

BROTHER TOLD BROTHER

One Suffered for Fifteen Years, the Other for Thirteen.

The convincing powers of a testimonial were never more clearly shown than in the case of Mr. Hugh Brown, a brother, Lemuel Brown, of Avondale, N.B., read in the paper about Hon. John Costigan being cured by "Fruit-a-tives." Knowing the Senator would only endorse a medicine which had cured him, Mr. Lemuel Brown tried "Fruit-a-tives." They cured him of Chronic Indigestion and Constipation, so he urged his brother to try them.

Harland, N.B., Oct. 28th, 1907.

"Three doctors told me that I had Liver Disease and serious Stomach Trouble. My stomach was very weak. I took their medicines for thirteen years and grew worse. My brother (who was cured of terrible indigestion by 'Fruit-a-tives') after suffering for 15 years, recommended me to try these wonderful tablets. I bought half a dozen boxes and have just finished the sixth. I eat all kinds of hearty foods without distress and am greatly improved in every way. 'Fruit-a-tives' also cured the Chronic Constipation which was so distressing in my case." (Signed) HUGH BROWN. See a box for \$2.50; a trial box, 25c. THE SACRED CONCERT.

The Methodist Sacred Concert on June 1st was a success both musically and financially. The audience was good and was well satisfied with the program carried out. Miss Atkinson's fine voice was heard to great advantage. Those who were delighted with her singing the last time she was here were still more so on this occasion. Miss Boyd's reading was well rendered and much appreciated, and the local singers acquitted themselves with much credit, as usual. Rev. Mr. Rice gave interesting historical sketches of five popular hymns. The program was as follows:

HARD ON LAZY PEOPLE.

A general order has been made that all government employees in Ottawa will have to report for duty at 9 o'clock a. m., and continue on duty until 5 o'clock p. m., with an hour and a half for lunch. At present many have not reported until 9.30 or 10 o'clock, have enjoyed a two hours lunch recess, and have quit at 4 or 4.30.

KEEPING CHILDREN WELL.

Every mother should be able to recognize and cure the minor ills that attack her little ones. Prompt action may prevent serious illness—perhaps save a little life. A simple, safe remedy in the home is therefore a necessity, and for this purpose there is nothing else so good as Baby's Own Tablets. They promptly cure all stomach and bowel troubles, destroy worms, break up colds, make teething easy and keep children healthy and cheerful. Mrs. Jos. Levesque Casselman, Ont., says: "I have used Baby's Own Tablets, and have always found them satisfactory. My child has grown splendidly and is always good natured since I began using this medicine." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LYNCHING RECORD OF 25 YEARS.

More Than Three Thousand Men, Women and Children Have Been Killed.

New York, June 1.—That 3,234 men, women and children have been lynched in this country in the last quarter of a century was the assertion of Mrs. Ida Wells Barnett at the national Negro conference in this city yesterday. Asking why this was permitted by a Christian nation, Mrs. Barnett quoted John T. P. Graves as saying that the mark stands as the most potent bulwark between the women of the South and such a carnival of crime as would precipitate the annihilation of the negro race. All know that this is untrue, Mrs. Barnett said. "The lynching record," she added, "discloses the hypocrisy of the lyncher." Describing the riots at Springfield, Ill., Mrs. Barnett said it was all because a white woman said that a negro man had assaulted her. Later, Mrs. Barnett said, the woman published a retraction, but the lynchers' victims were dead.

A FORWARD MOVEMENT.

A forward movement is in progress for the boys of Canada. Summer Institutes for training in Christian Leadership are everywhere proving of such great value in advancing Christ's Kingdom that a special Institute has been arranged by the Maritime Boys' Work Committee for Older Boys and Adult Workers with boys at the Permanent Boys' Camp Grounds, Big Cove near New Glasgow, N. S., July 9th to 15th, 1909.

It is the purpose of the Institute to get together men specially interested in boys and boys' work and boys from 14 to 18 years of age, chosen as representatives from the Young Men's Christian Associations, Church Clubs, and other Boys' Clubs and Associations in the Maritime Provinces, the object being to inspire to higher ideals and to train for better service the boys of our communities. The Boys' Institute is exclusively for older Christian boys from 15 to 18 years of age, who are restless to do active service for the boys of their communities, and who desire to come together and study how best to do it.

Applications for tent space should be accompanied by the registration fee of \$1.00 for each delegate. The early applicants will receive the best locations. Registration Cards must be returned filled out not later than July 1st. WOMAN'S WOES.

Newcastle Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up" must attend to duties in spite of constantly aching backs, or headache, dizzy spells, bearing down pains; they must stoop over when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures; the kidneys and is endorsed by people you know.

Mrs. J. T. McDonald of Mitchell St., Newcastle, N. B., says: "Severe, twisting pains would catch me across the small of my back and extend around my sides. Often these would come on me while stooping and I would be unable to straighten myself up for many seconds and the suffering was almost unbearable. Stooping would also make me dizzy and I continued the treatment and gradually built up until I had been cured of each and every symptom of kidney trouble that had affected me for years and which all else had failed to cure." Sold by Dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian Agents.

OUT IN IDAHO.

Miss Dorothy Kurtis who enacts the role of "Bess Carson" in Frederick N. Brush's production of "Out in Idaho," which comes to the Opera House next Friday evening, June 11th, has more than an ordinary training, and within recent years she has appeared prominently in such productions as "Pretty Peggy," "The Girl from the Golden West," "The Girl of the Emerald Isle," "Way Down East," etc., but as Bess Carson in "Out in Idaho" she has a part which gives her remarkable opportunity for the display of her splendid talents.

The scenes of this typical western drama are laid in Idaho in the year 1849, when thousands of people, dazzled by the glitter of possible wealth, rushed to the California coast in search of hidden riches. But the older generation of today knows that all the dramatic incidents in connection with this gold hunt were not enacted in California. Many of the treasure seekers never got as far west as the state by the Pacific coast, and it is with a few of those who paused in Idaho that this play deals in a thrilling manner. It is a play of plays and a play one always remembers pleasantly.

SWORE OFF FOR A YEAR.

Gen. Ian Hamilton in swearing off for a year, in order to set a good example to British soldiers, admitted to having consumed 10,000 quarts of "duty" liquors in 37 years. This is not quite a quart per day, but most of us will admit his capacity to keep up the tradition of a section of the British Army. Some people will admire his moral courage in making such an avowal, and others will admire his mental and physical strength in thus breaking free from the shackles of a habit sanctioned and strengthened by usage and years. The general takes first rank among total abstainers for a year at least.

The case of the two sailors, one an Australian and the other a Swede, against Policeman Hill for alleged unnecessary harshness in making their arrest, was called before the Police Magistrate Monday and postponed till Friday.

A SCARLET FEVER REMEDY.

The following appeared in the St. John Globe during the small pox epidemic in St. John in 1902. The remedy was then claimed to be a great preventative of that disease. Here is the remedy:

A correspondent of the Stockton, Cal. Herald wrote some time ago: "I herewith append a recipe which has been used to my knowledge in hundreds of cases. It will prevent or cure the small pox, though the patient is ailing. When Jenner discovered cowpox in England the world of science hurled an avalanche of facts on his head, but when the most scientific school of medicine in the world, that of Paris, published this recipe as a panacea for smallpox, it passed unheeded. It is as infallible as fate, and cures in every instance. It is harmless when taken by a well person. Here is the recipe: I have used it to cure small pox; when learned physicians said the patient must die, it cured. Sulphate of zinc, one grain; half a teaspoonful of sugar mixed with two tablespoonfuls of water. When thoroughly mixed add four ounces of water. Take a teaspoonful every hour. Either disease will disappear in twelve hours. For a child smaller doses, according to age. If countries would compel their physicians to use this, there would be no need for pest houses. If you value advice and experience, use this for that disease."

SCHOOLS TO BE SHUT UP.

Board of Health Order to That Affect and Requesting Citizens to Clean up Generally.

At a meeting of the Board of Health held Monday evening, it was decided to at once close all the schools except the Buie school at Bridgetown and the highest grades of Harkins and St. Mary's Academies. It was also resolved to at once publish notices that each householder pay the strictest attention to the cleaning up of his premises.

The cause of these orders is the rapidly increasing epidemic of scarlet fever, with which some fifteen or twenty families are afflicted.

Rev. J. K. King, Methodist minister at Boiestown, has accepted a call to Welsford.

"I wish that I had bought Amatite Roofing. It needs no Painting."

WHY should you buy a roofing that needs to be painted every little while to keep it tight, when, for the same money or less, you can buy Amatite which needs no painting?

Amatite is waterproofed with Coal Tar Pitch, — the greatest waterproofing material known. Water can't get through it. It gives the kind of protection that only the ideal roof can give.

The outer surface is composed of real mineral matter, which makes painting unnecessary.

Can you imagine a better combination for a good, serviceable, economical roofing than coal tar pitch and a real mineral wearing surface?

With an Amatite Roof on your buildings you end your roofing troubles. When you buy a roofing that requires frequent painting you begin them.

Smooth surfaced roofings that require painting are a nuisance and an expense. When you buy them, you buy trouble — not protection.

FREE SAMPLE

We should like to send you a sample of Amatite so that you can look it over. We know that anyone who will examine the proposition will buy Amatite ten times out of ten. We should be glad to send you this sample and booklet immediately.
