

**INDIGESTION CURED
EVIDENCE IN PLENTY**

Your Neighbors Can Tell You of Cures by Dr. Williams' Pink Pills.

Every case of indigestion, no matter how bad, can be cured by Dr. Williams' Pink Pills. Not only cured, but cured for good. That's a sweeping statement and you are quite right in demanding evidence to back it. And it is backed by evidence in plenty—living evidence among your own neighbors, no matter in what part of Canada you live. Ask your neighbors and they will tell you of people in your own district who have been cured by Dr. Williams' Pink Pills of dizziness, palpitation, sour stomach, sick headaches, and the internal pains of indigestion. Dr. Williams' Pink Pills cure because they strike straight at the root of all stomach troubles. They make new, rich, red blood and new blood is just what the stomach needs to set it right and give it strength for its work. Mrs. Geo. E. Whitenet, Hatfield Point, N. B., says: "I am glad to have an opportunity to speak in favor of Dr. Williams' Pink Pills, for they deserve all the praise that can be given them. I was a great sufferer from indigestion, which was often accompanied by nausea, sick headache and backache. As a result my complexion was very bad and I had black rings under the eyes. I took a great deal of doctor's medicine, but it never did more than give me the most temporary relief. About a year ago I was advised to give Dr. Williams' Pink Pills a trial. Before I had taken a couple of boxes I found relief, and by the time I had used a half dozen boxes I found myself feeling like a new woman, with a good appetite, good digestion, and a clear complexion. I can strongly recommend Dr. Williams' Pink Pills for this trouble and advise similar sufferers to lose no time in taking them.

Dr. Williams' Pink Pills cure all the troubles which have their origin in bad blood. That is why they cure anaemia, indigestion, rheumatism, eczema, St. Vitus dance, partial paralysis, and the many ailments of girlhood and womanhood. Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

FOREIGN POLICEMEN.

London Bobbies Carry No Clubs—Hoods for French Police.

London patrolmen carry no clubs. Attached to the middle of the belt behind is a dark lantern. The cuffs of their coats have vertical stripes, blue and white, signifying rank and distinguished service. During the frequent snows and rains they wear little waterproof caps. Their silent regulation of street traffic by hand signals is a realization of perfection.

In Paris the ordinary patrolmen wear blue caps and coats and in summer white duck trousers. They carry short swords, says the Travel Magazine, rather as an emblem of authority, but in extreme danger use the flat side as a club. In a downpour of rain the Paris policeman hangs his cap on a hook in the back of his belt and draws over his head the hood of a short blue cape of heavy cloth.

This hooded cape is called a capochon, and in its longer form, reaching to the knees, is used by civilians as well in cold or rainy weather. Accordingly at such times the streets of Paris seem to be alive with cowed monks.

Recently the London plan for controlling vehicles has come into vogue successfully on the Paris boulevards. The policemen detailed for such duty wear white gloves and signal with white clubs. German policemen wear helmets and have a distinctly martial air.

KEEPING CHILDREN WELL.

Every mother should be able to recognize and cure the minor ills that attack her little ones. Prompt action may prevent serious illness—perhaps save a little life. A simple, safe remedy in the home is therefore a necessity, and for this purpose there is nothing else so good as Baby's Own Tablets. They promptly cure all stomach and bowel troubles, destroy worms, break up colds, make teething easy and keep children healthy and cheerful. Mrs. Jos. Levesque, Casselman, Ont., says: "I have used Baby's Own Tablets and have always found them satisfactory. My child has grown splendidly and is always good natured since I began using this medicine." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

EVERYBODY TO FLY

Aerial Passenger Service Begins Next Spring.

The managing director of the Zeppelin Airship Construction Company, Herr Colmann, in a lecture at Strasburg, Germany, on Count Zeppelin's future plans, stated that the Count intended to establish a number of airship lines for the regular conveyance of passengers between different towns. Count Zeppelin had already been in communication with various municipalities, and had received promises of support from some of the most important towns in Germany.

The Town Council of Cologne, for instance, is willing to invest \$25,000 in the new company for the inauguration of a line of airships which will establish aerial communication between Cologne and other important centres of population. The municipality of Duesseldorf is also willing to subscribe a substantial sum towards the capital of the new company.

In some cases regular lines of airships will be established, while in other cases pleasure cruises will take place at regular intervals. Herr Colmann stated that 300 days per year are suitable for aerial voyages. The Zeppelin airships which will be used for this purpose will carry a crew of six, including the engineer, and will be capable of conveying twenty passengers. It is intended that each voyage shall last about seven hours, except in the case of longer distance cruises from certain fixed towns to other towns.

Two airships for the conveyance of passengers will be completed by the early Spring of next year, and two more will be ready by May. The first regular line of airships will be established between Duesseldorf and Lucerne, with Cologne Bonn, Mayence, Frankfurt-on-Main, Karlsruhe, Stuttgart, and one or two other towns, as calling stations. Other lines of airships will be established to connect other towns with stations on the direct route between Duesseldorf and Lucerne.

Herr Colmann added that the German War Office has promised a subvention in support of the line connecting Duesseldorf with Lucerne in view of the military advantages of establishing aerial communication in this part of Germany.

Herr Colmann concluded by stating that fares for aerial passengers would be somewhat expensive at first, owing to the heavy cost of the upkeep of the airships. The costs would, however, naturally diminish in proportion to the general development of aerial navigation, so that in course of time aerial voyages would no longer be a pastime for the wealthy, but an ordinary means of communication, at any rate for the middle classes.

SICK SKINS IN SUMMER.

Summer is the hardest time for the human skin. Its delicate tiny pores, if worked under the best conditions, would have a rough time because of the heat. How when they have to work when impaired or damaged by sunburn and heat spots? No wonder one has rough patches, freckles, etc. Z-Buk heals sick skins. When a patch of skin on face, neck, or arms is blistered by the sun, apply Zam-Buk at once. It will cool and soothe beautifully, and new skin will be quickly formed. When you are footsore, or have some chafed places, Zam-Buk will give you ease. When the mosquitoes raise lumps on your Zam-Buk will stop that terrible itching and smarting. Keep Zam-Buk handy, use it freely, and this will be the happiest summer you have ever spent, viewed from the skin health standpoint. All druggists and stores.

CHANCELLOR AND PREACHER.

Mr. Lloyd George is a Local Preacher as Well as a Financier.

Never before has England been able to boast of having a Chancellor of the Exchequer who can adorn a pulpit equally as well as he does the Treasury Bench. But Mr. Lloyd George manages to do both. When not engaged in financial problems or in "robbing hen roosts," he is to be heard preaching in his native tongue from the pulpits of many a Welsh Bethel.

Several excellent sermons connected with the little Welsh Chancellor's preaching and fine eloquence have already been circulated, but one that has hitherto escaped publication relates how, preaching one day, he took for his subject the Creator's wisdom and knowledge as to what is best for man, and he exhorted his hearers, instead of rebelling against their lot, to believe in the doctrine that all things work together for good. Mr. Lloyd George wound up his address by saying:

"The Almighty does with you just as a good gardener does with his flowers. He plants geraniums and heliotropes in the sunshine, because he knows they will grow better there, but he looks out for a shady nook for the fuchsias."

Feeling pleased with the sermon, and, considering it a helpful one, Mr. Lloyd George was not astonished when, upon leaving the chapel, an old woman rushed up to him and grasped his hand, saying: "Oh, Mr. George, what a real helpful sermon yours was! So practical, so wise!" "I am delighted to hear it," he replied. "I only hope it may prove a help to you." "Yes, indeed, in double deed, it has helped me," said the dame,

"for never before have I ever been able to tell what was the matter with those dratted fuchsias!"

WILL CHARGE THE BOOM.

Realistic War Test to be Made at Portsmouth.

Preparations are now being made at Portsmouth, England, for a realistic war test of the efficiency of the harbor defences. In time of war, to prevent the entrance of hostile torpedo craft at night the narrow entrance to the harbor will be closed by a heavy boom. Some naval officers hold that a destroyer rushed at it at top speed might break her way through it or even leap over it.

A crucial experiment is therefore to be carried out. The old destroyer Ferret, a vessel of 290 tons and 4,400-h.p., which under favorable conditions can steam twenty-seven knots, will make a rush at the boom, in circumstances as closely as possible resembling those of actual war.

For her attack a section of the boom will be laid out in the upper part of Portsmouth Harbor in shallow water. She will then charge the boom at top speed. No little nerve will be required on the part of her officers and crew.

The boom which is to be attacked is composed of heavy logs of timber about 300 feet long, placed a few feet apart, end-on to the line of attack. They are secured together by numerous strong steel hawsers. On their seaward ends the top logs are studded with long steel spikes to tear open the hull of any boat which runs up against them and sink her. The width between the logs is not sufficient to admit the hull of even a destroyer.

Some years ago a steam launch leaped over a less formidable boom at Berehaven.

A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pain a heavy physical burden? I know what these mean to delicate women—I have been discouraged, too; but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you will assist me.

All you need do is to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c (the cost of a postage stamp). Your letters held until sent. Write to Mrs. F. E. CURRAH, Windsor, Ont.

"My wife has that awful disease, kleptomania." "Is she trying to cure it?" "Well, she is taking something all the while."

Through indiscretion in eating green fruit in summer many children become subject to cholera morbus caused by irritating acids that act violently on the lining of the intestines. Pains and dangerous purgings ensue and the delicate system of the child suffers under the drain. In such cases the safest and surest medicine is Dr. J. D. Kellogg's Dysentery Cordial. It will check the inflammation and save the child's life.

PURIFYING RIVER WATER.
Drinking water is now being prepared, says Nature, from the lower reaches of the Thames, and from many European rivers, which is as wholesome as any that can be obtained from the mountains of Wales or Scotland. River water, which may carry hundreds of objectionable germs in every cubic centimeter, can, by the methods of purification now in use, be made entirely safe to drink. In truth, it would appear that such water is safer than some derived from supposedly innocuous country sources.

ONCE MORE THE PROOF IS GIVEN

THAT DODD'S KIDNEY PILLS CURE EVEN INHERITED ILL-HEALTH.

Charles Dayon Suffered from Early Youth, but the Old Reliable Kidney Remedy Banished His Ills and Made Him Strong.

St. George, Man., June 14.—(Special).—Yet another case in which ill-health inherited from parents has been vanquished by Dodd's Kidney Pills is that of Mr. Charles Dayon, a farmer well known in this neighborhood.

"I suffered from a number of ill-effects from an early age," says Mr. Dayon, who is now thirty-two years old. "I inherited my trouble from my parents. I was weak, nervous and run down. I suffered from backache and my muscles would cramp. I had a heavy dragging sensation across the loins. I was always thirsty; I had great difficulty in collecting my thoughts, and my memory was failing me."

"I was altogether in a bad way when I started to use Dodd's Kidney Pills, but they helped me almost from the first box. They gave me strength and helped me so much in every way that I am satisfied a little longer treatment will make me a well man."

Mr. Dayon's symptoms were the symptoms of Kidney Disease, and Dodd's Kidney Pills cure every form of Kidney Disease no matter what stage it is in or how it is contracted.

THE GREAT NORTH COUNTRY.

Nimrod was a mighty hunter, but had he hunted in the "Temagami" region he would have been a mightier one. Nimrod hunted for glory, but Temagamians hunt for game. Those Indians who made the first canoe of birch bark long ago, were our greatest benefactors. The children of these Indians know the canoe, and they know how to use it, and if you go to Temagami this summer they will paddle your canoe in their own superb way. They will be the best guides you ever had. Students who camp in summer along the Temagami lakes are able to do two years' work in one. Finest of fishing and hunting. Good hotel accommodation. Easy access by the Grand Trunk Railway System. Information and beautiful descriptive publication sent free on application to J. D. McDonald, Union Station, Toronto, Ont.

AN OPINION.

The opinions of other people would be more interesting if they did not conflict with our own.

A Safe Pill for Suffering Women.—The secluded life of women which permits of little healthful exercise, is a fruitful cause for the pains and lassitude that so many of them experience. Parlee's Vegetable Pills will correct irregularities of the digestive organs and restore health and vigor. The most delicate woman can use them with safety, because their action, while effective, is mild and soothing.
