London, Aug. 16.-Gen. Kitchener reports to the War Office, under date of Pretoria, August 16, as follows: "French reports that Gorringe attacked Kritzinger's commando on August 13, north of Steynsburg, driving them north to near Venterspruit

In confusion. Among the prisoners are Commandants Erasmus and Cachet. The latter, who was second in command, is mortally wounded. French's other column is pressing the enemy northward.

"Fifty of French's scouts proceeding to join the column near Bethseda were surrounded in the hills by a superior force under Theron, and sur-rendered. One man was killed. A captain was dangerously, and three men, slightly wounded. The prisoncaptain ers were subsequently released."

#### The Boers Lost Heavily.

Durban, Aug. 16.—Details of the op-rations of Steinaker's Horse show that they have done excellently in Swaziland, patrolling from the Portuguese to the Swaziland border. Valu-able captures were made. The com-mand suffered considerably from the unhealthy nature of the country. A small British force evacuated

Bremersdorp, but took up a position near by. The Boers pursued them, but were repulsed. The Boers received 500 reinforcements, and then compelled the British to retire. The latter made a last stand ten miles away. The Boers, assisted by Swazis, captured three wagons loaded with rations and a Maxim gun. They afterwards burned Bremersdorp. The British lost four killed and fourteen captured. The Boers lost heavily.

### Clear of Commandoes.

Cape Town, Aug. 16.-As the re-solt of the recent operations, the Cradock district is considered to be clear of any large commandos. It is hoped that the Boers driven out of the district will be met by the columns operating in other districts.

#### To Attack Botha.

Durban, Aug. 16.-Lord Kitchener, with a strong force, is moving on Hondweni, on the border of Zululand, where General Botha is re-ported to have concentrated 4,000 Boers. An important engagement is expected to ensue.

British Capture a Boer Camp. Cape Town, Aug. 16.—A small col-umn of the Duke of Edinburgh's Sec-ond Volunteers and the Second Welsh Mounted Infantry made a forced march from Prieska, Cape Colony, and surprised a Boer camp at Middle-puth (Middle Drift?) Mole expects to go back, and will settle in Africa. London, Aug. 18.-The effect of Lord Kitchener's-or rather Mr. Chamberlain's-proclamation is not distinctly noticeable in South Africa. There are rumors of a renewal of negotiations between General Botha and General Kitchener, but these are probably fictitions, like the vagaries to look for a result of this kind when the proclamation allows several weeks in which the Boers can reweeks in which the Boers can re-concile themselves to the idea of sub-mission. Practical military men have little confidence in the efficacy respecting Mr. Kruger's letters of marque to privateers. The number of voluntary surrenders has not in-creased, but possibly it is premature of the proclamation as a peace-mak-ing agency, but admit that it will be useful to have a convenient date for another manifesto, withholding for another manifesto, withholding belligerent rights and changing the character of the military operations. Berlin, Aug. 18.—German women have begun a crusade against whisk-ers, and are filling the columns of the Berlin and provincial papers with warlike communications in-sisting that beards and moustaches must go, unless the men of the na-tion desire reprisals in the form of hoopskirts and long trained dresses. Francis Haby, the Kaiser's bar-ber, and the designer and keeper of the Imperial moustache, said to-day: "This talk is utter nonsense. One might as well ask the men of Ger-muny to wear rings in their noses as smooth faces. From time imme-morial the Germans have believed a whites. Mr. Kruger emphatically denied the existence of a Dutch comspiracy against British influence in South Agrica, and repeated his former statements about the genesis of the war. When asked regarding Great Britain's promises as to treatment of the Boers after surrender he said: "I know Great Britain's promises. You in Ireland ought to also know them. The British promise to lend us them. The British promise to lend us money to put things right. Then if it were not repaid our land would be taken. After expressing his firm convic-tion that God, in good time, would give the Boers deliverance, he re-marked: "Even now we could re-build our country, but to do so we is the monopoly of waiters, cab-drivers, butlers, and trench digbuild our country, but to do so we must have full independence." He emphasized the word "full.", When asked about farm burning and the concentration camps he exclaimed: "Why do they fight women and chilgers. "I fear these ladies have undertaken a hopeless task." "Why do they fight women and chil-dres? There are our own men to fight against. I do not believe the British people know what is being done in their name. If they did know they would stop it." Mr. Kruger said nothing had been definitely settled on the subject of a visit to the United States. Accord-ing to Mr. Redmond his appearance belies the idea that he is breaking up either mentally or physically." TO STOP ROOSTER CROWING.

Mr. Taillefer, counsel for Mrs. Delpit, has entered an action in the Montreal courts to obtain a separa-tion for Mrs. Delpit as to bed and board from Mr. Delpit, who is at pres-ent in the United States. A peculiar feature of the action is that in the application for separation as to bed, and board, Mrs. Delpit's attorneys have asked to plead for the same in forma pauperis. 38,28 22,779 150-7 19 017

issue a command that Mrs. Delpit get possession of her children. A few days ago Mr. Taillefer re-turned from New York, where he had been in order to get trace of the little ones. He has now a pretty good idea where they are, and there may be some interesting developments. It is the opinion of Mr. Taillefer that he will have no difficulty in getting the courts here to grant the separation Mrs. Delpit wants, seeing she can prove that her husband has aban-doned her, and is not contributing towards her support.
