deliveries are out of the question. Lead is slightly easier, possibly due to speculative influences. Antimory is still advancing and supplies light. Prices of ingot tin, while unchanged, are said to be in buyers' favor. Payments are fairly good. ments are fairly good.

HIDES AND SKINS .- This market is extremely dull and quiet; some say that the present is the dullest season known here for years, a state of things which seems to be general. There are said to be in the neighborhood of 15,000 old hides in this market. We hear of a sale of selected weights at 51c. per lb. Lambskins are quoted at 35c., and pelts at 30c. Calfskins are also moving slowly even at the extreme low price. One tanner is reported as claiming that he can buy skins in Chicago cheaper than here. Tallow is moving fairly

Provisions.—Dealers can report a firmer feeling in butter, which ranges now from 15 to 16c. per lb. for choice. The warm weather has stopped receipts from farmers' waggons. Cheese is steady without change in price. At the Belleville Cheese Board on Tuesday last 2,401 boxes were disposed of at prices ranging from 87 to 9c. The total offered was 4,751 boxes, being the product of 37 factories. In hog products values are steady, with only a jobbing trade doing. Long clear quotes at 8½ to 8¾c.; hams, 11½ to 12c.; smoked backs, 12c. Breakfast bacon is now exhausted. Eggs are firm at 12 to 13c. with the demand slow, as is usual in the warm weather. Lard, $9\frac{3}{4}$ to $10\frac{3}{2}$ c. Evaporated apples are rather firmer at 6 to 64c.; dried are also in better shape at 31 to 4c., with no recent sales reported.

Wool.-Business in this department is anything but brisk. For the best fleece combing 20c. is the figure, and clothing wool is worth 22 to 23c. There are yet no sales on American account, indeed the enquiries from that quarter are almost nil so far this year. Some think that this is due to the fact that the American mills are not doing as well as usual. Extra is quoted at 28c.; a very fine grade might bring a cent more. In Old Country markets the feeling is Letter for fine wools.
