BRECKINRIDGE TABOOED.

He is Suspended From Communion by a Church.

PARIS, Ky., Oct. 14.—Colonel W. C. P. Breckinridge has been suspended from communion by Mount Horeb Church in Fayette county. The pastor of the church, Rev. Charles Thompson, has given publicity to the following statement of the action of the church:

"On last Sunday morning at Mount Horeb Church the pastor read publicly the action of the church concerning Col. W. C. P. Breckinridge, who made to them a conession of his guilt, and asked the prayers and love of his brothren in leading a Christian life. The unanimous decision of the officers was that while accepting his repentance as sincere and heartfelt, the great publicity of the sin demanded some public action, so he was suspended from the saccaments till Feb. 1, 1895. The law of the Presbyterian Church Book of Church Orders, paragraph 158, is 'definite suspengion is administered when the credit of religion, the honor of Christ and the good may have given satisfaction to the court."

A Brant ord Compositor Has Diabetes -He Drops Forty Pounds in Weight in a Short Time -How He Was Cured.

BRANTFORD, Oct. 15 .- Thomas Hazelhurst, a compositor in the Courier office in this city, has seen some ups and downs in health within the past few months. Last spring he found himself suffering from diabetes in a very severe form. In a few weeks he lost 40 pounds in weight. His system kept on running down and Mr. Hezelhurst was very naturally alarmed. After trying many remedies without benefit, he began using Dodd's Kidney Pills. Three boxes made a big change in his condition, and six bexes worked a complete cure. Mr. Hazelhurst is today better than he has been for years. Add one more to the list of diabetes cases cured by Dodd's Kidney Pills.

Question for Parliamentary Candidates -A Convention for the Maritime Provinces.

At a meeting of the executive committee of the Dominion Alliance, held at the secretary's office, Toronto, on Thursday afternoon, proposed questions to be asked by Prohibitionists of Parliamentary candidates were framed. Dr. J. J. Maclaren, Q.C., presided.

Secretary F. S. Spence reported that in accordance with instructions given at Montreal a special circular had been sent to all delegates to the convention urging action in accordance with the decision then made and asking what had been done in different localities to carry out the conclusions arrived at. He submitted a number of letters from different part of the country in reply, some of which showed that organization had

It was resolved that the following be published as suggestions of forms of questions to be addressed to candidates in different constituencies with the recommendation that Prohibitionists should A coroner's jury has returned a verdict that the death of Little, the section man only such candidates as would give affirmation of the coroner's jury has returned a verdict only such candidates as would give affirmation.

1. Are you in favor of the prohibition of the liquor traffic? 2. If elected to the House of Commons will you support and vote for a prohibitory

liquor law?
3. Will you co-operate with the other members of Parliament who favor prohibition to secure the introduction and enactment of such legislation at the earliest possible opportunity?

A prohibition convention for the Maritime Provinces will be held at Annapolis Royal, N. S., on Wednesday and Thursday, Oct. 17 and 18. It will be wide in its constitution, all churches, lodges, divisions, councils, W. C. T. U.s and religious and temperance societies of whatever name being requested to send representatives. The object of the gathering is to prepare the temperance forces for action in view of the near approach of a general election; to consider the advisability of putting independent candidates in the field in certain constituencies, and to complete the formation of a central bureau on political action, thus securing uniformity of method and effort among our workers. The need is said to be pressing at this juncture because of the attitude of the Thompson Government, as indicated in the answer given the temperance delegation, and the policy of the Liberal party as laid down by the Ottawa convention, and more recently indorsed by Mr. Laurier. The greater influence of the electorate, as shown in the Patron movement, is taken as an encouraging sign of the times, and that the time is propitious for pushing the prohibition question to the front, independent of party.

The idea that is held by many people that a plebiscite is at hand in the Northwest Territories is erroneous, Mr. F. S. Spence said. The real state of the question Robert Neely has purchased Thomas J. is that a straight prohibition resolution was Neely's farm in Dorchester of 190 acres for introduced in the Legislature up there. It is that a straight prohibition resolution was was defeated in favor of a resolution declaring for prohibition when the people should have expressed their desire for it. But nothing was done to provide for the plebiscite which was understood to be imolied if not promised. Now the elections are coming on nothing can be done.

Hazing Military Students. KINGSTON, Oct. 14 .- The investigation of Cadet Plummer's case at the Royal Military College shows that hazing was practiced, and it was stated that one of the amusements of the gentle seniors was to hold a boy over a gas jet till his clothing was burned through and his flesh blistered. The commandant, however, denies that lege is lighted with electricity, the repor appears to be misleading.

THE SCHOONER RAN AWAY.

A Curious Incident of the Storm Off Nova Scotia.

With All Sails Set, but Not a Soul on Board, the Lord Eldon Disappears in the Darkness.

HALIFAX, N. S., Oct. 14 .- With all sails set, laden with a full general cargo, but with not a soul on board, a schooner ran away to sea during the recent storm, eluded pursuit by another vessel, and disappeared in the gloom at nightfail, still plowing an independent course under full headway, with no guiding hand at the tiller or any human agency to control her movements.

Somewhere out on the Atlantic the truant vessel is probably sailing along merrily yet with all her canvas spread, a rich prize for the lucky skipper who may overhaul her, and a promising subject for the fanciful pen of some future Clark Russell.

The runaway is the schooner Lord Eldon, whose commanding efficer, before she took to navigation on her own account, was Capt. Hadley. He started from here for Guysborough on the vessel, with a full crew. When the Lord Eldon was off Canso Tuesday, a stiff gale was blowing and a nasty sea running. The Canso neighborhood is a dangerous one for sailing craft, under even more favorable conditions, hidden rocks abounding. One of these the Eldon found without difficulty.

With the weather thickening and his vessel hard and fast on the rock, as it seemed, Capt. Hardley deemed it the part of prudence to seek a place of greater loads of fish, and those present received safety for himself and crew, and they put bushels of them. All the farmers for miles off hurriedly, leaving the Eldon with all her sails set.

Not long after their departure the wind shifted, and, under the freshening breeze, the vessel was twisted off her resting place. She evidently had not, as her captain had feared, received serious damage below the water line. She at once turned her head seaward, and began to slash along at racing

The schooner Diamond gave chase. Mile after mile the race was kept up, with the crewless Lord Eldon always in the lead. Once the Diamond drew near enough for her men to have boarded the runaway, but the sea was so high that the Diamond's boat was smashed in getting it over the side. Still the chase was continued, in the hope that the sea would subside and enable the Diamond to come alongside. The hope was not realized, and darkness came on. When last seen by the Diamond the Lord Eldon, all her sails drawing and the foam dashing high at her prow, was standing out toward midatlantic.

LAMBTON W. C. T. U.

Annual County Convention at Watford -Officers Elected. WATFORD, Oct. 13.—The second annual

meeting of the Lambton County W. C. T. U. Convention was held in the Methodist Church here yesterday. There were present about 150 delegates and visitors from Sarnia, Forest, Wyoming, Petrolea, Copleston and Alvinston.

The address of welcome, given by Mrs. Thomas, Watford, was ably responded to by Mrs. Burns, Forest. The president, knots for box stoves cheap. A trial solicited. Mrs. (Dr.) Ovens, Forest, gave an interesting address, showing the growth of the so ciety and of its influence, and the encouraging results that were crowning their efforts. Interesting and suggestive papers were read, dealing with the various branches of the work by Mrs. Broughton (Forest), Miss Dibb (Petrolea), Mrs. Chalk (Alvinston), Miss Bedal (Copleston), Mrs. Clark (Sarnia) and Mrs. Macken (Forest.) Reports of the various committees show the work in nearly all its branches in a flourishing condition. There are eight societies in the county with a membership of 350. The band of hope membership is about 500. Over \$400 were raised during the year for different purposes, and over 27,000 pages of literature

were distributed. A lively discussion followed the moving of a resolution proposing to modify the constitution so as to allow honorary members the privilege of voting. The wives who espoused the cause of their disfranchised husbands succeeded in carrying the motion. A resolution was passed condemning the importation of wines which will result from the French treaty. A resolution was also passed recommending that the union undertake to supply the Sabbath schools with temperance literature and that the teachers be asked to instruct their classes in temperance work on those Sundays set apart by the Sabbath school lesson

committee for temperance lessons. Officers elected for the ensuing year are: President, Mrs. (Dr.) Ovens, Forest; vicepresident, Mrs. Gillespie, Alvinston; corresponding secretary, Mrs. Harley, Petrolea; recording secretary, Mrs. Mitchell, Watford; treasurer, Mrs. Coughill, Wyoming. The convention adjourned to meet in Forest in September, 1895, when it is proposed to hold a two-day meeting.
