COMMUNISTS IN BRITAIN

UP TO recent weeks Britain has taken little or no action in respect to the Communist agitation and propaganda being carried on in her midst. Scotland Yard has known all about it for a long time past and it has kept the treason and sedition that is being preached under observation. Britain as in all such cases, is unwilling to indulge in repressive measures. There has been an inclination not to make martyrs so as to provide cheap advertisement for a cause. In the matter of the Communists, however, there are few of them who are aspirants for martyrdom. The practitioners of Moscow methods do not bear this ingredient in their fortitude.

Britain is now taking active steps to put an end to the propaganda of the cult because public opinion is becoming aroused. It is well that the law should intervene before the citizenship of the country takes law and order in the matter of the Communists into its own hands. There are evidences accumulating that the country has grown tired of providing hospitality for Revolutionary Communists. The constant reiteration that everything should be overthrown by force, that Christianity should cease, that the Constitution should be wrecked, that naval and military discipline should become by-words and that authority should be vested in the hands of Soviet emissaries, at first amused, but now it nauseates the people of Britain. They are slow to move in matters of this character, but there is always a point which is reached when the illegality of force or violence in contradistinction to constitutional agitation must be emphasized. That point has now been reached in Britain. The crescendo of Communist propaganda has grown in insulence so that the time has arrived when it must be checked.

ADVERTISE NOW

AT THIS season of the year, perhaps more than at any other time, it behooves local merchants to advertise in the home newspaper. The quiet summer months have passed, and the cooler weather puts a "snap" into business as well as into the individual. Advertising revenue is of course all important to a newspaper which endeavours to keep up a satisfactory news and feature service—both of which entail much expense—but it would be safe to say that it is equally important in the merchant's own interests that he advertise his goods. A merchant cannot expect to sell goods when he leaves the public in the dark as to the extent and quality of his stock.

Does advertising pay? It has taken a long educational campaign to prove that it does—but it has been definitely proved. There is hardly an article in use day by day with which there is not a maker's name associated with it in the minds of the buyers. And this is a direct result of newspaper and magazine advertising. A contemporary has pointed out that when a man, for instance, wears an advertised collar, an advertised shirt—when, in fact, every article of his apparel has been advertised in some shape or form, it is surely proof that advertising is now accepted by all progressive business men who have something worth-while to sell.

ADOPTED WOLFVILLE'S PLAN

BY AN amendment to the Town's Incorporation Act passed at the last session of the legislature the term of election of Mayor in all incorporated towns in Nova Scotia has been extended from one to two years. This is in accord with the policy pursued in Wolfville from the first. It has been an unwritten law always followed when possible that a man elected to the head of our civic affairs should hold the office for two successive terms. The policy has been found a wise one here and we have no doubt but that the new order will work out to the advantage of civic conditions generally.

FINANCING THE V. O. N.

IN SPITE of the generous support given by citizens the Executive of the local V. O. N. finds the financing of the affairs of that useful institution rather strenuous. The Council has annually made an appropriation of three hundred dollars towards the funds, and while this has been a great help it has scarcely proved adequate to the demand. It is refreshing to note, in this regard, that at a public meeting called for the purpose, the ratepayers of Kentville approved of a resolution to grant the sum of \$1250 a year to help defray the expense of a Victoria Order Nurse.

PEOPLE OR PARTY?

THE difference between newspapers of fifty years ago and those of today is that old-time editors were interested in parties, while modern editors are interested in good government. In Ho ace Greeley's day, political parties could count on their newspapers through thick and thin. Today, except in isolated cases, political parties must earn newspaper support. The newspaper has become the mouthpiece of the people rather than the mouthpiece of the party.

ELECTION FORECASTING

PARTIZAN newspapers in this province which are profuse as well as decided in their declarations as to just what the result in the coming elections will be should recall that in the late provincial contest some of their number made very bad guesses. THE ACADIAN made no such forecast then and had nothing to explain after the votes had been counted. It will pursue a similar policy in the election that is soon to be held. We shall see what we shall see.

A MIRROR

WOLFVILLE is just what you make it. If you don't like the town, you will probably find that the town doesn't like you. But if you have the right attitude, then you will find the community friendly. It is a mirror in which you will find a reflection of your own disposition.

WE FAIL to see how some people are to be able to observe the half-holiday which has been arranged for Oct. 29th. It will venture to say, be a rather strenuous time. How would it do to have the half-holiday the following day?

ONE OF the expenses of our governmental systems is the cost of elections. It is stated that the coming federal contest will involve an expenditure from the public chest of over two million dollars.

ARE FISHERMEN'S RACES OVER?

(From the Boston Post)
The Post representative who went to Gloucester the other day to look into the status of the fishermen's international races—an experienced writer and observer of these events—found that there would be no contest for the Halifax Herald cup this year, and expressed serious doubt that there ever would be again.

This would be a sorrowful ending of what started out to be a picturesque and thrilling battle of fishing schooners for the blue ribbon of speed plus endurance and power. For the public they seemed to have the tang of the salt water, the Yankee-Canadian point of view as to what was what in fishing and that sporting rivalry that should exist between contenders of two different nations. And for a brief time those were the qualities that were in evidence. Only brief, however.

For very soon fishermen were designed and built solely for speed. Great artists in yacht-planning were called in, especially on this side, and the thing became flavored with something that never should have been given it. Thousands of dollars were spent upon new boats and their maintenance, to say nothing of grooming them for the races. When it is authoritatively stated that \$100,000 would be needed to finance a race this year, our readers may get some idea of the way money has come to figure in the events.

It is this species of professionalism, of "yachtsmen's rule" and of financial expansion beyond all sensible limits that have "put a crimp" in the races; have given them a blow which they may not survive. It is all the worse from the fact that such a result might easily have been avoided.

But the same Post writer finds some in Gloucester and Halifax as to the spring of the contests demands these three things:

First, the rules have got to be changed. Instead of a couple of boats groomed like somebody's private yacht the international fishermen's race ought to be two fishing boats; as they go to the banks.

Second, some provision for financing the races so that the owners and their crews will not lose money has got to be made.

Third, the fishermen themselves will have to have more voice in the making of the rules and the regulations. They resent being dictated to by those they term "yachtsmen" and "land sailors". Of course there will always have to be outsiders on the rules and the race committees, if the sport is resumed, but the fishermen will demand, and must have, more voice.

Those conditions need not be impossible. In fact, they are just the things that should be easily possible. The sponsors of the contests on both sides should hail them joyfully and say: "Now let's return to first principles and have races for working fishermen and not for yachts slightly scented with fish." Lovers of real sport will hope that this idea will prevail.

KINGS COY BAPTISTS HOLD ANL MEETING

WATERVILLE, Sept. 30.—The annual meeting of the Kings County Baptist District held at Grafton section of the Grafton Baptist church on Monday and Tuesday. The first session was held 3:30, when Rev. H. H. Phinney, of Greenfield Village, conducted a song service. Pastor J. A. Beye, of Avonport, noted an after meeting.

Tuesday morning, in the absence of the chairman, the District, Rev. A. H. Saunders, of Middleton, Rev. G. R. T. Ayling, of Grafton, and Rev. David Prior, of Somerset, were invited to seats in the District.

The following officers were elected for the ensuing year:
Chairman—Rev. George R. T. Ayling.

1st Vice-Chairman—Rev. W. G. Hissler.
2nd Vice-Chairman—Rev. H. E. Allaby.

Secretary—Pastor J. M. Blesedell.
Addition to Executive—Revs. H. H. Phinney, G. W. Schurman and Lic. J. A. Beye.

The resolutions for Denomination Funds were presented and adopted, each church being requested to make it 100% vote of sympathy was ordered sent the retiring chairman, Rev. A. H. Sanders.

A feature of the morning program was the devotional period led by Rev. G. W. Schurman, when he gave a splendid exposition of the doctrine of "Regeneration". Rev. Mr. Schurman is a past master exposition and is always enjoyed.

The story of the county presented their own plans for evangelism and the "Policy growing out of those Plans" was presented by Rev. H. E. Allaby, of Berwick. His analysis was that the best plan would be earnest and consistent evangelistic preaching coupled with definite personal work conducted by individuals.

At an afternoon session Rev. W. D. Wilson, of Moncton, presented the needs of the Maritime Home for Women almost completed in Moncton. He stated that about \$5,000 was needed for furnishing and appealing for the churches to become responsible for some particular rooms in the building.

"Opportunities for Evangelism in the Sunday Schools". The devotional period of the afternoon was conducted by Rev. I. T. Wright, of Halifax, who spoke of the Christian's responsibility. At 3:30 the Women's Aid Societies held their session. The chair was occupied by Miss Irene Rand, County Secretary, and on the platform with her were Mrs. G. W. Schurman, Mrs. G. R. T. Ayling and Mrs. A. J. Prosser. After the reports of the various societies were heard, Mrs. A. J. Prosser gave an address on the value of Acadia to the Missionary Aid Societies and the missionary work.

The song service and Rev. O. N. Chipman, of Port Williams, preached a stirring sermon on the "Call of the Master". This was followed by an after meeting led by Rev. H. H. Phinney. This brought to a close a very successful District meeting. It is expected the next one will be held in Cambridge.

It is fortunate for the average man that he doesn't have to pay in cash for the advice his wife hands him.

The Farmer's Wife Should Have a Bank Account

Better Live Stock means a Bigger Bank Account

ON most farms the hens and other poultry are the special care of the farmer's wife, and the money that comes from this source is regarded as her own.

This money, if deposited regularly in a Savings Account, will soon grow to a considerable sum. Several hundred dollars in the Bank will give a wonderful feeling of security.
