BENEFITING AGRICULTURE

The excellent work being done by
Mr. W. H. Smith, B.S.A., is given
deserved recognition in the following
report, which appeared in the Brook-
ville Times.

Since Mr. Walter H. Smith, B.S.A.,
representing the Ontario Department
of Agriculture in Leeds and Grenville
became established in Athens, the in-
fluence of his good work in the inter-
ests of Agriculture has been felt in
many directions. The benefit of his
advice and practical instructions has
been enjoyed by a number of progres-
sive farmers in this section. One of
the recent features of his work has
been the short courses in judging live
stock held at Lansdowne on Dec. 6th
and 7th, and at Elgin on the 16th and
17th. These courses have been very
well attended there being from 100 to
150 persons present at some of the
classes.

The work is educational, not com-
petitive. Experts on various classes
of live stock, with animals in the ring
in full view of the audience, go over
the animal point by point, discussing
what is to be looked for in animals
representing the improved type of the
breed under discussion. Each person
in the audience is given the oppor-
tunity to look the animal over, and
ask whatever questions he desires.
The persons in attendance are then
asked to place them as they
consider proper. The expert places
the animal and discussion takes place
as to the reasons for placing given.

This course is modeled after the
short courses given at Guelph, and
are intended to afford an opportunity
for obtaining information on live
stock to people who for some reason
or other are unable to attend the
Guelph College. The course is free
of charge.

In addition to having live stock,
where it is desired seed judging is
taken up, and the various seeds are
exhibited to the farmers, and the ex-
pert seed man discusses what is to be
looked for in good seed, advantages
in using good seed, and other matters
pertaining to the seed question.

In addition to the short courses
which were held at Lansdowne and
Elgin, it is hoped to hold others after
the New Year. One at Easton's Cor-
ners, the date as yet has not been de-
finitely decided, but will be early in
January. One at Burritt's Rapids,
December 7th and 8th, and one at
Spencer's early in February, and
possibly a three days short course in
practical poultry keeping will be put
on at Brookville about the middle of
February, should conditions warrant
it.

CHARLESTON

Howard Latimer surprised his
neighbors by taking unto himself a
wife. The bride is a daughter of Mr
and Mrs Geo. Sterry of Lyndhurst.

Mr and Mrs Horace Slack were called
to Lyndhurst on Sunday last by the
illness of the latter's mother, Mrs
Joseph Danby, which resulted in her
death on Tuesday morning.

Mrs C. J. Slack and sons spent
Sunday at M. J. Kavanagh's.

Mrs M. Cox fell and broke three of
her ribs. Dr Harte is attending her.

Miss Agnes Cox of Morrisburg is
spending the Christmas holidays un-
der the parental roof.

A great bany attended the school
concert, at Glen Morris, which was a
decided success.

Mr and Mrs R. Foster are spending
Christmas at Smith's Falls.

DAYTOWN

Dec. 23, 1912

A very little more snow would make
everything more pleasant for Christmas.
E Carlen and family have left this
burg and have taken up their residence
in the Stevens neighborhood.

Jas Huffman and family and Mr and
Mrs Thos McGregor have returned
from their prairie home in Alberta.

Shirley Wood is home to spend the
holidays with his parents from Geneva
N.Y.

mother of Lyndhurst, died last Monday
We extend our sympathy to Mr Danby
in his bereavement.

AN APPEAL TO YOU

Dear Friend:—

It is an old story—wounded on a
journey—robbed—stunned by friends
—dying—when fortunately a stranger
whom Christ has immortalized, and
whom all the world loves, comes to
the rescue with his sympathy and
his money.

Not one man maimed, but hundreds
of poor unfortunate—robbed by a
wasting disease, so that health and
money are all gone—too often stunned
by friends who fear the dread disease,
Consumption—even Hospitals refusing
admission—dying unless timely aid
is given.

This is the story the Muskoka Free
Hospital tells for the Christmas sea-
son of 1912.

The Toronto News says that "Cure for
Consumption" is the only medicine in the world—is
filled with thousands of good Samaritans,
who like their namesake of old,

will claim a share in giving the help so
urgently needed to care for those poor
sick and suffering ones, and to extend
the work of providing for those seeking
admission.
Perhaps you know of one who might
have been saved and in whose memory
you will help to save some poor suffer-
er of today or to-morrow?
\$250 will maintain a bed for a year.
\$5000 will endow a bed for all time.
Will you help? Every dollar
counts

Yours faithfully,
W. J. Gage.

ELECTRIC RAILWAY SURVEY

The prospect for an electric railway
through this section comes and goes,
appears and then suddenly disappears.
Of course, Athens' position on the
famous loop-line never changes, but the
road that seems likely to first material-
ize is the Ottawa-Morrisburg line.
The Kempenville Advance of last week
says:—

Two hundred and seventy-four miles
of trackage to be operated by gas elec-
tric equipment is one of the features of
the Ottawa and St. Lawrence Electric
Railway, the survey of which is now
nearing completion. It is going to be
a system that will benefit the farmers
along the route, which will be from Ot-
tawa to Morrisburg, with several
branch lines.

The road is to be further extended
from year to year until the whole of
Eastern Ontario will be served by an
up-to-date standard service touching
all the towns and villages within a line
drawn from the city of Kingston to
Pembroke and from the St. Lawrence
river to Hawkesbury.

Local Items

Mrs Bottomley has accommodation
for young lady roomers.

Mr Gordon Thompson of London,
Ont., is home for Christmas vacation.

—We extend to one and all our hearty
good wishes for a very pleasant holi-
day time.—T. S. Kendrick.

The Rev S. Sheldon of Cornwall
will preach in the Plum Hollow
Church next Sunday morning at 11.

Miss Grace Richardson, elocutionist
of Brookville, has been employed to
assist in the Methodist S.S. entertain-
ment on Wednesday evening.

Mr Arthur Brown, after thirty
years service as public school inspector
in Dundas county, is to resign. It is
understood his successor has already
been selected.

The Rev W. Westall and family are
spending Christmas with Mrs West-
all's parents, and expect to return on
Saturday. Services in the Baptist
church on Sunday as usual.

Miss Anna Doolan, late graduate of
the Toronto Normal school and one of
the very successful teachers of Leeds
Co., has accepted a position on the
staff of the Gananoque school.

The regular meeting of the
Women's Institute will be held on Sat-
urday next at 230. A programme,
appropriate to the New Year, is being
prepared. Ladies, not now members,
are invited to begin the new year
right by uniting with the Institute.

Doing Something Different

This year, instead of giving your
boy or girl the usual list of Christmas
gifts, suppose you hand them a suf-
ficient sum to pay a course at Brookville
Business College. You'll not have to
wait long for an appreciation of your
good judgement. New term opens
Jan. 6th 1913.

Use Your Influence for
Concrete Roads

There's no need to point
out the advantages of
good roads.

The kind of good road,
however, is another
matter.

It used to be that there was little choice.
Macadam for the country and smaller cities was
the only material used. Then, twenty years
ago concrete was introduced. And for these
twenty years concrete has been proving
itself.

It is now acknowledged to be one of the
best known materials for roads or for street
pavements—to be as far superior to ordinary
macadam as macadam is superior to sand.

Estimating the Cost.

It is not the first cost of a road that deter-
mines its real cost; nor is it the first six months
of service that determines whether it's a good
road or a poor one.

The only sure way to find out what a road
has cost, is to add to the first cost all that is
spent for repairs in fifteen or twenty years.

Now, that's where concrete roads win
every argument—their first cost is practically
their only cost; they require little or no upkeep

cost. Concrete, instead of needing repair,
actually becomes stronger with age.

How You Can Help.

You can help your community to come to
a wise decision the next time the question of
roads comes up. Your influence will be a
factor in providing yourself and your neighbors
with thoroughly satisfactory highways.

We wish to convince you first—we know
that when you are "backed up" with facts
which we will gladly furnish you, you will be
able to convince your neighbors.

Make it your business to get these facts.
We have a special department which will
not only give you the facts, but will also
supply valuable assistance to any com-
munity desiring to build concrete
roads.
