WHO IS MRS WINSLOW!

As this question is frequently asked, we will simply say that she is a lady who for ALEXANDER STEWART upwards of thirty years has untiringly spent her time and talents as a female Physician and nurses, principally among children. She has especially studied the constitution and wants of this numerous class, and as a result of this effort and practical know-ledge, obtained in a lifetime spent as nurse ledge, obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup, for children teething. It operates like magic—giving rest and health and is moreover, sure to regulate the bowewls. The consequence of this article. Mrs Winslow is becoming world renowned as a benefactor of her race; children certainly do rise up and bless her, especially is this the care in this city. Vast quantities of the Soothing Syrup are Dally sold and used here. The united circulations of the MONTREAL WITNESS publications is by far larger than those of any other publishing house in Canada. They are as follows:—DAILY WITNESS, 13,300; WEEKLY WITNESS, 28,300; NORTHERN MESSENGER, 59,000; AURORE, 900—in all 101,500. Now estimating the population of Canada at 4,500,000 and five souls to a family, there are 900,000 families in the Dominion, from which it will be seen that one of those WITNESS publications—if no two were taken in the same family—would be sent to one of every nine families in the Dominion, including all races and religions, and besides leave a good fraction over to cover the foreign circulation. The publishers of the WITNESS are not satisfied with this wouderful success, and are en-deavoring to increase their proportion of deavoring to increase their proportion of subscribers, by some certainly very attractive inducements, which can be explained to with new type] and on good paper, and with new type] and on good paper, and mechanically it is unexcelled.
