LIGHT, HEAT, COMFORT!

The proprietor of one of the best known multiple shopping
systems is credited with saying, "Give me any old shop, in any
old street, and I'll guarantee to make it in twelve months the
most widely known and best frequented shop in the district."
He was asked to explain. Holding up three fingers he said, "I
believe in the trinity of LIGHT, WARMTH, COMFORT. I should
dazzle the moths until the candle drew them, I should bring
them into a warm, comfortable shop, filled with a soft, pleasing
radiance, and the rest is—well, mere child's play."

Mixed metaphors, perhaps, but expressive. Now we can more
than imagine the kind of shop this well-known individual would
open, for we pass it in almost every town—always a landmark
to the street. No one fails to notice it. There is an indefinable
air of welcome and invitation as one stands for a moment on
the pathway and lets one's gaze travel inside it. The subdued,
restful lighting effect that so charms because of its very un-
obtrusiveness, the absence of dark corners, the intangible feel-
ing that if one would step inside one would be sure of experi-
encing a delicious sense of warmth and comfort and cheerfulness—
all these are part of its appeal. Truly a shop with an
individuality.

We cordially invite all progressive business men to visit our
showroom and see our latest Lighting and Heating Appliances,
by the adoption of which the ideal outline in the above extract
from a London paper may be easily secured. Our new RADIO
X Lamp and GASTREAM Radiators fill all light and heat re-
quirements.
