BIG POTATOES.

Mr. James Bailey who resides at 90 West Moira St. has been indulging in the popular pastime of backyard gardening with very satisfactory results. Last evening he dug some potatoes and was surprised at the fine development shown. Six of the largest tubers were weighed and tipped the scale at 3 lbs., 6 oz. The two largest weighed nearly two pounds each or 3 lbs. 15 oz. combined. While potatoes of that weight are occasionally produced in field crops under favorable conditions, it is very rarely indeed that the garden product reaches that exceptional size.

TRAIN TOUCHED AUTO

Mr. Adolphus Burgoyne's automobile, while standing on the west side of Pinnacle street, opposite the post office, was bumped by a train passing along the street last evening. Only the fender was damaged, and that only slightly. Mr. Burgoyne had just left the car to go to his garage to get some boards for a crossing, as the street at this point is impassible.

HYDRO FOR POLICE

Electric lights are being installed in the offices in the police station and in the cell room. The police have had gas hitherto and it is felt that the police and any prisoners in the building should not have to suffer from the heat of the gas in summer or any possible fumes. The light in the constables' office burns all

night.

NEW PASTOR COMING

The Rev. Dr. Solomon Cleaver, the new pastor of Bridge Street Methodist Church, arrives here on Thursday afternoon. He will preach in his new pulpit on Sunday next. Dr. Cleaver was formerly pastor of Howard Park Methodist Church, Toronto. He has been spending his vacation in Muskoka.

Rescued Child At the Park

Mr. George Belcher Jumps Into River to the Rescue.

Mr. George Belcher, caretaker of Belleville Parks, rescued a little girl at Victoria Park about two-thirty o'clock this afternoon. The child with another, was on the wall at the west side of the park looking at the water and lost her balance, falling over into the water. Fortunately the cries of herself and her companion reached Mr. Belcher who, rushing to the scene, jumped in and seized the child just as she was going down.

Did U. S. Soldiers Visit Belleville?

Some Believe That Sextette Were Here.

A quartette of four American dough boys and two girls wanted by the Montreal police are believed to have been in Belleville one night last week. Four young men in U.S. army uniform and two girls were in a restaurant here and at the time it was not known that there was anyone of the description wanted. Had it been so, an officer could easily have made the arrest. Later Belleville police had word to arrest the quartette, but the men seen here had gone. A Brockville despatch says:

The four men, dressed in American army uniforms, who accompanied the girls to Brockville on Tuesday last, and who escaped arrest by the Brockville police by departing from the town during Thursday night have so far avoided arrest. They are wanted in Montreal for the theft of \$70 from George Christie, 673 Wellington street, a storekeeper, whom they held up at the point of a revolver on Tuesday last after entering his store and calling for soft drinks. They met the girls in a Montreal restaurant and drove in an automobile to Vaudreuil where they boarded a train and came to Brockville.

The four men and two girls were seen frequently about town from Tuesday until Friday night when a message came to Chief Burke from Montreal requesting assistance in locating the party. Two men and the girls were located at Mr. Swain's residence, Brockville, while the two other men were rooming at Mrs. Welch's residence, 118 Perth street. The Montreal police department were advised that the party was sojourning here and when the Brockville police went to the residences to put them under arrest found that the men had "beat it" after the two at Mrs. Welch's residence had entered a bedroom and it is believed stolen two suits of clothes, the property of a Mr. Warren, a roomer.

The girls stated at police headquarters that they had last seen the men on Kingston bridge about 11 o'clock Thursday evening. It has been learned that on Friday they arrived at Oak Point in a Chevrolet automobile which they abandoned after securing a rowboat from S. Tilden, a resident of the summer resort, who is now minus his pleasure craft. The men were next heard of on Saturday at Rockport where they were seen rowing westward up the St. Lawrence.

At Brockville police court Saturday morning Annie Pike and Annie Nolan, the two Montreal girls who were arrested early Friday morning at W. R. Swain's residence, Perth street, on information from P. Belanger, superintendent of the Montreal police, were taken before Magistrate Page on a charge of vagrancy and remanded to the county jail for one week, or until an official arrives from Montreal to take them to that city.

Concerning the escape of the four

men the Ogdensburg News states:

"The local police were notified last night through the immigration department to keep watch for four armed and uniformed bandits who were reported to be making their way toward Ogdensburg. The four bandits are former Canadian soldiers. They robbed a store in Montreal and with two girls fled to Brockville. The police at Brockville were notified and the bandits escaped to Alexandria Bay. They were later reported near Theresa and then reported as headed toward Ogdensburg. It is believed they may attempt to again cross back into Canada farther down the river and try to lose their identity in Montreal or some other Canadian city. All government agencies at this port are on the watch."

"The four men carry heavy Colt revolvers and are said to be desperate. Reports from Montreal stated that they declared to friends that they would die rather than be taken."

"The Daily News called Constable Burke of Brockville, on the telephone at 11 o'clock last night and he stated that a report earlier in the day stated that several soldiers had been seen near Rockport. He said that if the men were sighted at Ogdensburg to notify his department immediately."

Entry List is Very Large

Belleville Fair Will Be Greater Than Ever.

The entry list for Belleville Fair is larger than ever for the week before the fair, stated Secretary R. H. Ketcheson yesterday. Indications point to a largely increased number of entries by Monday. The attractions will be more numerous than ever.

Exhibition A Success

No Doubt of Extent of "Made-in-Belleville" Show at Fair.

The "Made-in-Belleville" exhibition at the Belleville Fair has already reached an entry total of twenty manufacturers and by Monday, the opening day, it is expected the total will pass thirty. Every exhibit will be of some product of a Belleville industry. Seemingly, people in this town do not yet know the extent of manufacturing carried on here. The exhibition is being arranged very hurriedly this year, but it will give the public some impression of the local works. Next year something more pretentious will be staged.

The exhibition will occupy two hundred linear feet of floor in the main building.

Wedding Bells

O'BRIEN—FOLTZ.

A quiet but pretty wedding was solemnized this morning at St. Michael's Church by Rev. Father Killen when Hilda Veronica, daughter of Mr. and Mrs. Henry Foltz, was united in the holy bonds of matrimony to John J. O'Brien, son of Mr. and Mrs. Alexander O'Brien, Peterborough, Ont. The bride, owing to illness of her father, was given away by her uncle, Mr. Henry Logue, looked sweet and dainty in a handsome Empire gown of white satin with picture hat of tulle and ostrich, carrying a bouquet of sweetheart roses. Her sister, Miss Begonia Foltz acted as bridesmaid, looking very pretty in a frock of pale blue or gaudie with hat to match and carried a bouquet of sweetpeas. The groom was assisted by his brother, Mr. Fred O'Brien, of Peterborough, Ont. During the signing of the register a beautiful solo was rendered by Mr. Harold Barrett. After the ceremony the bride's party repaired to the home of the bride's parents where a very dainty wedding breakfast was served. The groom's gift to the bride was a handsome silver mesh bag, to the bridesmaid, a bracelet and to the groomsmen, cuff links.

Mr. and Mrs. O'Brien left on the C.P.R. for Rochester and New York. The bride's travelling costume was of dark brown drevytn with feather hat of brown and sand.

Upon their return they will reside in Peterborough, Ont.

The marriage took place at St. Thomas' rectory on August 18th of Mr. Henry Harris of 111 College St. and Miss Lizzie Connell of Scotland, the Rev. Ven. Archdeacon Beamish officiating. Mr. and Mrs. Harris have taken up their residence in the city.

ESCAPED FROM JAIL

While John Oates, governor, of Perth jail, was in Ottawa, in company with Chief of Police Griffiths, in search of Elphege Corneau, who escaped from jail in May, 1915, Fred Daughen, another prisoner, made his escape and is still at large. Daughen was recently sentenced to serve two years less one day for robbery at Perth, and was being held pending the arrival of a bailiff to take him to Burwash farm. Turnkey William McVeety was on duty at the time of the escape. Corneau, who was recaptured, was arraigned on a charge of jail-breaking, pleaded guilty and was remanded for sentence.

Messrs. Herbert L. White, Water-town, N.Y., and William B. Mullin, Brockville, landed a maskinonge Friday evening in the vicinity of American island. The fish measured 50 inches in length, 20 inches in girth and tipped the scales at 34 pounds. On Friday evening last week they landed a 25-pounder.

The plant and business has been taken over by Mr. Ernest Singer, a practical business man, who has been known to many in that vicinity for a considerable number of years past. LARGE TOMATOES AT KINMOUNT

Dr. Neelands, who has just returned from a business trip north, Saturday morning presented The Lindsay Warden with a large ripe tomato, which was grown by Mr. R. Smith, a Lindsay gardener at Kinmount. It weighs exactly one pound and was not selected from the garden, as it was quite dark when he plucked the big specimen. In fact Mr. Smith states that he has larger ones and that he has sold 100 baskets of them this summer.

Mr. Smith is also propagating an

early potato, the seed being secured from a plant that he blossomed early, the ground being strewn with the dead stalks. It will take a couple of years or so to propagate the potato. In one hill which Mr. Smith dug up on the spot he picked out over 20 potatoes, all a fair size. He proposes placing on obstructions on the new highway. These lights are of course placed there to avoid accidents; and their removal might have led to serious consequence. Fortunately it was a moonlight night and we have heard of no accidents through this piece of senseless folly.

NEWSPAPER HANGERS

The next time you happen to be in a hotel room—or even in somebody's guest-room—and wonder how you are going to hang up your new coat or your frock or blouse without ruining the lines, because nobody has thought of dress-hangers—remember about the newspaper hangers.

All you have to do is to make a long compact roll of newspaper folded in half, tie a bit of string, or falling any string, a bit of ribbon, around the centre of the roll and hang the roll up by a loop of string or ribbon. You have a very practical garment hanger, about fifteen inches long, which will support your frock, coat or blouse beautifully. Half a dozen of these hangers can be made in ten minutes.

CONVICT RELEASED

George Duncan, the Brantford policeman, who was sentenced in January 1919 to 18 years at the Portsmouth Penitentiary, has been released, and is now back at his home in Brantford.

While no information as to the release of Duncan could be ascertained, it is understood that in the charge of manslaughter, on which he was sentenced, Duncan acted in self-defence. The Department of Justice ordered the release of Duncan, on a special recommendation, which was not made public.
