Feeling Between Urquhart and Victim

FREDERICTON, N. B., Nov. 1,-The !Irquhart, the Nashwaak boy charged

The witnesses examined were Phine Urquhart, prother of the deceased who swore the shooting was accidental; James McLaggan and James Lipsett, the latter two testifying to seeing the body at the scene of the shooting. The rend of the evidence so far has been to show that the shooting was accidental and that there was no ill-feeling or quarrelling between Urquhart and the victim.

Charles Craig was the first witness. He is sixteen years of age and lives about a mile and a half above Covered \_\_\_ Bridge, Nashwaak, and remembered Friday, October 16th. He was out hunting on the other side of the Nashwaak from his home and saw George Clarey, jr., and Chester Urquhart at what is known as Lipsett's Crossing. Chester Urquhart's brother, Johnny, was with him. The place is about a mile and three-quarters from Covered Bridge. He met them on the road going towards Cross Creek. Chester was carrying a 22 calibre rifle. The only other gun in the party was the one carried by the witness. After meeting the four boys walked up past the crossing, then turned and came down again, Chester to also state that he thought when the witness, who is some years older than the other boys, started and was about 25 feet ahead of them.
