

What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds, as their price is within the reach of all. 50c. box all druggists, or Peps Co., Toronto.

THE BARS WILL NOT BE RESTORED IN HALIFAX

Government Will Not Accede to Demand of the Liquor Men in Halifax

Says an Ottawa despatch of the 11th:

It is not expected that the Dominion Government will grant the appeals of the Halifax license holders for a new lease of life. The appeal was argued some weeks ago and was based chiefly upon the fact that the fees for the license year had been paid over to the city, which declined to return them, taking the ground that the prohibition enactment was not of its making. The decision of the Government has not been announced, but there is reason to believe that it will not restore the bars in Halifax.—Halifax paper.

Munition orders amounting to \$60,000,000 have been received and will shortly be placed in Canada.

Dominion Government Debentures 3 year 5 per cent, purchasable at any time, will shortly be introduced. This should prove attractive to the men of small savings.

JURYMEN ARE DISSATISFIED.

Some of the jurymen in Baddeck at the sitting of the Supreme Court held last week were evidently not pleased with that duty, and considerable grumbling was done over the amount allowed in payment of their services. The statement that was made that \$1 per day was the rate of pay and that such a sum was not sufficient to pay hotel expense. It is said that the Municipal Council decides the rate at which jurors are paid and it was thought that as the Councilors had voted an increase of pay for themselves on account of the higher cost of living they also should have increased the amount paid to jurymen.—Victoria News, Baddeck, C. B.

SOLDIERS ARE NEEDING

more Zam-Buk. They are asking for it in their letters home. They say that nothing takes the place of Zam-Buk for cuts, burns, blisters, sores, etc.

Pte. J. R. Smith of the "Princess Pats" writes: "Tell my friends, if they want to help me, to send some Zam-Buk. We find it very useful indeed, and we can't get too much of it."

Pte. Johnson, writing home, says: "Mrs. — has offered to send me a rug. Ask her to send some Zam-Buk instead. It will be of more use here than all the rugs in creation."

Nothing ends pain and heals so quickly as Zam-Buk, and being germicidal, if applied to a wound as soon as sustained, prevents all danger of blood-poisoning. The soldier who carries a box of Zam-Buk in his pocket will be saved much needless suffering. Don't let your friends go without.

FAST GROWING INTO A BATTALION.

At a recent mass meeting of the colored citizens of St. John, eight more men signed on for No. 2 Construction Battalion in which Lieut. R. R. McLean, of Moncton, is one of the active officers.

It is learned that No. 2 now has nearly two companies recruited in Ontario, while nearly two companies are in Nova Scotia and New Brunswick. If the scanty 16,000 colored population of Canada succeeds in raising a full battalion of 1,150 men, as seems very probable now, they will have set a record equalled by no other race in the country.

FATHER AND DAUGHTER LOSE THEIR LIVES

As Result of Fire at Homestead at Fairmont, Sask., Mother Made Heroic Attempts at Rescue

Fairmont, Oct. 11—Helen Frances, the three-year-old daughter of Rufus Cox, who died as the result of burns sustained when his farm home burned to the ground near Fairmount, Sask., yesterday, and in the Kindersley hospital this morning. Father and little daughter will be buried in Saskatoon tomorrow afternoon, the double funeral taking place at 2 o'clock.

Yesterday morning Mr. Cox got up at 4.30 and lit a fire in the kitchen range. Mrs. Cox, who was in bed with her two little children, aged 3-1-2 and 1-2 respectively, heard the screen door bang and almost immediately an explosion followed, the house filling with smoke and flames.

Getting out of bed, Mrs. Cox crawled through the bedroom window, which was on the ground floor, taking with her the youngest child. She awakened half a dozen men who were sleeping in a nearby granary and told one of them to get the other child out of the bedroom window. The flames were so fierce that they drove the man back, and Mrs. Cox herself got in and dragged the child out. It was then discovered that Mr. Cox was still in the house and he was brought out severely burned. He died a few hours later.

The little girl, Helen Frances, was not burned, but died as a result of the gas. Attempts were made to save her life by the use of oxygen sent down from Saskatoon, but the efforts of the medical attendants were unavailing.

The Mounted Police, upon investigation, discovered that previous to the fire, gasoline and coal oil cans were standing side by side in the house, and it is believed that Cox poured gasoline on the fire in mistake for coal oil. No inquest will be held.

Figures published by the Census and Statistics Monthly show the following decrease in live stock in Canada in 1916 compared with 1915: Horses, 5,464; milk cows, 63,501; other cattle 85,636; sheep, 73,561; swine, 297,228. These decreases are deserving the attention of producers and consumers as well. Prices are likely to be higher.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER
Buckingham, Que., May 3rd, 1915.

For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has raised their health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well!

225 SUBMARINES BUILT BY GERMANY

Geneva, Oct. 23, via Paris—Prince Von Buelow, former German imperial chancellor, recently informed a neutral newspaper man that since the beginning of the war Germany had constructed 225 submarines, says a despatch from Constantinople. The German naval authorities, the Prince is reported to have added are paying more attention to submarines than to battleships, and Austria Hun gary is doing likewise.

Holland Indignant.
Amsterdam, Oct. 23, via London, 5 p. m.—Dutch newspapers, are indignant over the Handelsblad that on Sunday a Zeppelin dropped a bomb near Gorkum (Gorinchem), 22 miles southeast of Rotterdam.

The Nieuwst Van Den Dag says:
"If German airships commanders had not displayed supreme contempt for the protests of the Dutch government this deplorable incident, which only by accident lacked serious results, would not have occurred."

The List Grows.
London, Oct. 23 4.45 p. m.—Lloyd's announces that the Norwegian steamers Rabbia, of 378 tons gross, and Rizoy, of 1,129 tons gross, have been sunk. The sinking of the Danish schooner Fritzemil and the Swedish bark Lenka is also announced by the shipping agency.

Another announcement by Lloyd's records the sinking of the steamer George M. Embiricos, a Greek vessel of 3,636 tons gross. Twelve of the crew are reported missing.

A telegraph clerk in an outlying district of the Soudan found the desolation getting the better of his nerves and telegraphed to head quarters:
"Can't stay here; am in danger of life; surrounded by lions, elephants and wolves."
The hard-hearted clerk at head quarters wired back:
"There are no wolves in the Soudan."
The next day the desolate one replied:
"Referring to my wire of the 16, cancel wolves."
