 cattle that suit.

I. O. O. F.—All members of the Order are
 requested to meet at 9.30 on Sunday morn-
 ing at the I. O. O. F. Temple in order to
 attend the funeral of Bro. Chas. Ayres, of
 Wallaceburg. Free rigs will be furnished,
 and if possible brethren who intend going
 will leave their names with Bro. Joe North-
 wood at the temple this evening.

A police court information has been
 preferred against Lyman and Charles
 Bowers by R. H. Humphrey, for alleged
 assault. The trouble is said to have
 originated from a political discus-
 sion. The case comes before Judge
 Houston on Monday.

Charles Austin, the Noble Grand of
 Chatham Lodge, I. O. O. F., received
 the following telegram from Wallace-
 burg: "Brother Charles Ayres' fune-
 ral, one p. m., to-morrow. Brethren
 requested to attend. Signed, W.
 Bidden, Noble Grand." It is the inten-
 tion of the brethren to attend in a
 body, leaving here at 9.30, as per
 notice elsewhere in this issue.

AN AIRSHIP THAT

Can be Operated Successfully
 in the Air

Does up 2,000 Feet, Tacks and Steers
 Against the Wind—Also
 Makes a Safe Descent.

Friedrichshafen, Oct. 20.—Count von
 Zeppelin gave his airship another trial
 yesterday, and achieved a notable success.
 After rising, the airship remained poised at
 a height of 600 metres for three-quarters of
 an hour. It then made a series of tacks,
 and performed sundry turning manoeuvres,
 after which it was steered against the wind.
 It finally headed toward Immenstadt,
 where the inventor landed after a trip that
 lasted about an hour.

The King and Queen of Wurtemberg
 witnessed the trial from the deck of a
 steamer.

The airship carried four persons besides
 Count Zeppelin. When it rose the wind
 was from the north-east, blowing with a
 velocity of three and one-half miles. When
 the airship had attained a height of
 400 yards it described a circle, and then
 dove with the wind in a generally circular
 direction for about six miles. It then again
 described a circle, after which it made head-
 way against the wind, which was then
 blowing with increased velocity. Even-
 tually the airship descended with great
 ease and steadiness into the lake, and was
 towed to a wharf. The experiment was most
 successful. Its stability, equilibrium, and
 steering powers were excellent. It is gen-
 erally agreed that considerable progress has
 been made since the first ascent.

DOM PAUL HAS SAILED

Afraid of His Own Boers He Stole
 Secretly on Board a Dutch
 Warship.

Lorenzo Marquez, Oct. 20.—Mr. Kruger
 was taken secretly on board the
 Dutch cruiser Gelderland early yester-
 day morning. This vessel will take
 Mr. Kruger to Holland. The reason
 given for Mr. Kruger's embarkation
 was that he feared the Boers here
 would attack him. The feeling of the
 refugees against Kruger for feeding
 from the country is very strong. He
 left the governor's house in a hired
 carriage, accompanied by Dr. Hay-
 mann, the governor following in a
 private carriage. The party drove
 through the customs house, and em-
 barked from the customs pier instead
 of from the passenger jetty. It is re-
 ported that the Gelderland will sail
 to-day.

GOOD NEWS FOR VETS.

Land Grants in Nipissing to be
 Granted to Those of
 1866-70.

Ottawa, Oct. 20.—The veterans of the
 Fenian raids of 1866 and 1870 held a re-
 union and banquet at the Brunswick Hotel
 last night. In the course of the evening
 Col. J. P. McMillan, of Cornwall, announ-
 ced that the Government of Ontario had
 promised to give grants to veterans who
 had resided in the province. He said that
 he was on his way to Toronto to make final
 arrangements. He subsequently would go
 to St. Catharines. The grants were
 situated in Nipissing and comprised over
 10,000 acres.

STARTS WITH A COLD.

Catarrah is a Lingering Cold Which
 Refuses to Yield to Or-
 dinary Treatment.

Catarrah usually starts with a cold
 in the head, and if left unchecked, it
 spreads from one part to another lined
 with this same membrane. This is why
 catarrah in the head soon effects the
 throat and finally the stomach itself,
 bringing on chronic catarrh of the
 stomach, which is a most obstinate
 form of dyspepsia.

Everybody is now well agreed that
 catarrah is a blood disease and not a
 local one, and the attempt to cure by
 local applications simply gives tempo-
 rary relief from the purely local sym-
 ptoms without the remotest effect in
 staying the progress of the disease.

There is a new preparation recently
 offered to the public that is appar-
 ently destined to do away with every
 other form of catarrah treatment.

This new remedy is not a secret
 patent medicine, but is a large, pleas-
 ant tasting tablet composed of Sau-
 garina, Eucalyptol, Gaiacol, Hy-
 draotin and other valuable and harm-
 less specifics, which are taken inter-
 nally, and seem to have a remarkably
 beneficial effect upon the blood and
 mucous membranes, apparently elim-
 inating the catarrah poison from the
 whole system.

These tablets while being pleasant,
 convenient and absolutely safe to use
 have made cures in long standing cases
 of catarrah that are little short of
 marvellous. They are sold by drug-
 gists under name of Stuart's Catarrah
 Tablets, and any catarrah sufferer who
 has tried inhalers, lotions, ointments,
 salves, etc., and realized their incon-
 venience and uselessness, will fully ap-
 preciate the good results of Stuart's
 Tablets, and a permanent cure
 after giving Stuart's Catarrah Tablets
 an impartial trial.

All druggists sell them at 50 cents
 for full sized package and no matter
 where the catarrah is located, in the
 head, throat, lungs or stomach, Stuart's
 Catarrah Tablets will surprise you
 with the effective results of even a
 few days' use.
