The most obvious lesson in Christ's teaching is that there is no happiness in having and getting anything, but only in giving; and half the world is on the wrong scent in the pursuit of happiness. They think it consists in having and getting, and being served by others; but it consists in giving and serving others. He that would be great among you, said Christ, let him serve; he that would be happy, let him remember there is but one way—it is more blessed, it is more happy, to give than to receive.—[Drummond.
