## War News.

### OFFICIAL NEWS AS TO LAND ENGAGEMENTS.

Special to Evening Telegram.

LONDON, Aug. 14. The Official Press Bureau of the British War Office and Admiralty today, issued news of French success in the Vosges Mountains, Alsace, in the following words: "After a successful resistance lasting five days in the Passes of Sante Marie au Mines and Le Bonhomme, the French troops occupied the region of the State Pass which commands the Valley of the Bruche, an affluent of the Rhine. At Saales numerous desertions of German troops were noticed. The French have taken many prisoners, captured some machine guns. It is now confirmed that Belgian troops were successful in the engagement of August 12th, with six regiments of German cavalry, supported by 25,000 infantry with machine guns and artillery. The Germans were completely disorganized and the six cavalry regiments suffered great loss. The Belgian troops pursued the infantry which gave way. This Friday morning towards Eghezee, 10 miles north of Namur, a mixed detachment from the garrison surprised some cavalry regiments encamped there and threw them into confusion. They fought them towards the east after taking numerous prisoners and capturing cannon and machine guns. To the southward of the Meuse, the German cavalry are in contact with the French. The news of the fight in the vicinity of Haelen yesterday confirmed the story that the Germans were driven eastward and that now no German cavalry is between Hassel and Ramillies in the Province of Brabant. The Liege forts still hold out and have plenty of supplies. German cavalry patrols are reported north of Montmedy, which lies on the Franco-Belgian border of the Dept. of Meuse, France.

### ENGAGEMENT AT GEETBETZ.

PARIS, Aug. 14. A telegram from Brussels says a fresh engagement between Germans and Belgians occurred yesterday between five and six o'clock in the evening at Geetbets, five miles south of Haelen. The Belgian troops fired heavily on a detachment of 400 Germans, who retired hastily.

### WHEAT EASIER.

CHICAGO, Aug. 14. Wheat is still down in price to-day, owing to a large decline at Liverpool. The easier quotations across water are due in part to advices that two steamers have sailed to England from American ports and to prospects of further sailings. Immediate future demands here are lacking, regardless of reports that farmers are sharing wheat instead of selling, the opening of which is 5-8 to 1-8 lower. It is declared there will be a further drop.

### BELGIAN AEROPLANE IN CANADA.

MONTREAL, Aug. 14. The small freighter Reapwell, from Antwerp landed a Belgian aeroplane at Quebec yesterday for a private party named Londt. It has been suggested to the Government to take over the flyer for military purposes. This is the first Belgian aeroplane ever brought to Canada.

### AUSTRIAN CONSULATE CLOSED AT MONTREAL.

MONTREAL, Aug. 14. The Austro-Hungarian Consulate here, closed this morning. The staff were dismissed and the doors locked. Consul Heremann Hahn von Hanneheim says he does not know whether he will attempt to reach his own country by way of the United States or by way of Montreal. It is reported here to-day that a squad of the Fifty Royal Highlanders Guard about Solingen Canal at Cedar Rapids, fired upon a party of six men who approached the Guard last Monday night. The men refused to halt when ordered and the picket fired directly at them, whereupon they took to their heels. It was too dark and impossible to tell whether any of them were hit.

### JAPAN WILL DECLARE WAR ON GERMANY.

## Mrs. Bursey Dead.

A message received in town from Mr. Uriah Bussey yesterday states that his wife, Elfreda, died that morning. Mrs. Bursey has been ill for some months past. Early in the spring she came here to the Hospital, and after a little while was sent home incurable. She was a sister of the late Mr. N. Barrett, who was the P.P.U. candidate for Bay de Verde district, in the last election. He died in July of this year, after first having gone to Hospital here, in November of last year; and early in 1914 he went to Hospital in Montreal and though operated on, was told by the doctors that his case was incurable. They both died of cancer.

## Drowned in Mid-Ocean.

A message to Deputy Minister of Customs LeMessurier yesterday afternoon from Harbor Grace stated that the English schooner Mary Morris, which was 52 days out from Cadiz with a load of salt for a Labrador port, had put in there. She reported an eventual trip and also the loss of one of her crew named Williams, who, while 'stowing' a job in mid-ocean, was washed overboard and drowned.

## More Fires.

Fires provoke immediate sympathy for the sufferer and also thankfulness for personal escape. Another thought should be whether one is personally and sufficiently protected? An insurance policy with Percie Johnson would provide for you this desired security and at small expense. Have you enough insurance?

## T. A. Society Meets.

The adjourned monthly meeting of the T. A. & B. Society was held last night and was largely attended. Three new members were enrolled. The President, Mr. W. J. Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical. In five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

"PETERLOO" Meeting at Manchester 1819. The long Napoleonic Wars were followed in England by a period of great distress. Riots broke out in various parts of England, where the people were starving for want of bread. The most memorable was that known as "Peterloo" out of derision to Waterloo. Many of the agitators were killed and hundreds disabled.

## Tourists Delighted With Rossley's Show.

That the American tourists were well pleased with the entertainment presented at Rossley's last night, goes without saying, for they laughed long and loud at the sketch, were delighted with the pictures, spoke on the beauty of the silver screen and said it was a great show, and indeed it was, for when Rossleys themselves work, all are well pleased. On Monday there are some fine pictures, pictures that at the present time will please old and young; great military reviews; the battleships of England, France and Germany, the great guns now in use, our army and navy and other interesting subjects.

## Dr. Grenfell's Lecture.

On to-morrow night Dr. Grenfell, who has just returned from the North-west, will lecture on the "Condition of the Fisheries of the Labrador," at the Grenfell Hall. The subject is one that has occupied the serious consideration of Newfoundlanders this year, and no doubt Dr. Grenfell is thoroughly conversant with the present situation.

If the lecturer can bring some sunshine through the clouds that overshadow the staple industry on this section of the coast, his efforts will not be in vain.

## Let Us Economize.

Editor Evening Telegram.

Dear Sir,—Now that the war has commenced people should keep a cool head and not allow themselves to be carried away by every report that they hear on the street. There is no cause for alarm about money in the banks, it is as safe, in fact a great deal safer, than if it was locked up in your homes, for there it is liable to robbery or being consumed by fire. One thing though people should interest themselves in at the start and that is Economy. We have enjoyed fine times so long, and have created appetites for nice things to eat and dear things to wear that when hard times arrive we will find ourselves under control so as when the real hard times arrive we will not feel them as much as if we paid no heed to economy.

The present generation have never had to deal with hard times, they cannot understand the meaning of such a term as hard times. I hope they will never be brought face to face with it like we were at the time of the "crash," I hope so with all my heart but at the same time there is nothing else in sight if the war continues as Lord Kitchener says, for 13 months. Then let us be on the safe side, let us economize. Let us keep our grocers and our rents paid, also our coal merchants, by so doing we will be guaranteed further credit, but on the other hand if we fire away our money on tom-foolery, if we make no effort to provide against the coming storm then we will place ourselves in an awkward position when the reverses set in. Let us not get alarmed but go along in a sensible manner and if every one does his best and her best we will soon realize that we can make things a lot easier for all concerned.

Yours truly,

CONFIDENCE.

## Loves Sunset Is a Charming Film.

There was a large attendance at the week-end performance at the Nickel Theatre last evening, and all expressed themselves as being delighted with the show. The beautiful social drama "Love's Sunset" was very favourably commented on. It is a charming story which is exceptionally well acted by the Vitagraph artists. The two popular stars, Clara Kimbal Young and Earl Williams are in the leading roles and they play them to perfection. "The Tomboy" is an interesting tale of circus life, with a wild west show. "A Gala Day Parade at Yokohama, Japan" is a travelogue which no one should miss. "Mixed Identities" and "The Zulu King" are bright comedies which kept the audience in good humor. This evening the full programme will be repeated.
