NEWS OF THE TOWN

SOME QUEER THINGS PICKED UP BY ADVOCATE REPORTERS.

BRIGHT, NEWSY & RELIABLE.

AN EPITOME OF ALL CURRENT EVENTS IN AND ABOUT THE TOWN.

Cedar shingles are difficult to get here just now.—Sun.

Dr. Cates, Dentist, of Campbellton, is in town and will remain until the 30th inst.

Ross Berchard of New York has returned from the Ganges with one moose and one caribou.

A tea that stands high at home as does Union Blend is always a good thing for outsiders to use. Union Blend is sold by one hundred and seventy retail grocers in St. John alone.

The "Young Women's Guild," of St. Andrews church will hold a high tea and sale in the Town Hall on the 14th. All sorts of fancy and useful articles are now being made, so have your pocketbooks ready.

Mr. H. Belyea has established a night school for young men. He teaches book-keeping, shorthand, penmanship etc., and as his rates are low, he will no doubt have a large number of pupils.

That tight feeling in the upper portion of the lungs, is incipient bronchitis. You will proceed next to having inflamed lungs and pneumonia may follow. Adams' Botanical Cough Balsam will give immediate relief. It has never failed and will not in your case. All Druggists, 25c.

GRADUATES.—Mr. E. Eugene Connolly, Douglastown; Mr. William A. Clarke, Newcastle; were the graduates last week from the St. John Business College. Mr. Connolly deserves special mention, being less than three months in attendance at the college, thus breaking the record for the time required for graduating.—Telegraph.

Steamer Merimac, from Quebec Oct. 27 for Halifax, is still unaccounted for and is expected for the crew, ship and cargo is daily growing. She is about 12 days overdue. As nothing has been seen of her by passing vessels, it is thought she has become disabled and drifted south of the track of shipping. Her cargo consists of about \$40,000 worth of deals.

The Elliott Brothers' Show appeared in Blackville on Thursday evening and on Friday evening. Crowded houses greeted both performances and everybody went away delighted. This show makes its first appearance in Newcastle next week.

J. W. Picher representing the Canadian General and Royal Electric Company was here on Saturday and looked over Engineer Mitchell's plans and specifications. Mr. G. C. Sierst representing the Maritime Electric Company, Halifax, was here yesterday. It is believed that both of the above firms will tender for the installation of our electric plant.

A bank man walked into the Advocate Office yesterday the other day and asked to loan him a cash box. We were startled. Whoever heard tell of a cash box in a newspaper office? You might just as well look for a homely girl at an evening party in Newcastle, as look for a cash box in a newspaper office.

The first number of Mr. T. O'Brien's new weekly Catholic journal, the Monitor, will issue on Saturday next. Mr. O'Brien in his venture has good wishes and prospects of success, these being the brighter for the very complete arrangements he has made for receipt of all interesting happenings which will come within the notice of such a paper, as the Monitor will be, both at home, in other Canadian centres and abroad, and by his own experience in newspaper writing and knowledge of the requirements for the paper he is establishing.—Telegraph.

Mr. Geo. Stothart missed the contents of the cash drawer of his safe Tuesday morning, about \$20, and does not know when or by whom the money was abstracted. He could find no indication that the safe had been broken into. The money was there on Monday. The safe was locked at night and opened in the daytime. It is supposed that some sneak thief stole the cash during the temporary absence of the clerk in another part of the store. Billy Mudge, who looks around the store a good deal, was seen with \$8 on Tuesday, and was arrested on suspicion.—World.

TO CURE CATARRH AND STAY CURED.—You must use the most up-to-date and most approved method of treatment. This can only be had in Catarhism which cures by inhalation and is sure to reach the right spot. Treatments requiring the use of sprays, douches, snuff, ointments, are a thing of the past, and the medicated air treatment supercedes them all. There is no danger or risk in using Catarhism. It is both pleasant and effective to employ in any case of Irritable Throat, Hoarse Breath, Bronchitis, Catarrh and Asthma. For sale at all druggists or by mail, price \$1.00. For trial outfit send 10c in stamps to N. C. POLSON & CO., Box 580 Kingston, Ont.

He considered himself somewhat of a thug and endeavored to give a number of boarders in a Pleasant Street house an exhibition of his ability in that line, the other night. He donned a waterproof and slouch hat, got down on his hands and knees, and rolled his eyes in a manner that would have done credit to Booth. The audience stood spellbound. The actor's eyes glared like coals of fire. He whispered, "I wonder if I can play the picket." Somebody passed a pitcher of water over his head, and now he is wondering who the picket was.

MONTREAL BANK ROBBED.

MONTREAL, Nov. 27.—The branch of Banque Nationale here was robbed of the entire contents of its safe during last night. The exact amount could not be ascertained but it is said to be between \$12,000 and \$15,000. The safe was inside of a vault. The door was the vault and safe were for a wide opening this morning by the watchman of the building. The bank was situated in the government building. A large light located close to the premises was found to have been tampered with and would not light. Electric lights in the bank were burning all night. The robbery is supposed to be the work of three tramp men in the vicinity of the village, yesterday. They broke into the I. C. R. trackman's tool house and secured the tools, with the aid of which the vault and safe were opened.
