**AUSTRALIA'S LOVE
FOR PRINCE OF WALES**

**Senator Wilson Speaks of
Charming Personality.**

(Canadian Press Cable)

LONDON, Jan. 27.—"You can take it from me, Australia stands four square with the King," said Senator Wilson of Australia, before his departure for Canada, where he will break his homeward journey to negotiate a trade agreement with the Dominion.

Senator Wilson added that he had met the Prince of Wales in Australia and had told him a story about himself. A bushman who had seen the Prince was so delighted with his personality that he said to Senator Wilson:

"The Prince is a regular fine youngster. I would walk a hundred miles over broken glass to meet him."
