AROUND THE CITY

LEAVES FOR NEW PARISH

Rev. Arthur P. Allen, of the Cathedral staff, left yesterday for St. John, where on Sunday next he will enter on his duties as pastor, in succession to Rev. W. P. Hannigan.

THE LADY WITH THE TAXI

"The Lady With the Taxi," has arrived in St. John, and in a class "gas wagon" is all ready to carry passengers. One at a time boys, and don't crowd.

MILL STREET CROSSING

A manganese diamond crossing reached the city yesterday to replace the one now in use on the Mill street crossing at the Union station. It will be installed immediately.

WITH THE POLICE

Officers McEllinney and McNamee, of the city police force have returned to duty after being on the sick list for the past few days. Police Sergeant Hastings, and Police Constable Gorman are still incapacitated.

TALKS OF THE ORIENT

"The Muddled East" was the subject of an address delivered by William Jessop, National Canadian Foreign Work Secretary for the Y. M. C. A., at the Foreign Work banquet held in the Y. W. C. A. Cafeteria at noon yesterday. Mr. Jessop drew on his twelve years' experience in the Far East for much of the interesting material he presented to his hearers.

BISHOP LEBLANC AWAY

His Lordship Bishop LeBlanc left last evening for Quebec, where he will attend the consecration of Mgr. M. J. J. Levesque, recently appointed Vicar Apostolic of St. Lawrence. His Eminence Cardinal Bevin will have as assistant prelate Bishop Chasson of Chatham and the Ordinary of Antigonish.

TO COMMAND NEW UNIT

Lt. Col. S. S. Skinner, M. D., C. A. M. C., and senior medical officer, will, it is understood, become the head of the D. S. C. R. in the New Brunswick district to be created when effect is given to the promise made by Hon. Dr. Beland, for the re-establishment of an independent provincial command of the D. S. C. R.

BAND CONCERT POSTPONED

Owing to the 62nd band having an engagement, previously arranged, it will be unable to render a programme on the King Edward band stand, King Square, this evening. It was also found impossible to substitute one of the other bands for similar reasons. It has been decided that there will be no concert tonight. The regular schedule will, however, be picked up on Monday night next. Speaking of these public concerns, Mayor McEllinney said that he would again request automobile drivers to refrain from touring round the square and sounding their horns during a concert as it proved an annoyance to hundreds of citizens who assembled there and on account of the noise are unable to enjoy the different musical numbers.

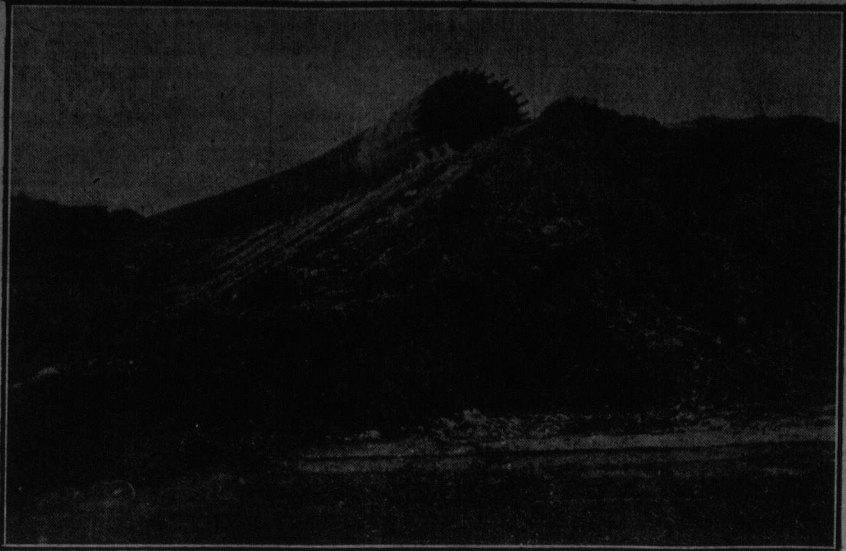

Rousing Meeting At Hardingville

Lieut.-Col. Harrison and J. Starr Tait Given Great Reception in New Polling District.

Marked enthusiasm in favor of the arguments advanced by the speakers characterized the first political meeting ever held in the new polling district of Hardingville, when Lieut.-Col. W. H. Harrison and J. Starr Tait addressed the electors of that place, last evening in the interests of the opposition candidate, Dr. Barton. There are altogether 72 voters in Hardingville, and a particular feature of the meeting was the fact that the attendance numbered 56. Robert Tait acted as chairman, and introduced the speakers of the evening.

Both addresses contained a strong message in favor of the opposition cause, and the arguments of the speakers made a telling impression on the audience, sustained applause being a frequent occurrence throughout the meeting. Not only were the speakers accorded a most enthusiastic reception while on the platform, but after they had left the hall, the audience gave vent to prolonged cheering for them.

SCENE OF SERIOUS DAMAGE AT MUSQUASH; HEAVY LOSS WHEN PIPE COLLAPSED

On Thursday last when a heavy flow of water was turned into the pipe leading from the gates to the Hydro Power plant at Musquash, the joints leaked so badly that the earth supports were washed away and the pipe collapsed.

At the time it was intended to test the machinery and have the power on before election day, but the disaster has not only caused the loss of a large amount of money, but the delay is regarded as rather serious.

It was a ten-foot diameter wood stave pipe supported by earth embankment. It was found that there was a breakage in the control gear which rendered the closing of the gate impossible and left the gate open.

When the pipe collapsed tons of water rushed in a deluge from the broken pipes tearing deep gulleys through the embankments.

Since the disaster many teams and men have been employed filling in the washed out space with earth.

The question has been asked, "If the above has occurred in a pipe line of a few hundred feet, what might happen to the other line of a mile and a half under construction?"

MISREPRESENTATIONS OF THE GOVERNMENT WERE EXPOSED

Hon. J. B. M. Baxter, M. P., Dr. Barton and F. L. Potts Deal With Misleading Statements of Speakers at Provincial Government Meetings—Ringing Call to Temperance Workers to Block Proposed Liquor Legislation.

The meeting held last night at Fairville in the interest of the opposition candidate, Dr. J. H. Barton, was well attended and the remarks of the speakers, Hon. J. B. M. Baxter, M. P., Dr. Barton and F. L. Potts, listened to with the closest attention. Mr. Potts, in dealing with the temperance issue called attention to the fact that it was up to women voters of the county to save the province from the infamy of enacting a law legalizing the sale of liquor for beverage purposes, in order that the provincial government might have more money to squander.

Robert Catherwood acted as chairman of the meeting, and in opening he made the prediction that after Saturday next Dr. Barton would write M. L. A. after his name.

Dr. J. H. Barton

The first speaker was the candidate, Dr. Barton. He said the government speakers during the campaign had been kept busy trying to explain why they had over-expended in practically every department, and why they had a deficit every year of their regime. He also referred to statement of Premier Foster's, made at a meeting in Beauséjour, where it was claimed the whole credit for the money saved by the refunding of bonds belonged to the present administration. This was just another instance of the way in which the government speakers were misrepresenting the facts, in order to try and win this election. The facts of the case were, and Premier Foster knew it for he had access to all the correspondence which should be on file in the office of the provincial secretary, Hon. J. A. Murray had been gun negotiations for the refunding of these bonds in 1916, and in March 1917, at the last meeting of the old Government before going out of office, a representative of Messrs. Kessell, Kenrick and Co., was present to close the deal, but Mr. Murray said, "this is a large transaction and I will leave it for our successors to complete, and the only credit due to the present administration was that they had common sense enough to conclude a good bargain made by their predecessors."

The government, he said, were very fond of telling what they were spending on the roads, but if they had spent a few dollars on the river wharves a bright young life would not have been snuffed out on Monday last, when a young girl was drowned because of the dangerous conditions of the wharf at Palmer's, and this matter had been called to the attention of the government more than once.

He also made a reference to the attempt of the government to buy the votes of people of Lancaster by starting work on the South Bay bridge when last winter they could not spend a cent to relieve the unemployment existing at that time.

Hon. J. B. M. Baxter

The next speaker was Hon. J. B. M. Baxter, who was given a most cordial reception by the audience. Dr. Barton said he was glad to be there to say a few words for his friend, Dr. Barton, a man who he believed when the votes were counted on Saturday next would be returned at the head of the poll.

The thing for the electors to consider at the present time was whether the Foster government had kept its promises and deserved their support. Judging from the result of the last provincial election the majority of the voters of the province did not think so, for they only elected one member of the members of the House, and he doubted if a general election was to be held now, if they could do that well.

ed to introduce a bill legalizing the sale of liquor for beverage purposes, said just that. The next thing to find out was who was responsible for bringing this to pass. When the Murray Government laid down the reins of office there was no thought of direct taxation, let alone any mention of it, so that it must be Mr. Foster and his party who had brought this state of affairs about.

They tried to make excuses and claimed there had not been as much lumber cut, and they had not received as much revenue last year as they expected. The first statement was true, but the latter was not. It was true they had not received as much as the year previous, but they had taken in \$210,000 more than the estimated receipts, and if they had kept their expenditures within the estimates passed by the legislature, would have been able to take care of the Valley Railway interest and still have a surplus. While they had taken this \$210,000 more than they estimated, they, at the same time spent nearly half a million more than they were authorized to do by the legislature, and this was what had caused the deficit. Of this amount Hon. P. J. Veniot, minister of public works, was responsible for \$246,000.

Hon. Dr. Roberts for \$13,000 and the forest service for \$300,000. This was the reason why Mr. Foster had said they must either go into the liquor business or place a direct tax on the people of the province. It was his duty as premier to check these over-expenditures, but he knew he dare not try to curb Mr. Veniot or that gentleman would wreck his government.

Dr. Baxter had something to say about the Valley Railway. This had been built with the consent of all parties, and he recalled the fact that Mr. Foster was a member of the first company formed to build this road, and a member of various delegations which had appeared before the Hazen government to urge its construction. He believed the Dominion government would be part of his duties at Ottawa to press for that action.

Mr. Foster was fond of claiming this was a Liberal government, but he (Baxter) did not think Dominion politics should be introduced into provincial matters.

In closing he made an eloquent appeal for hard work on the part of the electors from now until the close of the polls in order to roll up a large majority for Dr. Barton.

F. L. Potts

The chairman introduced as the last speaker of the evening, F. L. Potts. Mr. Potts said it gave him great pleasure to address a Fairville audience in the interests of Dr. Barton, a man who would well and worthily represent the county on the floor of the legislature. He dealt principally with the temperance question and urged the ladies present to see to it that they left no stone unturned to elect Dr. Barton and show Premier Foster that they would not stand for any tampering with the present provincial prohibitory law. He referred to the statement of Premier Foster last spring that he had a bill prepared along the lines of the British Columbia Act, and did not introduce it because he could not be sure of enough support to carry it, and warned them that if the government carried Kings and St. John this bill would be introduced at the next session and passed, and if it once went on the statute books it would stay there for a long time, for no government would repeal it. This was their fight, and it was up to the women who wanted to save the boys of the county from the curse of the rum traffic to get busy and give Premier Foster his answer on June 19.

The singing of the National Anthem brought a very successful meeting to a close.
