

Won't Take the Bait!

During the last two weeks the P.P. Candidates for Bonaville, Twillingate and Trinity have been visiting the electors and wonderful enthusiasm has been aroused at scores of harbours. E. G. Winsor, the candidate for Bonaville, has visited the north side of the district from Fair Island to Cape Freels. He held a meeting at Greenspond on Monday night and got a splendid reception. The Unionists turning out in torchlight procession to receive him. The following message was received by Mr. Coaker from the chairman of the P. P. U. at Greenspond, which speaks for itself:

GREENSPOND, March 4th, 1913.
W. F. COAKER,
St. John's.

Wonderful meeting last night, grand torchlight procession through town. Council showed great interest; enthusiasm best ever felt here.

J. B. WORNELL.

On Monday night a big meeting was held at Change Islands to consider Aaron Stone's petition for a government wharf at Change Islands, which petition has been sent to Change Islands for signatures. The people express their greatest contempt for the bait being cast about to capture votes and resolved to have nothing to do with anything connected with the Ple Nic Party, and the hall shook with cheers for Coaker.

Mr. Coaker received the following message from Change Islands about this public meeting:

CHANGE ISLANDS, March 4th, 1913.

W. F. COAKER,
St. John's.
Wonderful meeting held here last night to consider petitions for government wharf and lighthouse for Tickle Point. The petition was drawn by Stone and Cook. The people are indignant and refused to sign it and decided to have nothing from the Morris gang; hall shook with cheers given for Coaker and F. P. U.

T. W. PECKFORD.

In the 1908 election there was no stronger Morrisite at Change Islands than Mr. Peckford and Change Islands cast a three-fifth vote for Morris. Mr. Wornell, whose name is signed to the message from Greenspond, was another active Morrisite last election. Coming events cast their shadows before. If this is not an indication of the handwriting on the wall, perhaps Edith or McGrath will explain what it is. Is it not a sure indication and intimation that Morris's day is done—that the graballs must go.

Died in Hospital.

There passed away at the General Hospital early yesterday morning Mr. John Sullivan, after a brief illness. Deceased entered the institution a week ago suffering from a tumour in the stomach. An operation was performed but the ailment had reached such an acute stage that a cure could not be effected, despite the best medical attention. He was a native of King's Cove and up to the time of his taking ill was a book-keeper with Mr. J. J. St. John, grocer. Mr. Sullivan was an able penman and had an appetite for artistic work. He it was who did the illuminated address which was presented to A. Hiscock, Esq., President of the Regatta Committee, last summer. Much sympathy will be extended to the bereaved family.

Ice Caused Delay

Heavy ice is still in on the West Coast at Change Islands and Port aux Basques, and the Bruce had not succeeded in getting into Port aux Basques up to a late hour last night. The Aurora and Ethie arrived yesterday morning and a wire received this morning says that the Neptune in company with the Viking, is 6 miles off Port aux Basques. The whole coast is being set with the ice and the tugboat on her way to Branch to take the Labrador's crew here, had to harbor at Bay Bulls.

More Light.

Our new 40 candle power lamp can supply more light at less cost than any other source of artificial lighting. This lamp is especially designed for use with our new ten-cent Slot Meter. Drop ten cents in the slot, and the lamp will run for 32 hours, giving a light of 40 candle power. Call and get full particulars of our "Special Fitting" Slot Meter proposition, or phone 97.
