seemed highly satisfied with the progress made, and it was decided to complete the improvements if possible during next summer. The total expenditure will be a quarter of a million. A locomotive has been purchased from the C. P. R., and will be sent down here in a few days. Two new snowplows have also been ordered; one is now on hand and the other under construction.

DIED SUDDENLY
OTTAWA, Dec. 6.—Joseph Jackson, registrar of copyrights in the agriculture department, and for forty years a member of the civil service, died suddenly this morning. Heart disease was the cause of his death.

U. N. B. SENATE
IN SESSION
Reports Show Institution to Be in Best
of Condition—Government Meets.

FREDERICTON, Dec. 6.—The senate of the university was in session most of the day. Those present included Dr. Inch, Chancellor Harrison, Judges Barker and McLeod, J. D. Hazen, Hon. G. F. Hill, Hon. L. J. Tweed, W. A. Park, H. V. Bridges and Registrar Coy.
The chancellor and registrar presented their annual reports, which were most satisfactory. That of the registrar showed the institution to be in the best of condition, and the financial standing most gratifying. The students presented a request to have dressing rooms built in connection with the new gymnasium. The matter was referred to the gymnasium committee with instructions to complete the building in a modern manner. In the afternoon the senate had a conference with the faculty and talked over university affairs. The rest of the business done was entirely of routine order.
The government met this morning and the board of education this afternoon. Members of the administration state that nothing outside of routine business was transacted.
The government did not meet this evening, the premier being tired. The members will go to St. John tomorrow. Islington Lodge, Sons of England, held a most successful tea and sale at the church hall this evening.

VOTED CONSERVATIVE;
THEREFORE DISMISSED
Another Old Government Employee
Suffers For This Rash Act—Mr.
Emmerson's Friend Appointed.

MONCTON, Dec. 6.—Another postmaster has been dismissed for political reasons, the victim being Eustache Babin, who was appointed in 1873 and has served the people faithfully for 32 years. There is no complaint against Mr. Babin in connection with the performance of his duties, but he is suspected of having voted conservative. Not only is political spite shown in this case but a considerable number of people in the district, liberals and conservatives, are seriously inconvenienced. The new post office, which has been given to one of Mr. Emmerson's friends, Amos Bourque, is only a mile and a half from the old one, and while the new arrangement there is no post office at the east end for a distance of five miles. Some 14 families are served by the new site, while twenty are inconvenienced. Many old liberals complain of this act of the department and assert that it will do Mr. Emmerson no good.

SUSPICIOUS DEATH
IN SUNBURY COUNTY.
Strong Reason to Believe That a Farmer
Who Was Shot Last August
Was Murdered.

A correspondent in Victoria county writes to the Sun:
SOUTH TILLEY, Vic. Co., Dec. 2.—David Lindsay, a very much respected and prosperous farmer of South Tilley, was found on the morning of August 13th last by his hired man, who had come to his work in the morning, lying on the floor of his house a pool of blood, unconscious and dying. His skull appeared to be crushed in and part of his brains were on the floor where he lay.
His gun (a double barreled shot gun) was standing against the table, both barrels empty.
It is supposed that he fired one shot at a dog, which he said to his hired man he was going to kill. This shot was heard by several persons just before the sun went down.
Just before dark Mr. Lindsay was seen walking round his house by two ladies who were passing.
Just after dark a shot was heard by some persons who were near his place at the time and which sounded to be in the direction of his house. This shot was found next morning to have gone off or been fired off in his house. A heavy charge of small shot was in the ceiling of the room, but no blood stains could be seen on the ceiling.
It was thought by some that his gun had gone off accidentally, the shot striking him on the head. There were some, though, who said decidedly that there was something wrong and that someone was responsible for the deed. There certainly was every indication of some one having been there and having left the house after this happened, as there was blood outside the house and blood on the door knobs.
A drawer had been pulled out of his cupboard by a bloody hand and the mark of a right hand with blood on it was to be plainly seen on one side of this drawer and on the front of it.
No inquest was held, although the coroner was present. He did not even examine the wound on Mr. Lindsay's head or take any steps whatever beyond asking one or two persons a few questions to find out by what means Mr. Lindsay came to his death.
Since this happened several things have come to light which seems to bear on the case.

STABBING AFFRAY IN MAINE
AUGUSTA, Me., Dec. 6.—Charles H. Morrill is held at the police station, tonight without bail on a charge of stabbing Ira W. Smith and will be arraigned at the municipal court tomorrow morning. The cutting was the result of a dispute regarding the price of a stove. Both men belong in Augusta.

INCENDIARY FIRE
IN THE NORTH END
Ernest Williams' Barn Damaged—A
Lot of Hay Burned.

What looked very much like an incendiary fire occurred last evening in the north end. Between seven and eight o'clock an alarm was rung in from box 143 for a fire in the barn owned by Ernest Williams, situated off Acadia street.
The blaze was in the loft, among a pile of hay, and the smoke was very dense. The firemen, however, were able to save the barn, but little damage being done, though the stock of hay was destroyed.
Mr. Williams had not been to the barn to put up his horse, nor had there been anyone in the building who had any right to be there. It was too early in the evening for idle characters to be seeking a night's lodging, and the police are of the opinion that the fire was either started intentionally or that children playing with matches were to blame.
The loss will not amount to more than \$50 or \$75.

NOVA SCOTIA DOMESTIC
MAKES GOOD MATCH.

BOSTON, Dec. 6.—Yesterday it became known through the return of the marriage certificate to the town clerk's office in Brookline, that Miss Ethel Crosby, for some time employed as a domestic by Mrs. Tuckerman, 69 Waverly street, Brookline, was married on Thanksgiving day in this city to Kenneth McLeod, a tea dealer, living in Dorchester.
The wedding was performed by Rev. A. K. MacLennan at the latter's home, 129 St. Botolph street, a couple of intimate friends being present as witnesses. After the wedding both returned to their homes.
When the bride learned yesterday that her mistress knew her secret, she gave notice that her service would end this week. The bride is a native of Nova Scotia, and has lived in Brookline about three years.

A VISITOR FROM NEW GLASGOW.
James D. MacGregor, accompanied by Mrs. MacGregor and Mrs. J. H. Sinclair of New Glasgow, N. S., are among the guests at the Royal. Mr. MacGregor is one of the leading merchants and lumbermen of Pictou county, and is one of the more prominent liberal party workers. He is, by the way, the father of Rob. MacGregor, M. P. for Pictou, and the youngest member of the house of commons. Mr. MacGregor says that business is exceptionally good around New Glasgow, the mines and steel works are running on full time and everyone seems prosperous.
