Is Life Worth Living?

It Depends Upon the Liver.  
Wrong living is the cause of most physical ills and generally stomach and liver are first to suffer.  
Tea and coffee drinking is a very common cause of digestive disorder, but it usually takes the user some time to fully realize it. Fact is—some people drink tea or coffee with seeming impunity, but when disturbances of the digestive organs result in headache, biliousness, irritability, and other common symptoms of caffeine poisoning, it's time for the tea or coffee drinker to look to his table beverage for the true cause.

For any tea or coffee drinker who finds that his health is wrong, but doesn't know just why, it's a good idea to quit both the tea and coffee and use  
**POSTUM**  
—the pure food-drink  
Made of wheat and a small amount of molasses, Postum has a rich, snappy flavour, yet contains no caffeine (the drug in tea and coffee) nor other harmful element.  
There are two forms of Postum. The original Postum Cereal must be boiled; Instant Postum is soluble in boiling water and can be made in the cup at table. Both kinds are equally delicious and the cost per cup is about the same.  
A change from tea or coffee to Postum is a good move toward right living.

Hockey Notes. The Terra Novas and St. Bon's each had a practice at the Prince's Rink last night.

Off for Russia. The S. S. Bonaventure, Capt. Randle, the last of our steel ships to be disposed of to the Russian Government, left Glasgow yesterday for Archangel, probably calling at Alexandria first, as did the other Newfoundland ice-breakers that preceded her.

Halifax Sealer. We understand that it is not yet definitely decided whether the Halifax steamer Seal, which prosecuted the sealfishery the past few seasons in the Gulf, will go whitecoat hunting the coming spring. We also learn that if she does so, it is not improbable the Canadian sealer may hunt in the northern seas for a change.

START RIGHT NOW and select your piece of Overcoating for the winter. We have just opened a splendid range of Blue Naps and nifty patterns in Tweed, with other big selections to arrive. SPURRELL BROS., 365 Water Street, "The Young Man's Tailor."—sep11.eod.tif
