Another robbery took place on the 4th concession of Elderslie on Sunday morning. An old man named McTavish living alone on the farm owned by J. B. McArthur. Sometime early on Sunday morning the house was entered and a watch and a loaf of bread taken. The watch was about the only article of value that the thieves could carry off. This joke has gone far enough. There is evidently a class of settlers among us in these diggings who will have to be clutched and summarily dealt with.

Big Profits Small Investments

Retaining prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED can be made by our Systematic Plan of Speculation.

originated by us. All successful speculators operate on a regular system.

It is a well known fact that there are thousands of men in all parts of the United States, who by a systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money making pointers. ALL FREE. Our Manual explains margin trading fully. Highest references in regard to our standing and success.
