BETHLEHEM STEEL HELPS THE MARKET

By Its Action Stocks Derived
 Much of Their Strength
 and Wider Scope — Gains
 Among Steels and Equip-
 ments.

New York, Jan. 24—Stocks derived
 much of their strength and wider
 scope today from the action of the
 Bethlehem Steel directors, who late
 yesterday, declared the usual rate of
 dividends on the junior shares, albeit
 in modified form.

This unexpected move provoked ex-
 tensive covering of short contracts
 throughout the list, especially among
 industrial and equipment, finally en-
 compassing other issues, notably
 metals and those issues which have
 dividend prospects still a matter of
 act.

Traders saw fit to attach signifi-
 cance to the Bethlehem Steel incident
 because of the forthcoming meeting
 of the United States Steel Board, when
 the dividend policy of that corporation
 is likely to be determined for the cal-
 endar year.

No gains among steels and equip-
 ments ranged from one to two and one
 half points, coppers and shippings
 furnished advances, while rails of the
 investments class roved one to one
 and a half points.

Olds presented the more spectacular
 features, coming forward in the after-
 noon after the customary reaction of
 the morning. Mexican Petroleum
 made an extreme advance of seven
 points; Royal Dutch four, and others
 one to three.

Tobacco and Rubbers, the latter
 mainly automobile accessories, regis-
 tered gross gains of one to six points,
 the list as a whole being at its best
 toward the close of the day, when the
 local money committee intends soon
 to remove existing credit restric-
 tions. Sales amounted to \$90,000.

Bonds retained their recent irregu-
 larity, the Liberty division, including the
 Liberty division, tending lower while
 foreign issues hardened. Total sales,
 par value, aggregated \$147,000.
 Old United States bonds were un-
 changed on call.

MONEY COMMITTEE DISSOLVES TODAY

Was Created After First Lib-
 erty Loan to Stabilize
 Money Market.

New York, Jan. 23—The local money
 committee which was created soon
 after the flotation of the first Liberty
 loan, primarily to stabilize the money
 market, will cease to exist after to-
 morrow, according to a formal state-
 ment issued following a meeting to-
 day at the sub-committee on money
 of the Liberty Loan committee of the
 Federal Reserve Bank.

The decision was reached follow-
 ing a consultation with, and approval
 of, the treasury officials at Washing-
 ton, on receipt of assurances from the
 stock exchange authorities that "there
 is nothing to indicate the probability
 of a speculative movement which
 would absorb large amounts of money."
 It was thereupon decided by the
 money committee that control of the
 stock exchange committee of collat-
 eral may, for the present, be suspended;
 that this stock exchange requested,
 however, to receive daily reports of
 the borrowings of members until the
 next Liberty loan is placed, and that
 debate arrangements made with the
 large groups of New York banks to
 furnish loan until next Liberty is plac-
 ed, and that definite arrangements be
 made with the large groups of New
 York banks to furnish funds for stock
 exchange loans may now be termi-
 nated.

The amounts of funds placed by
 local financial institutions at the dis-
 posal of the money committee during
 its long existence, ranged from \$200,
 000,000 to \$500,000,000, according to
 unofficial estimates.
 Termination of this pool once more
 creates a free and open local money
 market, subject to the minor restric-
 tions which still apply to members
 of the stock exchange.

MAJOR SHARPE
UNDER ARREST

Formerly in Charge of Casu-
 alty Station at Kingston,
 Ont.

Kingston, Ont., Jan. 24—Major W.
 J. S. Sharpe, former casualty officer
 here, was brought to the city this af-
 ternoon in charge of a secret service
 man from New York, and is now un-
 der arrest at the Tete Du Pont Bar-
 racks. It is understood that as soon
 as General Wills, G.O.C., returns from
 Cobourg, Major Sharpe will be tried
 by court martial. While it is not yet
 known what charge will be brought
 against him, it is likely to be that of
 "Absent without leave."

It will be remembered that Major
 Sharpe disappeared last August, un-
 der circumstances which were in-
 tended to create the feeling that he
 had been drowned, and he was ap-
 peared only a few weeks ago in New
 York.

STRIKERS WORRY THE SOCIALISTS

Socialist Organ Points Out to
 Berlin Strikers Their Dis-
 loyalty.

Berlin, Thursday, Jan. 23, (By The
 A. P.)—The strike epidemic in Ber-
 lin, and particularly the strike of the
 electric, gas and other municipal
 workers, whose position enables them
 to extort compliance with their de-
 mands from public or private employ-
 ers, are beginning to disgust even
 the Socialist leaders. In common with
 the Bourgeoisie press, the Socialist
 Vorwarts points out the disloyal na-
 ture of the strike of the electric work-
 ers, by which hundreds of thousands
 suffered great hardships.

The employees of the city gas
 works, who were granted an eight
 hour day only recently, have now un-
 der a threat to paralyze the gas sup-
 ply, compelled the granting of a six
 hour day and an increase in wages
 amounting to 12,000,000 marks an-
 nually.

CLOSING STOCK LETTER.
 (McDougall and Cowans)
 New York, Jan. 24—The market has
 been strong all day today, the strength
 increasing in the afternoon and ex-
 tending to all departments. The rea-
 son ascribed for the advance was the
 probability of an announcement by
 the money committee late this after-
 noon that some modifications had
 been made in the restrictions on bor-
 rowing. While this was very vague
 interest which, in spite of the fact
 that it had been covering for the last
 two days, is still large, and it was
 their buying which advanced prices
 all around the line. As heretofore
 there did not seem to be much impor-
 tant buying for long account, the
 close was at or near the best prices
 of the day. Mexican Pete was the
 most erratic performer, declining
 early to 163 1/2 and then rising sharply
 some eight points.
 Sales 605,000.
 New York, Jan. 24—After a period
 of early weakness, due to continued
 liquidation and southern selling, the
 cotton market developed a better un-
 derstanding than has been in evidence for
 some days. Liverpool was a heavy
 buyer during early trading, absorbing
 a very considerable portion of the
 offerings. The fact that the market
 had apparently become overvalued,
 and that prices have reached a level which
 is attracting a rather better demand
 have had a favorable effect on senti-
 ment and while under existing condi-
 tions there is no general disposition to
 anticipate any sustained bull move-
 ment, there is a tendency to look for
 a further recovery.

Why Uncle Sam Turned Teetotaler

The unanimity with which the State legislatures have hastened to ratify the Eighteenth Amendment to the United States Constitution is a source of wonderment to many representative American newspapers. Thus to the New York Tribune it seems "as if a sailing-ship on a windless ocean were sweeping ahead, propelled by some invisible force," while the New York Times explains the mystery by suggesting that "prohibition seems to be the fashion, just as drinking used to be."

The nation-wide sweep of anti-liquor sentiment is accounted for by other well-known publications in more positive terms. The Pittsburg Gazette-Times declares that the abolition of intoxicants is dictated by "the deliberate judgment" of the American people and the Toledo Blade terms the movement "as remorseless as the rise of tides in the sea," yet the New York World characterizes it as "a most emphatic denial of local self-government."

 "The Digest" Gives You the Right News Perspective
 It not infrequently happens that reports of popular upris-
 ings, of grave decisions by the various great powers, and
 of other important events, printed in the newspapers of
 one day have to be considerably modified the next. This
 is inevitable, in view of the haste with which such news
 must be rushed to the presses. To obtain a really accurate
 account of history in the making time must be given for the
 verification of the facts, which often assume a vastly differ-
 ent form when viewed in their proper perspective. Such a
 perspective, insuring the absolute reliability of the details
 presented, is yours from week to week in the interesting
 articles on current events in THE LITERARY DIGEST.
 And these articles are not only dependable, they are impar-
 tial, written without a hint of bias and with the single pur-
 pose of recording the truth. Make a test of their quality
