Her Life was Despaired of Subject t Fainting Spells and Heart Trouble-Doctors Said Recovery was Impossible A Wonderful Story. From the Glangow Echo. The case of "Little Nell," whose min

aculous cure was reported in the news papers, with a subsequent letter from the five. Samuel Harding, is but one is a series of similar cases in Glasgow. The latest is that of Miss Liggie Duncan, a young woman who has been statche back to life. She was in what is terme a "decline"—wasting away by inche before the eyes of her parents, and he sad condition seems to have been known hen she was found to have escaped th when she was found to have escaped the threatened death, and to be, apparently) as well as anyone in Glargow, a tremendous impetus was given to the prevalent talk, and an Echo reporter was directed to make a searching investigation, with the result that this strange story was entirely confirmed. Arriving at 208, Stirling Road, the re-

the words her whiteness become like that somke that seemed to some from the very infernal regions, and the huge vats containing hundreds of gallons of heart disease. When he saw her again heart disease. When he saw her sain the decire was sometimed to make men drunk, and the hard course were said the decire. the words her whiteness become like that sn heard disease. When he saw her eaging heard disease. When he saw her eaging he had grown worse and the doctor said, "The poor lassis is very far through." We'expected that poor Lizzis would not live long. There was no color in her face. She was wasting away, her cheek bones sticking through esthough to fit all tears came into though they would break the skin. Her arms and legs were just bones. The doctor said, "Lizzie may stand the winter, but if she does that will be all." One day, however, I chanced to read of sworal cases in which dying persons had been restored to life by a new scientific method—some pills, not like other medicine, but altogether of extraordinary virtue, called Dr Williams' Pink Pills, for Pale People. I said to my husband. "In the name of God, let's try Dr Williams' Pink Pills, Well, before the first box was empty there was an improve exact. She was weared and who the contents of his glance at our white rib box was empty there was an improve evolence of his glance at our white ri ment. She persevered and when she bon, as we pare his doors. "Ah, yes, M Saloonkeeper," flashed out of my soul' darkness with the life of a great search of Glasgow, though at one time she was a living skeleton. You can ask and correct the neighbors," said Mrs Duncan in conclusion, "or any person in the street will foreign land and all at once caught sig

The Reason why.

Milverton, Sept. 24.—John Riley, a farmer living near here, is able to do his farm work right along now, as melhing be could net to for years. The reason was he had a had form of kidney disasses which set in about to reverse to the set in about to the years ago, and gradually grew worse. Latterly Mr. Riley was at times unable to lie in bed on: to stoop to the ground because of his kidney troubles. Now he can rake hay in the meadows, follow a plow or handle a reaper with any man in the country. The cause of the wonderful change is nothing more than Dodd's Kidney Fills. Four boses effected a complete cure of Me. Riley's kidney disease. These pills slavays cure.
