

SERMON BY BISHOP HAYES

AT DEDICATION SERVICES AT ST. PATRICK'S CHURCH, MONTREAL

On Sunday, July 11, St. Patrick's Church, Montreal, was the scene of perhaps the most impressive celebration that has ever taken place within its hallowed walls.

The stone which the builders rejected, the same is made the head of the corner." Pa. 117.

"The Church of God is essentially a builder for man's progress and enduring welfare.

Christ on a rock, the Church has a mission to spread on earth the kingdom of heaven.

The Church is pre-eminently constructive. Her very nature, her constitution, her destiny, excludes the elements of decay and destructiveness.

In her long and glorious history, the Church has never been known to tear down any beneficent institution that meant real and genuine progress in the march of humanity.

"Human genius, marvellous indeed in constructive ability and achievement, has been equally destructive of the very best things it has done.

"The Church ever builds for eternity, and only incidentally for time.

STARVATION REIGNS AT CURAZAO ISLANDS

BISHOP VUYLSTEKE TELLS OF DIOCESE IN GRIP OF FAMINE

From a land of famine to a land of plenty is the journey that Rt. Rev. M. G. Vuysteke, O. P., Bishop of Curacao, Dutch West Indies, recently made.

The islands are off the coast of Venezuela, which for three years have been in the grip of famine, a black, death dealing famine such as we pray to be saved from.

a two hours' journey is necessary for two buckets of water. If it were not for the way there would be help from Holland, and as it is the government is doing all it can.

"SAFETY FIRST"

"Safety First" Consists in Avoiding Risks There is the Risk of your death and the resulting stoppage of your income.

But there is the risk of your income being cut off or reduced through old age. And there is also the further risk that insurance moneys paid at your death to inexperienced dependants will be lost.

The Insurance and Income Policy of the Capital Life meets all of these requirements. It will provide:—

For your Beneficiary at your death—a fixed Annual or Monthly income over a term of years.

For yourself if you live to age 65—a fixed income over a term of years or for life.

And the premium is often lower than for ordinary policies and always moderate.
