

No lasting solution of domestic problems
while world in disorder;
Canada added nothing to international mis-
understanding;
constantly promoted good relations.

9. Canadian people will unite in cause of freedom;

Prime Minister's life-long efforts to
preserve and strengthen national unity;
to weld diverse elements into a
single unified society;
in
our voluntary sacrifices/cause of
freedom should strengthen bonds which
unite us.

10. Steps taken in advance of Parliament -

Paramount duty of government: the defence
of Canada "strong, secure and united".
Not the same immunity from attack as
in 1914;

Shift in world balance leaves Pacific
coast exposed;

Preparations begun as soon as government
took office in 1935 -

Emphasis on coastal defence and
repulse of air attacks.
