

## **"Dominion" Wire Rope**

**"The Rope of Quality."**

The Quality of a wire rope depends upon the class of wire used in its construction and the way this wire is stranded together. All our ropes are made from the best quality of imported wire, specially drawn to our own specifications. Our years of experience enables us to specially prepare wire ropes for every possible rope condition, which will give the very best results and will suit the most severe tests.
