# TREATY RELATING TO SEALS SIGNED

Arrangements are Made for the Apportionment of Seal Herds

Washington, D.C., July 7-The

British jurisdiction in the North the crew had about the fighting with icebergs, which islation on the difference between the among the United States, Russia and fairly laid siege to the vessel and cost o production at home and abroad estic concerns in labor cost may be as volution. He is now a man without

Japan. In connection with this apportion ment the United States will make an advance payment of \$200,000 to Great Britain and Japan each. These payments are to be refunded to this country out of the proceeds of the British and Japanese share of skins taken from the American herds.

ment of Lieutenant Shirase in his Ant- champion. expeditions a run for their money.

sulate and of many important ship-ping firms, including the Nippon Yuse Kaisha that can extend help to the party. The auxiliary society which backing up the expedition here ha already borrowed 17,000 yen (\$8,500) and forwarded the same to Shirase and now asks for an additional 50,00 yen (\$25,000. Count Okuma is con fident that if the government still

declines to assist he will have no diff culty in raising the balance require Later reports concerning the Ka nan's movements state that sh reached Coulman Island, 73 south lati tude, 170 east longitude, on March 14 but was compelled to return, a

Lieut. Shirase "greatly regrets" that on account of the late start he could not land, but he holds the "firm conviction" that his vessel is fitted for

It is now admitted by some of those who have contributed to the support tive and they had been convicted. of the enterprise that not only is the Kainan Maru unfitted for the Arctic seas, but those forming the expedition had practically no equipment for the undertaking save enthusiasm. In one of his telegrams Lieut. Shirase speaks of the death of most of his dogs "from lack of exercise."

"Lack of exercise does not kill dogs. "Lack of exercise does not kill dogs. Who Had Forgotten What has killed them has evidently been terrible suffering and the absence of that care and attention which they might have received from more experienced men in a similar situation of a sudden Leed's brain, the same causes the same that of a sudden Leed's brain, the same causes the same that of a sudden Leed's brain, the same causes the same causes the same causes the same that of a sudden Leed's brain, the same causes the same cause the sam

The woeful lack of proper equipment was at the time of the organization of the expedition pointed out by foreigners having knowledge of conditions, but these words of warning membered dimly, and muttered words are specifications.

"So they got out the cost books, winnipeg, July 9—According to the past.

Then, after six years, Leeds fell ill the labor cost for locomotives on the symmetry of the farmers of the three western same specifications was three and provinces in harvesting the crop. It one-half times greater in the Japan-says binders will cost \$9,600,000; membered dimly, and muttered words es shops than in the American shops, twine \$9,100,000; wages, \$9,720,000; w and were in consequence unheeded will restore him to his family.

Kainan Maru are telegraphed to Japanese papers by their Sydney correspondents, and are singularly deficient in features of human interest.

The Kainan Maru left New Zealand on February 11, heading for latitude 78 degrees south, where it was proposed to effect a landing.

And physical health, and then bring said, 'I paid \$3.85 for those shoes.' interviews.

Why,' I said, 'that is an American shoe.' 'Yes,' he said, 'I bought it Never leave home on a journey shoe.' I said, 'Are you sure?' He said, 'Yes. I were them to New York cannot be obtained when on board the first appearance of the disease. I where they are sold and asked what bruggists everywhere.

When she reached Ross Sea she encountered unusually stormy weather, mountanous billows, described as more than 40 feet in height, breaking over her decks continuously Happily she proved herself sea worthy, At the end of February icebergs wer sighted for the first time, and the spectacle seems to have greatly impressed the Japanese, although their admiration was appreciably tempered by constant danger of collision with these floating masses.

A close watch was kept day and night, but the cold was so intense that the men on duty had to be relieved final signatures were affixed to the every hour. On March 1 the sea Redfield, of Brooklyn, delivered a re- live on a basis far better than the throwing the government. treaty for the protection of seal life again became rough, and thus the

checked her progress.

ACCIDENTS MAR AUTO RACE. One Man Fatally Injured, One Car Smashed to Matchwood.

Achievement of Lieux. Shirase in as it approached the bridge and, Antarctic Expedition is Not Shared Crashing into a tree, threw its occupants 50 feet through the air against the river bank. Davis, it was said at the hospital, was fatally injured. New York, July 6.—Count Okuma is jubilant, without apparently very Jeffries escaped with a few bruises. This Jeffries is not the former ring lace motives on the Language railways among the resulting to another, and you cannot avoid it. And if your proposed the nature of things. # Each grate bar has three sides-long wear

When only one side of a grate bar is continually next to the fire all the wear is concentrated on that one side. The life of the grate bar is thus naturally just onethird as long as when the wear is distributed on three sides.

That explains why Sunshine grates have three lives. Each of the four grate bars has three sides. Each time the ashes are "rocked down" (no shaking with Sunshine) the side next to the fire can be changed. Thus the life of the grates

is greatly prolonged. When desired, the heavy bull dog teeth on the grates will seize hold of clinkers,

grind them up, and drop the particles into the ash-pan. Buy the Sunshine-the durable, convenient, economical furnace, guaranteed by

largest furnace makers in British Empire. McClary's Sunshine
