### News Summary.

An unknown man, about thirty years of age, jumped over Niagara Falls from Prospect Point Tuesday morning.

From 1875 to the present time over 100,000 acres annually have been reclaimed from marsh and sea by the people of Denmark.

In London last year 586 persons were killed by falling from windows and buildings, while on the railways of Great Britain, in the same period, only 386 persons were killed.

It is estimated that foreign immigration to the United States will be 100,000 less than in 1896. The agitation against the more undesirable class of immigrants has largely reduced it.

American firms own 4,235 square miles of timber lands in the province of Ontario alone, and the export of logs to the United States reach the large total of nearly 250,000,000 feet yearly.

There are few immigrants to Greece, only 2 per cent. of the population being foreign born. The country is not attractive to one who wants to make his own living. It does not produce enough of anything for its own consumption.

A man who registered as John Gow, of Nova Scotia, was found dead in the Falmouth House, Boston, on Tuesday afternoon. The room was permeated with gas. It is believed he committed suicide.

U. S. Senator Pritchard on Tuesday introduced in the Senate a bill to provide for the submission to popular vote at the coming election of 1898 of the free silver question, and the proposition that United States senators be elected by direct vote.

The New York striking garment makers held a mass meeting in Cooper Union Tuesday night. Meyer Shoenfeldt, the leader of the strikers, asked all present who favored a continuation of the struggle for the betterment of their condition to stand up and the audience arose in a body.

Hon. John C. Colsen, Republican nominee for county judge of Bell county, Ky., brother of Congressman D. D. Colsen, was shot and killed by John Dugan, saloon keeper, Tuesday night at Middlesboro, Dugan fled, but was captured after a skirmish. In all probability Dugan will be lynched.

The late J. H. R. Molson, of Montreal, left Fred Molson, his nephew, \$100,000; Harry Molson, another nephew, \$100,000 and some property; to McGill College, \$100,000. He also left \$10,000 towards the establishment of a crematory in Montreal. The estate is variously estimated at from \$1,750,000 to \$2,500,000.

The grand chief of the Sons of Scotland has issued a circular to all the camps throughout the country calling upon them to arrange for bonfires in their respective localities on the evening of June 22 in honor of the Queen's jubilee. There will be a chain of bonfires from ocean to ocean as the camps extend from Halifax to Vancouver.

Charlottetown Guardian: The people of Charlottetown have reason to expect good times this year, for if rumors be correct there will be many thousands in circulation throughout the city. There is to be \$50,000 spent on Messrs. Kattenbury's new pork packing establishment, and in all probability \$50,000 more spent on the new Cathedral. Then there is to be \$24,000 for the new wing for the Asylum for the insane, and \$20,000 for the erection of Prince of Wales College. This will be a boon to the people of Prince Edward Island, for money seems very scarce at present.

### Many Women Deceived.

At the present time many manufacturers of crude and adulterated package dyes are making lively efforts to induce the wholesale and retail druggists and grocers to buy their dyes. These common dyes are quoted at such low prices that some profit-loving dealers then take care to sell these adulterated dyes to the inexperienced and careless at the same price as the popular and reliable Diamond Dyes are sold for.

This iniquitous and deceptive work has caused a vast amount of loss and trouble to many in Canada, and will continue as long as women are foolish enough to take anything that is offered them.

If home dyeing work is to be a successful and money-saving work, every woman should see that she gets the Diamond Dyes, as they are the only guaranteed package dyes in the world.

### YOU ARE A VICTIM!

Medical Statistics Prove That Eighty Cases out of Every Hundred are Tainted with Catarrh.

Are you one of the eighty? Foul breath, pains over the eyes, dropping in the throat and headaches denote it. Have you these symptoms? Dr. Agnew's Catarrhal Powder never disappoints in a cure.

"For years I was a victim of chronic catarrh. I had tried all kinds of cures and had been treated by numbers of physicians, but no cure was effected until I had procured and used Dr. Agnew's Catarrhal Powder. The first application gave me almost instant relief, and in an incredibly short time I was absolutely cured of this distressing and disgusting malady." James Headley, Dundee, N. Y.

A company has been incorporated in Denver to furnish bail for prisoners in criminal cases.

### A God-Sent Blessing.

Mr. B. F. Wood, of Easton, Pa., was a great sufferer from organic heart disease. He never expected to be well again, but Dr. Agnew's Cure for the Heart was his good angel, and he lives to-day to tell it to others, hear him: "I was for fifteen years a great sufferer from heart disease, had smothering spells, palpitation, pain in left side and swelled ankles. Twenty physicians treated me, but I got no relief. I used Dr. Agnew's Cure for the Heart. One dose relieved me inside of 30 minutes. Several bottles cured me."

Vermont gained but 17,000 inhabitants from 1880 to 1890.

Itching, Burning Skin-Diseases Cured for 35 Cents.

Dr. Agnew's Ointment relieves in one day and cures tetter, salt rheum, piles, scald head, eczema, barbers' itch, ulcers, blotches and all eruptions of the skin. It is soothing and quieting and acts like magic in the cure of all baby humors; 35 cents.

The school committee of Boston has requested the city council to give it \$1,000,000 to be expended for school houses. It wants \$300,000 more to make improvements this summer in the ventilation and sanitation of school buildings and to provide better means of escape in case of fire.

Fabulously rich free milling ore has been discovered at Takush Harbor, 140 miles from Vancouver. The rock assays many thousands of dollars to the ton, and the specimens are far richer than any ever seen before in British Columbia.

## Take No Risks.

Do Not Foolishly Experiment With Medicines That Have No Standing or Reputation.

Paine's Celery Compound The Only Medicine That Cures and Blesses The Sick.

In matters of health and life no man or woman can afford to take risks or experiment foolishly. A wrong move, or following the advice of the careless or ignorant, may result in serious complications. This is especially true in regard to the use of medicines when people are in a low condition of health.

When the physical powers are impaired, when you are weak, nervous, irritable, despondent, sleepless or weighed down with that dull, and tired feeling that usually commences at this season of the year, it is wise and prudent to use the medicine that has given health, vim and activity to thousands of weak people in the past.

This safe, certain and health-giving remedy is Paine's Celery Compound which is now so extensively prescribed by the ablest doctors in Canada. The endorsers of Paine's Celery Compound besides those in the ordinary walks of life, are clergymen, lawyers, judges, members of parliament and bankers, hundreds of whom it has rescued from suffering and death.

Avoid the numberless liquid medicines that are worthless from a medical standpoint, and that have never gained the shadow of a reputation. Put your faith in Paine's Celery Compound, and when you purchase be sure you are supplied with the right article. See that the bottle and box bear the name "Paine's Celery Compound" and the stalk of Celery: this is the only genuine make—the kind that makes people well.

### Lagrippe Conquered.

DARTMOUTH, Sept. 24th, 1895.

MESSRS. C. GATES & Co., Middleton, N. S.

This is to certify that while living at Belmont, in Colchester County, about 17 years ago, I took a very heavy cold and had severe cough and an attack of Bronchitis, which reduced me very much—was very bad for a month, friends feared my going into decline. I procured some of your Bitters and Syrup, which I took and soon began to improve, and kept on gaining till I fully recovered. Five years ago I was seized with an attack of La Grippe, which reduced me so much that I could scarcely walk without falling over. I then took eighteen bottles of your Bitters and Syrup, which built me up and made me thoroughly well. We continue to use your medicine and never think of being without them in the house.

I am willing to make oath to the truthfulness of the above statement.

Yours very sincerely,  
HENRY ARCHBOLD.
