

In the Realms of Sport

LAST NIGHT'S FOOTBALL

Cadets The Victors.

In last night's football game the Cadets defeated the Feildians by an 11-0 score. The game was a very hard fought exhibition on the part of both teams.

The attendance was very large and the game was very well played. The Cadets won the toss and elected to defend the western goal.

not permitted to row in any other race for the day. A case was cited where under the present rule, one of the two crews would have to drop out. After many opinions had been expressed it was decided to make the rule read as follows:—

Competitors in this race must be under twenty-one years of age and shall not be eligible to row in any other race, except for a club, firm or bank. Those engaged in the fishery shall not be allowed to compete. A birth certificate must be furnished by each intending competitor at the time of entry.

The following additional crews entered:—

INTERMEDIATE RACE.
Cadet—(Feildians)—Aubrey Wight, (Cox); T. Chalker (stroke); A. Bailey, G. Crossie, W. Dowden, C. Crossie, H. J. Parsons.

INTERMEDIATE FISHERMEN.
Nellie R.—L. Rogers (Cox); C. Rice, (stroke); A. Strange, S. Martin, W. Lewis, R. Riche.

MERCANTILE RACE.
Red Lion—(Job's)—B. Hart (Cox); E. Keough (stroke); R. Kent, J. Keough, R. Stamp, H. Haynes, C. Williams.

JUVENILE.
The two vacancies in the Cadet Juvenile crew, entered at week, were filled as follows—John Gritch, Fred Lowe.

A few minor matters were disposed of before the meeting adjourned.

MT. CASHEL HAS NEW SWIMMING POOL.

A splendid swimming pool has recently been added to the already numerous diversities provided for the boys of Mount Cashel Orphanage.

This addition was undertaken but two weeks ago, and although the many preparations for the Annual Garden Party claimed the major part of the Brothers' attention, the work has been rapidly proceeded with and on Wednesday last was brought to a successful conclusion. Formerly the boys had to walk long distances to get a dip in the cooling waters of either Bally Haly or Kenny's Pond. To-day they have annexed to their playhall a magnificent concrete pool, measuring 80 by 25 feet and varying in depth from three to five feet. The bottom of the pool is of smooth concrete and around this miniature lake has been erected a wooden platform five feet wide. The whole is surrounded by a wide fence ensuring seclusion. The appearance of the glassy surface is in itself a delicious sight while the enjoyment of the youngsters as they splash about makes even the onlookers realize the great benefit and source of amusement the pool is to the hundred and fifty little orphans of Mount Cashel.

The water supply is carried from the main by a three inch feed pipe, which is regulated to maintain a steady flow of pure water. At the deeper end a sluice has been built by a series of planks, the removal of which will empty the pool as required.

Another benefit afforded the institution is the possession of an ever available reserve supply of water in case of fire. Now the motor pump can bring several streams into play on any of the buildings within a few seconds of arriving on the scene. It is noteworthy that the volume of water required to keep a steady flow in the pool is considerably less than the volume of water running waste from any two of the city hydrants. Consequently, without impairing the town's water supply, the benefits of a convenient swimming pool and necessary source of fire protection are now parts of the huge organization of Mount Cashel. This addition will be another of the many scenes to be visited by the patrons of next Wednesday's Garden Party and we know that all will be found in their approval of such a splendid utility and means of enjoyment to the boys.

Tor's Cove Garden Party Sunday afternoon—Train leaves Railway Station at 2 p.m. sharp—Returning 11 p.m. Splendid programme sports, music and various other attractions—C.C.C. Band in attendance. Be with the crowd and spend an enjoyable afternoon.—July 25, 26.

REGATTA MEETING.
Governor's Cup Goes To Crew Making Quickest Winning Time.

The members of the Regatta Committee met last night in the T. A. Armoury. The meeting was presided over by President Hiseock, and with a large attendance of members present, much business was transacted and everything now points to a successful Regatta. The minutes of the previous meeting were read and confirmed. A communication was read from St. Andrew's Club, asking permission to enter a crew in the Senior Football Race. The Club will be advised accordingly. Mr. H. D. Reid was added to the list of Judges; while Col. Nangle and Mr. R. Sexton were made Honorary Members.

Treasurer James reported that \$1,194.50 had been collected to-date. This is a very small amount as compared with the collections made last year, and it is hoped that the collectors, with a few more days left at their disposal, will meet with a ready response.

Mr. J. P. Crotty reported that he had completed arrangements for the luncheon.

It was decided to award the Governor's Cup to the crew making the quickest time for the day.

The rule governing the intermediate race came in for much discussion. Several members think it is unfair that anyone rowing in this race is

Prospero Arrives From Northward

S.S. Prospero, Capt. Field, arrived from the Cook's Harbor service at 11 a.m. to-day, having made all ports of call on the round trip. The ship brought a small consignment of freight and the following saloon passengers: Messrs. Gould, Whitmarsh, Freeman, Morris, Avery, McCormack, Nottall, Pardy, Small, Norris, Snelgrove, Hartnett, Rendell, Guy Jones, Spencer, Hearn, Porter, Jackman, White, Thorne, Harman, Lockyer, Newell; Mesdames Gould, Norman and five children, Trimmer, Dowden, Jennings, Bourne, Barry, Lewis, Spencer, Burke, Nottall, Loring, Goodyear, Russell, Bendall, Lory, Thorne (2), Harnum, Freeman; Misses Noble (2), Yates, Owen, Sharp, Dowden, Penney, Rendell, Guy, Humphries (2). The fishery is reported a total blank from here to Cape Norman with the exception of LaSalle, where the fishermen have done very well. Capt. Ambrose Payne has arrived there from Bell Isle with 500 qtls. while Patrick Miller has also returned well fished. The salmon fishing is now over. Squid has not yet struck in, while the caplin has disappeared. Coming south a large steamer was loading pit props at Springdale. Things are booming at Oranor Bay. The Rossing plant being installed by Mr. Groves will be completed within the next ten days. Blackwood's crew has returned to Valleyfield with 200 qtls. and is now getting ready to make a return trip. The fishery outlook is very discouraging and the catch is expected to be away below the average. Excellent weather prevails all over the coast.

Obituary.

JAS. P. CALLANAN.
A highly esteemed citizen in the person of Mr. Jas. P. Callanan, passed away yesterday afternoon in his fifty-fourth year. Deceased was stricken with paralysis during the morning and in a few minutes lapsed into unconsciousness. For more than thirty years Mr. Callanan has been employed in the office of Shea & Co., and his courteousness gained for him the confidence and esteem of all those with whom he came in contact. Of a quiet and unassuming disposition he had few interests outside the family circle. He leaves to mourn him, a wife, seven sons and one daughter to whom the Telegram extends sympathy in their bereavement. The funeral takes place to-morrow (Sunday) from his late residence, Pleasant Street.

Birds Attracted by Light

Our reference in last evening's issue to the fact of a gull having flown against the wind shield of a motor car with disastrous results brings us the information that all birds exhibit a tendency when brought within the focus of a powerful light to fly directly thereat.

At many of our lighthouses this frequently happens, but at Cape Ray, on the West Coast—the point at which the countless myriads of our migratory birds land on arriving in the spring and when they depart in the fall—is the scene of countless such tragedies.

Migratory birds always cross the Cabot Strait by night, as in daylight transit they would be harassed by the gulls, and it is a common occurrence during the fall and spring migrations to find over a wheelbarrow load of dead birds of different varieties around the light tower of a morning. The fishermen of that section usual-

ly anchor from one to two miles off shore, and time and again small birds that are tired will alight in their boats and remain until the boat gets quite near the land when they fly ashore.

Our partridges, too, fly just at dawn and the writer has on at least a half dozen different occasions found birds killed from coming in contact with the telegraph wires. On one occasion the body of a bird, clearly decapitated, was found over sixty yards from the head. The "planing" function now such a feature of aviation causing this.

At the Cathedral Sunday School Picnic, at Hafe's Field on Wednesday, July 30th, the W. H.M.A. will serve teas and refreshments.—July 25, 26.

Miss Irene Wagner Tells How Cuticura Healed Pimples

"I was troubled with pimples from the time I was twelve years of age. Some of the pimples were large and some were small. They were hard and red at first but after the second or third day they usually came to a head and gradually disappeared. They looked so badly that I was disgusted and did not want to go anywhere."

"One day I read an advertisement for Cuticura Soap and Ointment and decided I would send for a box. I purchased more and in two or three months the pimples disappeared." (Signed) Miss Irene Wagner, Box 261, Havana, Mont., Aug. 27, 1923.

For every purpose of the toilet and bath, Cuticura Soap, Ointment and Talcum are excellent.

Send for a box of Cuticura Soap, Ointment and Talcum, 15c. each. Write to: Cuticura, P. O. Box 5814, Montreal, Quebec, Canada. Try our new Shaving Stick.

At the Cathedral Sunday School Picnic, at Hafe's Field on Wednesday, July 30th, the W. H.M.A. will serve teas and refreshments.—July 25, 26.
