A NOTABLE FEATURE

of the business written by The Great-West Life Assurance Company in 1906 was the remarkable number of applications from those already insured in the Company, proof positive of the claim that close acquaintance always means high appreciation of the Great-West Policies.

One old policyholder, after sharing in two profit distributions, recently placed a further insurance of \$20,000 with the Great-West, stating at the time that he did so by way of expressing his "entire satisfaction with the results under the old Policy."
