FLAVORING EXTRACTS

Makes Old Razors Shave Like New 50¢

No safety-razor can equal the good old-fashioned razor for easy shaving, if it is kept in good condition by regular honing—stropping alone is not enough. An expert barber has invented a home that makes honing easy. It prevents "wire-edge" caused by OVER-honing. You can take your dearest old razor and sharpen it on this Perforated Home.

THE HOME WITH THE HOLES

Just like you would sharpen your pocket-knife—back and forth, or round and round—any way you like so long as you keep it flat to the stone. No skill is needed; you simply can't go wrong. Those little round holes in the home trim off the roughness or "wire-edge," and leave a keen smooth edge that is a wonder even to barbers.

WHAT MEN SAY ABOUT IT

It made new razors out of my old discarded ones. Shaving is now a pleasure for me. —Milton H. Douglas, Bath, Maine. "I had an old razor I had had awhile. I could not get it sharp. Now it shaves as well as a new razor." —Rev. H. W. McArthur, Gainesville, Ga. "I have had up some old razors that wouldn't cut soft butter and they shave fine." —Robert Laking, Kearney, Ont. Thousands say the same.

the farmers with regard to the further development of rural banking credits; and that a conference should be arranged between the bankers and the farmers to discuss the following points: (1) The extension of the time usually granted for short term credits, so as to permit of the more effective and profitable production and marketing of grain and other farm products. (2) The provision of credits of sufficient duration for the feeding and raising of livestock. (3) The facilities that the banks would be prepared to give to co-operative circles of farmers who might pool their credit. (4) The extent to which banks would be prepared to recognize the additional safety thus provided by granting reduced rates of interest to such co-operative circles.

Mr. Brown was asked to make arrangements to have the Bankers' Association meet with the farmers for a little preliminary discussion, and the bankers came into the meeting at 4.30 p.m. on Thursday afternoon and spent an hour and a half with the Joint Committee of Commerce and Agriculture. Some matters that were discussed in the earlier stages of the meeting were placed before the Bankers' Association and they expressed themselves as very deeply interested in the matter. Mr. Musselman outlined some difficulties that had been experienced in Saskatch-

Everyone likes good dishes. They are one of the things that we must have, and pretty, up-to-date patterns on dishes of good quality are much more to be desired than just the ordinary common kind. Dishes are so easily broken that one has to keep adding continually to the household supply. For these reasons The Guide some months ago decided to offer dinner sets to our friends who wished to help us from time to time in securing subscriptions for us. We began giving away dinner sets late last summer and since then have sent out scores of them to all parts of Manitoba, Saskatchewan and Alberta. Copies of a few of the testimonials which we have received from some of those who have secured our dishes are printed on this page. They speak more eloquently than anything we can say. Read them.
