INFALLIBILITY.

DIAMOND RHEUMATIC CURE! witnesses, and McKay, the present member and respondent, has an equal num-

RHEUMATISM!

DIAMOND RHEUMATIC CURE!!

In its history, this invaluable Medicine occupies the most honorable position rossible for any remedy to attain. A few years since it was known only to the friends and neighbors and patients of the proprietors, and alw ys sought for by them whenever troubled with Rheumatism, and in this way came to the notice of physicians generally, and through their favorable expression, and is acknowledged value as a Rheumatic Remezy, the demand f r it became so frequent and urgent as to oblige its proprietors to increase their facilities for its manufacture. Its reputation rapidly extended, and soon orders, le ters of enquiry, letters of thanks, and certificates of praise were daily received from all sections of the United States and Canada; and in this way on a basis of mouth College is a clergyman 50 years old its merits alone—unaided by "tricks of the trade" or special efforts—it has risen to its present enviable position. Wherever introduced it has received the most flattering preference in the treatment of all rheumatic complaints. In this we are really greatful and happy, not alone because our medicine finds ready sale, and is, consequently profitable to us, do we say this, but because we open a new field in medical set roce, and cure at once what the medical practitioners have for ages found so difficult even to releve. We fill a place heretofore unoccupied. We relieve the suffering and Minister to God's poor: we restore the laboring man to the use of his in intend limbs, and save him scores of times its cost in doctor's bills; we carry contentment and gladness into the homes of the afflicted, and consequently are remembered by millions of grate-unisouls.

sequently are remembered by millions of grate ul souls.

The proprietor of this medicine has walked the aisles of the hospitals in Jondon, Eng., for the past twenty years, making Rheumatism a specialty, and the prescription from which this remedy is compounded is all he ever used in the treatment of this disease.

They have kissing Mars in lowa to the benefit of the churches—price ten cents a kiss. But it is not stated who is expected to pay the money—the lady or the gentleman. compounded is all he ever used in the int of this disease.
medicine is f r sale at all the druggists i Canada. If it happens that your drugi not got it in stock ask him to send for it

ALL IS LOVE. BYJ. G. HOLLAND. n all the crowded Universe
here is but one stupendous Word;
nd huge and rough, and trimmed and terse,
s fragments build and undergird
he songs and storie, we rehearse. here is no tree that rears its crest,
o fern or flower that cleaves the sod,
o bind that sings above its ne t,
ut tries to speak the name of God,
nd dies when it has done its best.

And this great word, all words above, including, yet defying all—
Soft as the crooning of a dove, 
As strong as the Archangel's call—
Means only this—means only love! NOTES AND NEWS.

NOVA SCOTIA. The Truro election case is now being tried. The petitioner has twenty-one

Capt. Chas. Robichau, who was stabbed by John Doggett, on Tuesday evening This statement is substantially a FACT based upon evidence in the possession of the agent, in the shape of numerous te-timonials from past sufferers, in all the walks of life, particularly from some of our most respectable citizens and trustworthy families. o far no answer has been received.

Mr. John Ross is going, it is said, to run for Victoria in the place of his bro-

suicide because old age was creeping over him, and the younger men were taking away his practice.

All sorts of fun is poked at the nomi nation of Ayer for Congress in Massachusetts. The Boston Globe says: "No ballots genuine without the signature of J. C. Aver & Co." Colored property owners in Georgia number 83.218, and the total amount of

their wealth is \$6,156,788. Their "stake in the nature of landed property consists of 338,769 acres." Dartmouth College has a student who supports himself by keeping a barber's shop. He lately learned the trade, and has the necessary furniture in his room in one of the College buildings. The students patronize him, and he succeeds

very well. At Salisbury Point, Mass., there are three churches, the minister of each rejoicing in the name of Wright. One lives in the upper part of the town, one in the lower, and the third at the mills; so the

people have dubbed their spiritual guides as "Upwright," "Downright" and "Mill-A large piano factory in New Haven has been fitted out with a novel system

of fire apparatus. In every twelve feet square throughout the building is a projecting water-spout with the end soldered shut. In case of a fire it is expected that the solder will be melted, and thus a flood

Mrs. Abraham Lincoln, being confined to her home in Chicago by nervous exhaustion, was unable to be in attendance at the ceremonies at Springfield in honor of the memory of her distinguished hus-band. She has been confined to her room for the past five months by severe illness, from which she is just now slowly recovering.

A great deal of interest attaches to the trial at Mobile of Col. Wetmore and other citizens of Sumter County. The suit is brought on the deposition of United States Marshal Hester that the accused had conspired to injure his person; but in opening the case it appears that subpens were issued a fortnight before the date of the alleged offense.

Official returns from Ohio do not differ from earlier reports in showing that the The Democrats elect their becretary of State by nearly the same majority that the Republican candidate received in 1872, and the Congressional delegation of 13 Republicans and 7 Democrats will be restricted.

aced by 13 Democrats and 7 Republi-Michael Shay sald on a San Francisco norse horse car, in the hearing of Conductor McKenna, that all conductors were thieves. Mr. McKenna prepared to vin-dicate his reputation. He took off his coat and hat and laid them in a corner, rang the bell to stop the car, and then pounded Mr. Shay into a mass of bruises as he hauled him from his seat to the plat-torm and thence to the street. Conduc-

tor McKenna's reputation for probity is now unquestioned. "The jaws, ' says a description of ossil fish found in Kansas, "are provided with three kinds of teeth; first, on the ed with three kinds of teeth; first, on the outer edge, a row of large, flat, cutting teeth, partially resembling those of a shark; next, some small, blunt teeth, placed irregularly; and finally, a third set of small sharp teeth, needle like in shape, forming a pavement." When an antediluvian went out to angle, and got a bite from that kind of a fish, he must have known it right off.

known it right off. What may be termed an incidental murder occurred near Kalamazoo, Mich. George Shaw and Thomas Doyle were fighting. Both had knives drawn, and, scrambling and struggling, they were rolling on the floor of the barroom. BLANK BOOK MANUFACTURERS.

SAINT JOHN, N. B., WEDNESDAY EVENING, OCTOBER 28, 1874.

one night, recently, a Detroit policeman, passing a certain house about ten o'clock, saw a man drop from a windo hand heard smothered cries inside. He seized the man for a burglar, but soon found that he had the owner of the house in his clutches. "Well," said the officer, "it looked suspicious to see you drop out of a window that way." "Well," replied the man, heaving a sigh, "when the old woman gets her dander up I ain't particular about what road I take to get out of the house."

In the Lady Washington mine, near Virginia City, a blast was arranged and

Virginia City, a blast was arranged and the tuse lighted. Two miners got into the bucket to be hoisted two hundred feet up the shaft, the fuse being long enough to give ample time under ordinary circumstances. In this instance, however, the accent was delayed by some enough to give ample time under ordinary circumstances. In this instance, however, the ascent was delayed by some disarrangement of the machinery, and the men were suspended in awful danger with no means of averting it. They laid themselves in the bottom of the bucket and awaited in terror the explosion. "It seemed like an hour" said one of them, but was really about five minutes. When the blast did explode the bucket was lifted several feet by the rush of air, and as it fell back with a violent shock a shower of shattered rock rained on the cowering miners. They were hauled up at length insensible with cuts and bruises, but they will recover.

IN consequence of the TOWN CLOCK require The national debt of England will be reduced during the present year by the after MONDAY, 26th inst., sum of £463,643 0s. 6d., being one-quarter of the surplus revenue for the year ending the 30th June last. It is proposed to call the infant son of

the Duke of Edinburgh the Prince of Feejee, inasmuch as the annexation of the Feejee Islands to the British Crown was almost simultaneous with his birth. Dr. Lyon Playfair, in his address before the British Social Science Congress, asserted, with a convincing reference to asserted, with a continuing relation statistics, that neither in Scotland nor in England have the results of the sanitary measures been distinct and satisfactory.

It is stated that an exceptionally large group of spots is now visible on the surface of the sun. They may be perceived with smoked glass without the aid of a telescope. According to Mr. W. F. Den ning of Bristol, England, the spots cover an area of nearly 78,000 miles. Prince Louis Napoleon, who will complete his studies at Woolwich Academy in February next, stands at present eleventh, and not swelfth, in the first class; but, despite all statements to the contrary, he has not yet decided upon the course he will take upon leaving the in-

"Which is Grant?" said a six-footed Texan, when the Presidential party was in the Indian Territory. The Chief Ma-gistrate was pointed out to him. He then took a good look at Sheridan, Augur, Babcock, and the rest, and exclaimed: "Gim me five dollars and I'll clean out

M. Guizot has left a will, in which he makes a profession of his faith. He says that he dies in the bosom of the Christian Reformed Church of France; that he has inquired, and even doubted, but that he has returned to the convictions in which he was cradled; and that he believes in God, and bows before the mysteries of the Bible and the Gospel.

In the first six months of 1874, 1,000

wild beasts were killed in the central province of India, for which 10,325 rupees (\$5,162.25) were paid as rewards. The total number includes 185 tigers and cubs, among which there was only one 'man-eater'; 366 panthers, leopards and cubs, 227 bears and cubs, 84 wolves and cubs, and 247 hyenas and cubs.

There is a trial pending in Paris which will do the Imperialist canse no good Prince Achille Murat has been obliged to appeal to the courts to obtain from his children £1,000 a year and £4,000 down to pay his debts. The Princes Louis, Joachim, and Achille, and the Princess Ann Murat, married to the Duc de Mouth. chy, resist this claim on the part of their

The London Times correspondent at Bombay telegraphs that it is estimated Bombay telegraphs that it is estimated that 2,000 persons were killed in the towns and district of Midnapore during the recent cyclone. The steamer Mary foundered on a voyage from Glasgow to Trinidad Ten persons went down with the ship. The remainder took to the boats, one of which, with five men, is supposed to have been swamped. The other containing two of the crew living and three dead was picked up by the steamer Horseguard from Odessa and the survivors were landed at Falmouth on Monday.

The cottage and grounds once the re-

The cottage and grounds once the retreat of Maximilian in Mexico are in ruins, adherents of the new Governmen thaving been allowed to pillage and de stroy as they chose. The establishment was once a brick cottage, overgrown with vines, and densely surrounded with guava and coffee. The grounds were left nearly as wild as nature had made them, with only enough of the interlaced branches cut away to let in light and air.

Maximilian and his consort lived there only a few weeks just previous to his

When the Swedish polar expedition was on its way to the north in 1870, the explorers discovered at Ovifak, on the south shore of Disko Island, large masssouth shore of Disko Island, large masses of native iron, of various sizes, np to twenty tons, lying in a small space among boulders of granite and gneiss. Specimens were brought home and distributed among the mineralogists of Europe, and the result of their analyses and investigations is that opinions are divided as to whether these blocks of iron came from the sky or the earth. It is somewhat remarkable that in the middle climate of Europe the specimens sweat a yellowish
