MANY TRIBUTES
TO MRS. WALLACE

Leading Protestant Clergy of
Belleville in Funeral Ser-
vice

A LIFE OF SERVICE
Victoria Ave. Baptist Church
Hold Throng Who Mourn
Her Loss

Spontaneous tribute to the life, character and work of the late Ida Rodgers Wallace, wife of the Rev. W. Harris Wallace was paid on Monday afternoon at the memorial service at Victoria Avenue Baptist church. At the family residence, 248 William street a short service of prayer had been held by the Rev. Wesley Elliott of the Tabernacle.

The pulpit and communion rail of Victoria Avenue Church were banked with a wealth of flowers of the season for the service. A full choir led in the singing and a large congregation took part in the impressive service for the dead. The Rev. A. S. Kerr, of St. Andrew's Presbyterian Church officiated. Miss Laura LaVole at the organ played "The Dead March" as the funeral cortege entered the church.

After prayer by the Rev. A. S. Kerr the congregation sang and the Rev. D. C. Ramsay of John Street Presbyterian Church, read the Scripture Lesson, "Let Not Your Heart be Troubled." Miss Forman, Mrs. Doolittle and Messrs Kelly and New-some sang "The City Four-square."

The funeral oration was delivered by Rev. D. S. Cleaver, of Bridge St. Methodist Church. He told of her beautiful Christian life, not content with the name of Christian merely, but enjoying Christian service, teaching in the Sunday School and entering into all the activities of church life. Dr. Cleaver recalled meeting her about thirty years ago at Niagara and even then her life was marked by service. She spent her early life in teaching. Twenty-two years ago she had been united in marriage with Mr. Wallace. Devotion to the home, the church, visiting the sick and bringing comfort to homes in shadowed places were characteristics of her life.

Dr. Cleaver touched on the philosophy of death—its tragedy and its hope. Here, man sees it in its unfolding terror—the cords of friendship and love, broken. In early life it is easier to adjust oneself to change; but with the years the sense of loss is deeper and the scar is there until the end of life. But death does not end with tragedy—it is a triumph over physical agony, an escape from sorrow, it is reunion with friends, it is the end of the perplexities and misunderstandings of life, that separate friends, the soul is free and unrestrained without handicaps of lack of knowledge and opportunity.

Miss Eva LaVole sang "One Sweetly Solemn Thought." After the hymn "For All the Saints," Rev. Dr. Baker pronounced the benediction.

The remains were taken to the C. N.R. depot and thence to Toronto, where burial took place today in Mount Pleasant Cemetery, after service in Century Baptist Church, Rev. Dr. McNeill of Walmer Road, officiating.

Mr. P. C. MacLaurin accompanied the Reverend Mr. Wallace to Toronto, as mourner.

The bearers here were Messrs W. B. Riggs, F. H. Chesser, A. Blackburn, W. H. Merry, William H. Faulkner and Fred Cook.

Coldest Same Date in 32 Years
Black Vegetables Follow White Frost

Black beanstalks, black potato plants, black tomatoes, black cucumbers, and white frost were this morning mute evidence of a drop in temperature below freezing. The city's official thermometer registered as low as thirty degrees, two below freezing. The highest yesterday was 52 degrees.

In Prince Edward there was little or no sign of frost. West Huntingdon escaped.

The damage to fruits is not

thought to be serious. Gardens were the main sufferers. Hay is reported as having suffered considerably in last night's cold.

Strawberry plants, and even corn did not escape being nipped.

Last night was the coldest since the night of May 16th-17th, 1915, when the thermometer stood two degrees below, this latter temperature being the coldest since 1899.

OTTAWA, May 17.—The non-appearance of the expected head officials of the Dominion Coal Company and the Nova Scotia Steel and Coal Company, an explanation from the representative of the companies that they would be present at Saturday morning, carrying over the official ruling of the chairman, Dr. Michael Steele, of a motion authorizing the calling of witnesses as to the cost of coal in the western mines, a tentative threat of the chairman to resign and his refusal to put a motion featured a lively meeting this morning of the Parliamentary Fuel Committee. The trouble which commenced at a committee meeting yesterday when Dr. Steele ruled out of order a motion to call certain western operators, came to a head with the receipt of telegrams from eastern operators that more time would be needed to secure the information desired.

A motion to call the western men was eventually put and carried after some discussion.

Kingdom of God is at Hand
Says Speaker in Griffin's
Theatre

6000 YEARS COMPLETE

Declares That Passing of Jeru-
salem to Jews Proves His
Argument

Sunday evening in the Griffin's theatre, Walter F. Salter, the Canadian general manager of the International Bible Students' association gave an interesting lecture on the subject "The Resurrection at Hand," to a large audience.

What is Man?

While creeds and dogmas of men, including Mohammedism, Buddhism, Roman Catholicism, Protestantism, teach that man is an animal possessing an immortal soul, the Bible plainly teaches that man does not possess a soul, but is a soul, and that there is just as much difference between having a soul and being a soul, as there is between being an automobile and having an automobile, the speaker claimed.

After Adam's rebellion God turned his favor from him and his offspring, and set aside a span of time—6,000 years—in which man could learn the exceeding sinfulness of sin and gain some valuable lessons therefrom, he claimed. This he pictured as his plan in the Law, saying: "Six days shalt thou labor and do all that thou hast to do." That law, Paul tells us in Heb. 10:1, was "A shadow of good things to come," and Peter tells us 2d Pet. 3:8, that "A day with the Lord is as a thousand years." Thus God teaches us that man's great working week would be a period of six days of one thousand years each, and looking back, we see that man has labored hard, by every means in his power, apart from God, to gain life, but the sentence, "Dying thou shalt die," has rested heavily upon him and still rests.

From the chronology of the Word of God, the speaker claimed that 1914 was marked as the end of the Gentile times and therefore the time for the setting up of God's Kingdom. The first manifestation of this was to be wars, famine and pestilence, until the present order has passed away. (Dan. 2:44, 12:1-7, Matt. 24:1-15). These conditions now prevail, providing conclusively that 1914 did mark the end, that God's kingdom is now being established, and that means the resurrection is at hand, he stated. Further, Jesus said: "Jerusalem shall be trodden down by the Gentiles until the times of the Gentiles be fulfilled," and in accord therewith we see Jerusalem gradually rising in power again and the Jews flocking back to their own land.

By the end of the thousand years forth from the tomb, all will have come to a knowledge of God and the joys of righteousness, he asserted. Then mankind will have the final testing. Those who still prefer injustice, selfishness, and hatred, will be cut off in death, the second death (Rev. 20:14), from which there will be no resurrection, but those who prefer justice, benevolence and love, shall inherit the land and dwell therein for ever. (Psa. 37:29), and by that time the whole earth shall have become a paradise including the barren wastes of the North and South Poles. (Isa. 35, 66:1, 60:13), and then there shall be no more death, neither sorrow nor crying, for the former things shall have passed away. (Rev. 21:4.)

Sojourning Overseas.

Renfrew—W. R. Davis, editor of the Renfrew Mercury, who is now sojourning in the old land, Wales being his birthplace, is writing some very interesting letters home relating his travels through England, Wales and Scotland. He is a talented journalist, a veritable Lloyd George in his chosen profession.

Prevent Illness
Doctor's New Rule

Toronto, May 17.—Judging from the attitude of a number of speakers who addressed the Public Health Convention, which began its sessions in the Mining Building yesterday, the swing of the medical profession is to work for the prevention of disease more strongly than ever before, in the belief that the bulk of the sickness of today is unnecessary, and that a much greater service can be performed to humanity by preventing disease than by curing it.

The play "Nothing But the Truth," played by Albert College students in Campbellford under the direction of Miss Tuttle was well received. An exchange says:

The play entitled "Nothing but the Truth," given in the Opera House on Friday evening, by the Belleville Dramatic Club under the able leadership of Miss Jessie Tuttle, teacher of elocution at Albert College, was an unqualified success, each of the players taking his or her part exceptionally well, the whole being filled with humor and wit. The hall was crowded to the doors and the principal and staff of the public school are to be congratulated upon the success of the evening. It is seven years since the Public school has given an entertainment and a crowd of parents and children evinced the great interest in our Public School. CAMPBELLFORD TURNED THE TRICK

Belleville 0; Campbellford 3

These teams met on Saturday on the Pine street grounds. Campbellford brought down a strong team while Belleville was weakened by Johnson, Taylor and Gorman being absent. The visitors won the toss and gave Belleville a strong wind to face. From the kick off the home team pressed but Campbellford soon relieved and nice field play followed. Then the right wing forced a goal kick and from this play was quickly transferred to the other end. For a while Belleville was busy defending and Dickson broke away with Campbellford's first goal. The wind was strong and the visitors had the best of the game, half time ending with Campbellford leading by 1 goal to 0.

After the interval the home team was all over the visitors and Knott had hard luck with his shot going just over. Several corner kicks were forced, but with out result, and once Hickins struck the cross bar with a lovely shot. The Campbellford goalie was kept busy kicking out. After a while they took up the running and Blackwood hit the upright. Play followed in the centre until Blackwood again got through and scored No. 2 for Campbellford. The Belleville boys now tried hard to score but luck was against them. Grant and Knott had good shots kept out. A couple of free kicks was awarded Belleville but without any scoring resulting. Armstrong dribbled well for Campbellford and when checked by Summers passed to Dick-

son who scored again for Campbellford. Belleville was trying hard when the whistle blew leaving Campbellford winners of a good by 3 to 0. Arrangements are being made to play the return game in Campbellford, May 24th. Smith of Campbellford was referee and gave every satisfaction.

The Belleville players were as follows:

Knott, Morris, Summers, Wilson, Robinson, Grant, Hickin, Baldrée, Grant, Knott, Lancaster, Campbellford—Gay, Griffin, Smith, Prior, Smith, Beatty, Saylor, Dickson, Armstrong, Pontier, Blackwood.
