

ROCK COMPLETE.
 now showing a Complete Goods for Fall and Winter Value in the Market. Tufted Goods, Ottoman and at Lower Prices than the recent great advance. ALL WOOL FRENCH DRESS yard. A splendid line of See them.
 The Harvest.—Owing to the dry season the harvest was early, a good deal of wheat being cut in July, and while the different samples are good, the yield was light in this district; but very good where there was more rain.
 The fall show at Whitewood on Oct. 1st, was a success. On account of the dry season the samples of garden vegetables and field roots were not so numerous as last year, but some good samples were shown, together with a good display of native fruit and pickles, butter and cheese, home made wine, and some good samples of red and yellow tomatoes, grown in the open air. While the inside show was not up to last year, there was a great improvement in the horses shown, some fine colts being on the ground; also a goodly number of cattle, sheep, pigs and poultry.
 There is a good deal of dissatisfaction throughout this North West on account of the way we are being used by the Dominion government. While, according to the census (which, if it was all taken like it was here, was not the true number in the N. W. at that time), we had a population of some twenty odd thousand whites, besides Indians. According to the standard of British Columbia, we are entitled to more than four members; a half a lot being better than none, but Sir John stated while in this country that there would not be an election before the general elections, therefore in all probability this country will not be represented for another year. There is also an agitation to form a Provincial government instead of the present N. W. Council, which is needed, as by all accounts some money goes where it ought not to. To give an example, last Christmas, when the members of the Council dispersed, there was money to give each member, about \$400 being devoted to the agricultural societies in their districts; but in Sept. they each received \$100 from the Lieut. Governor, also a statement that that was all the funds. Where did the balance go to?
 Whitewood and this district received a flying visit from Sir Richard Cartwright a short time since. He is the owner of 10,000 acres in this settlement.
 The country has been deluged by eastern M.P.'s this summer, most of whom passed through on a Pullman, and will know no more about this country than before they came. A. B. P.

NORTHWEST TERRITORY.

Clearings from the New Land.—More Government Peculation.
 MONTGOMERY, N. W. T., Oct. 20, 1886.
 To the Editor of The Signal.
 Sir,—I suppose a little news from this country will be of interest to your numerous readers, therefore I send a few items.

The Harvest.—Owing to the dry season the harvest was early, a good deal of wheat being cut in July, and while the different samples are good, the yield was light in this district; but very good where there was more rain.
 The fall show at Whitewood on Oct. 1st, was a success. On account of the dry season the samples of garden vegetables and field roots were not so numerous as last year, but some good samples were shown, together with a good display of native fruit and pickles, butter and cheese, home made wine, and some good samples of red and yellow tomatoes, grown in the open air. While the inside show was not up to last year, there was a great improvement in the horses shown, some fine colts being on the ground; also a goodly number of cattle, sheep, pigs and poultry.
 There is a good deal of dissatisfaction throughout this North West on account of the way we are being used by the Dominion government. While, according to the census (which, if it was all taken like it was here, was not the true number in the N. W. at that time), we had a population of some twenty odd thousand whites, besides Indians. According to the standard of British Columbia, we are entitled to more than four members; a half a lot being better than none, but Sir John stated while in this country that there would not be an election before the general elections, therefore in all probability this country will not be represented for another year. There is also an agitation to form a Provincial government instead of the present N. W. Council, which is needed, as by all accounts some money goes where it ought not to. To give an example, last Christmas, when the members of the Council dispersed, there was money to give each member, about \$400 being devoted to the agricultural societies in their districts; but in Sept. they each received \$100 from the Lieut. Governor, also a statement that that was all the funds. Where did the balance go to?
 Whitewood and this district received a flying visit from Sir Richard Cartwright a short time since. He is the owner of 10,000 acres in this settlement.
 The country has been deluged by eastern M.P.'s this summer, most of whom passed through on a Pullman, and will know no more about this country than before they came. A. B. P.

Colborne.
 A POON POTATO CRIP.—A farmer near Benmiller planted a half acre of potatoes this year, and got a return of one pair full of the "murphies." He doesn't think much of the season so far as potatoes are concerned.
 About a week ago Wm. Cruise, of lot 1, con. 3, E.D. Colborne, discovered a curiosity in the shape of a bird's nest suspended by a string between the limbs of a tree. The string was manufactured by the bird from cotton and wool, and showed considerable ingenuity. The curiosity is on view at Mr Cruise's house.
 Danlop.
 This week our popular architect, with his able aid, John McAllister, leaves for Stratford for a three months' job helping to build cottages for G. T. R. employees of the Classic City. Local quait champions had better get in trim, as Donald sings a pretty quait.
 The many friends of Dr. March Green and his esteemed wife, will regret to learn of the death of their second daughter, Maud, from diphtheria, in their new home, Grinnell City, Iowa. Mr Green was at one time a resident of Goderich.

Death of Mr Wm. McDonald.—The following obituary notice from the Galt Reformer refers to a son of the late Wm. McDonald, of Port's Hill, and a brother of Capt. McDonald and Mrs. Joseph McCuskey, of this township:—This gentleman, who had been confined to his house for the past few months, from disease of the liver and kidneys, passed away on Sunday evening last, in the 52nd year of his age. The deceased was a native of the North of Scotland, but came to this country when quite young, his father's family settling in the county of Huron. Some thirty years ago he took up his residence in Galt, and was resident of this town up till the time of his death. He was a stone cutter by trade, and for many years worked for the late John Scott, of the Galt marble works. Being a skillful workman he had from time to time charge of several important public works, and was foremost at the building of the International bridge at Buffalo, and of the Grand Trunk bridge at Gananoque. He was also employed on the Welland canal for several years, and superintended various works for the Grand Trunk. Being a shrewd business man, and earning high wages, by judicious investments he accumulated a handsome competence, and leaves his family well provided for. He was a member of the town council some three years ago, and took quite an interest in municipal affairs. The deceased leaves a widow and a young family of four sons and one daughter. The funeral took place on Tuesday afternoon last, to the Galt cemetery.

Mr Dusenbery: "See the bargain I made. I paid 50c. a basket for these peaches." "My dear, they are half decayed. You paid an offal price for them."
