

THE MOST IMPORTANT LESSON

*Cost of Heating and Ventilating
London (Ontario) Schools
from 1907 to 1911 (Five years)*

<i>Average cost per room</i>	\$	¢
<i>all systems but Pease</i>	54.44	
<i>Average cost per room</i>		
<i>Pease Systems</i>	27.75	
<i>Saving per room</i>	<u>26.69</u>	
<i>Or nearly</i>	50 %	

THE above figures were compiled from the regular Year-Books published by the London School Board for five years, and show the actual amount of cash EXPENDED each year for coal in all of the schools.

Just think for a moment what a tremendous amount this saving per room would amount to in your schools.

Pease Foundry Company, Limited
TORONTO
