

**Constipation**

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by

**Hood's Pills**

Sold by all druggists. 25 cents.

**AROUND THE CITY.**

From Yesterday's Last Edition.

—Wm. Burr, of Chicago is in the city on a visit to his mother, Mrs. Jas. Burr, 521 Pall Mall street.

—The Seventh Regiment will drill on the market square tonight. The public should refrain from pressing in upon the soldiers.

—Nothing can be done in regard to the lease of the London and Port Stanley road until President Frank Walker returns from Europe in May.

—Miss Birdie Jarvis, Elmwood avenue, South London, left on Saturday to resume her duties after a long illness at the S. R. Smith Infirmary, Staten Island, N. Y.

—The pupils of the Park avenue school, which is being torn down to build a new one, will be taken to the Hamilton Road Methodist Church this morning and will continue to do so.

—An entertainment will be given by the Girls' Mission in Dundas Centre schoolroom tomorrow evening. In addition to an interesting programme of fancy drills, Miss Beatrice McDonald will sing, and Miss Isabel Love will recite.

—The Synod of Hamilton and London will meet this evening in Knox Church, Stratford, when the opening sermon will be preached by the Rev. Gustavus Munro, D.D., of Ridgeway. The meeting will constitute the synod for the transaction of business.

—The beet sugar industry in Ontario assumes more definite form with the incorporation of the Wallaceburg Sugar Company, with an authorized capital of \$500,000, and the following provisional directors: Benjamin Bouldin, mariner, and George W. McCormick, insurance agent, Bay City, Mich.; D. W. Gordon and Hugh A. Stonehouse, Wallaceburg.

—Mr. Wm. Mills, of St. Thomas, was in the city this morning on his home, after paying a visit to his mother, who lives in Blanshard township. Mr. Mills himself is 77 years old, while his mother has attained the great age of 113 years. Despite her advanced age, her son found that she was in good health, and had passed through the winter well. Mr. Mills formerly resided at Glenworth.

—In the special classes at the Toronto horse school, a 4-year-old Canadian-bred gelding or mare, suitable for riding or cavalry purposes, not less than 15 hands, and not over 15.5, sired by a thoroughbred stallion, such sire to be approved by the judges (first prize given by his Excellency Lord Minto, second prize by Hon. Sydney Fisher) first prize went to Cremorne, b.g., owned by L. Meredith, London.

**EMPIRE DAY.**

The Advertiser's Ottawa correspondent telegraphs today: "The government has decided to make the 24th of May a permanent holiday, and the premier will announce this in the house this afternoon."

**POLICE COURT.**

At this morning's police court, the case of Patrick Deehan, charged by his wife with neglect, was adjourned for a week. Sentence was suspended on Wm. Robertson, found guilty of cruelty to animals by driving a horse with a sore shoulder. Two pedestrians were cut across the footpath by the judges (first prize given by his Excellency Lord Minto, second prize by Hon. Sydney Fisher) first prize went to Cremorne, b.g., owned by L. Meredith, London.

**DEATH OF MRS. W. B. BAILEY.**

Mrs. Jane Bailey, wife of Wm. B. Bailey, died on Saturday afternoon at her residence, 513 Philip street, after a week's illness from pneumonia. Mrs. Bailey was a native of England, where she was born 65 years ago. In addition to her husband, she leaves a family of grown-up sons and daughters. The funeral takes place tomorrow afternoon at 2:30 to Woodland Cemetery.

**BLOOD-POISONED HAND.**

P. C. Harry Down has for several days been suffering from blood poisoning in his right hand. While making a double arrest last week, a couple of friends of the prisoners attempted a rescue. Down struck one of the rescuers in the face with his fist, and in doing so cut his hand on the felon's teeth. The man struck made his escape, but his companion was arrested. Blood-poisoning set in in the policeman's hand, and yesterday it had to be deeply lanced. It is feared that the trouble will extend up the arm.

**ELECTRIC WORKERS.**

Toronto Globe: A special meeting of delegates, representing the Electric Workers' Unions in London, Hamilton,

ton, Brantford, Montreal, St. John, N. B., and this city, was held in Richmond Hall yesterday afternoon, when two delegates were appointed to attend the annual convention of the International Union in St. Louis, Mo., next October. Several matters of importance to electrical workers were discussed, including the question of shorter working hours. The deliberations of the meeting will be submitted for approval at the next meeting of the local union. About twenty members, including the delegates, were present.

**A FARMER'S SERIOUS LOSS.**

On Saturday afternoon fire broke out in the residence of Mr. David Jackson, on about a mile south of Newcastle, on the Westminster side of the town line. Mr. Jackson was away from home at the time, but Mrs. Jackson was in the house. The fire was discovered by one of the neighbors, who saw flames coming from the roof of the back kitchen, but the fire had then progressed so far that it could not be extinguished, and the building was completely destroyed. Neighbors rendered all possible assistance and saved what contents they could from the downstairs rooms. Some money left in the house by Mr. Jackson was saved, but about \$20 belonging to his son was lost. The burning building was a two-story frame structure and well finished. The loss, which is partially covered by insurance, will probably be in the neighborhood of \$1,500. Very little was saved from the upper rooms.

**NEW LABOR ORGANIZATION**

It is Opposed by the American Federation of Labor.

Pittsburg, Pa., April 29. — The Dispatch says: At a meeting in this city on May 3 a movement will be started for the organization of the central labor council of the United States, which is aimed to be an amalgamation of all the labor organizations of the country, with central headquarters, the object being to secure co-operation among all branches of labor, and also to bring about a general strike against the great trusts.

Washington, April 29. — President Gompers, of the American Federation of Labor, gave out the following statement regarding the Pittsburg project for the organization of a central labor council. "It seems to me that it is useless to attempt the organization of a new general organization of labor, for, as a matter of fact, never in the history of labor has there been such a union of the forces of the workers as there is today under the banner of the American Federation of Labor. Anything that the organized workers can do can be done more effectively through the already-equipped American Federation of Labor. It is simply a question whether the members and organization will do so."

Milwaukee, April 29. — The striking marine engineers have returned to work on every boat owned by Milwaukee members of the Lake Carriers' Association. The boats will start as soon as possible.

**MINERS OPPOSE COAL TAX.**

London, April 29. — A representative delegation from the miners of the United Kingdom met the chancellor of the exchequer, Sir Michael Hicks-Beach today, and asked for the withdrawal of the export tax on coal. The chancellor, replying, controverted the suggestion that the tax would injure the export coal trade. The tax, he said, would ultimately be paid by the foreigner, and therefore the colliery owners could not pretend it was necessary to reduce the miners' wages on that account. Many South Wales miners are enjoying a holiday today as a protest against the tax. Demonstrations took place at various points.

**SUFFERED LIKE JOB**

Boils and Pimples, the Result of Bad Blood, Make Life Unbearable.

Rutseau La Blanc, Que., April 29. (Special). — An estimable lady, whose name is in this village, has been much afflicted with boils. Miss Marie Atour is her name, and the torture she has endured is beyond description. For a long time these unpleasant and painful evidences of bad blood have been appearing, first on one part of her body, then on another. She was never free from them.

She desisted and tried medicines of many kinds, but nothing did her any good or lessened the trouble in the least. Dodd's Kidney Pills cured her. She writes:

"It is a long time that I have been suffering of boils on the leg, which was caused through bad blood. I tried many medicines but no good. Two boxes of Dodd's Kidney Pills cured me. I praise them always."

Dodd's Kidney Pills purify the blood in nature's way, through the kidneys.

Here are a few letters endorsing the virtues of Dodd's Kidney Pills:

**LUNenburg, N.S., Sept. 26th, 1900.**  
From Mr. E. M. Smead: "It affords me great pleasure to write you of the good Dodd's Pills have done my father. He has been ailing for many years, and I consider it providential that he ever got a box of your pills. Altogether he has used five boxes and is completely cured, and wishes to recommend them to all who suffer from kidney trouble."

**AURORA, ONT., Nov. 23rd, 1900.**  
From Mr. SILAS MILLAR: "Some months ago, previous to receiving a box of Dodd's Pills, I was badly troubled with backache, and the one box completely banished all pain from my back, and I take great pleasure in recommending them to others."

**STARBRIDGE EAST, QUE., Feb. 8th, '99.**  
From H. C. HALL, ex-Mayor: "I have been troubled with my back and kidneys off and on for some time, and not long ago I was taken with such a backache that I could not straighten up and could hardly lift a one pound weight. I purchased a box of Dodd's Kidney Pills and was

astonished at their effect, for in a very short time I was completely cured, and do not hesitate to recommend them to those who suffer from lame back or kidney troubles."

**MIAMI, MAR., Nov. 14th, 1896.**  
From Mr. ALEX. FRASER: "Some time ago I procured a box of Dodd's Kidney Pills, and after using them for a trial, I was cured of my kidney trouble. I had become so bad I could hardly endure it. After using the box of pills I was cured and cannot refrain from recommending them to all persons troubled with kidney disorder."

**KAMLOOPS, B.C., Sept. 26th, 1900.**  
From Mr. MATTHEW DRYDALE: "Some time ago I was troubled with an aching pain in my back, and tired feeling after the slightest exertion. My urine was also discolored. I procured a box of Dodd's Pills and after taking them my backache has disappeared and my urine has returned to its normal color. Altogether the Pills were a perfect cure. I consider them a wonderful preparation."

**LONDON'S NEW PLAYHOUSE.**

It Will Be One of the Most Beautiful in Canada.

Front Will Be Constructed of Gray Stone and Red Brick—Other Details.

London's magnificent new playhouse, which will have been completed when the season opens in September next, is to be, both in point of architecture and interior fittings, second to none in Canada. The need of a theater, designed along modern lines, has long been felt in London, and the city has reason to feel gratified that the want is about to be filled. The building will be an ornament to the city, and its erection will go a long way toward raising the standard of the drama in the Forest City.

Some of the plans for the house have arrived, and the work is being pushed forward with all possible dispatch in order to insure its completion by September. The style of the building is that known as Metropolitan. The front of the structure will be very handsome, being constructed of gray stone and red brick, the lower story being entirely of stone. Over the main entrance a handsome canopy of ironwork will be suspended by chains. The plans provide for three stories on Richmond street, and two on the south of the main entrance. These stores will be two stories high, and will extend 40 feet forward of the front of the opera house proper, which will be of red brick, broken by pilasters and effectively ornamental. The vestibule and entrance will be 18½ feet wide and 4½ feet deep. Passing through this, the lobby is reached, it being 40 feet wide by 18 feet deep, and flanked on either side by a ladies' and a gentlemen's retiring room. Beyond the lobby is the magnificent foyer, the width of the auditorium, with balcony staircases leading from each side. There will be four boxes on the auditorium floor and four on the balcony floor. The seating capacity of the house will be 1,550, the auditorium seating 900, the balcony 400 and the gallery 250. The total capacity of the house if crowded would be nearly 2,500, as nearly 500 people could be packed in the foyer stage. The stage will be 40 feet deep, and 77 wide, and the drop curtain will be 44 feet wide and 40 feet high. The scenery will be painted in perspective, and the supervision of Mr. Ambrose J. Small, by the well-known scenic artist, Mr. Louis Felt. Ample provisions will be made for the dressing rooms, the male members of companies will be under the stage, while those for women will be above the boxes and on a level with the fly galleries. The dressing rooms will be behind the boxes on a level with the stage floor. The house will be lighted by gas and electricity, the latest improvements for electrical stage effects being utilized. The heating of the building will be by steam throughout, the boilers being located in a separate building outside the main structure altogether. There will be no windows in the new playhouse. The most modern method of ventilation will be adopted. The entrance to the gallery will be from the north side of the building. Here also will be found six exits for emergency. The ground level, from the auditorium on to the stage, will be reached by a series of steps, and the balcony, provided with fire escapes. Two large exits also lead from the stage. Ample security is thus given against loss of life by fire.

The contract for the brick and stone work has been let to A. Burnett & Son, and for the woodwork to J. Purdom. The other contracts have not yet been awarded.

**The Deaths of a Day.**

Percy Barrington, eighth Viscount Barrington and Baron Shute died this (Monday) morning at Westbury Manor, Bucks, England. He was born in 1829.

Dr. Samuel J. Dorr, postmaster of Buffalo, died suddenly on Sunday. He had been ill for two hours with Angina pectoris. Dr. Dorr was born in Danville in 1840. He had the largest practice on the east side at one time, and had been prominent in politics for twenty years.

THERE IS NOT a more dangerous class of disorders than those which affect the organs of the lungs, and this danger with Dr. Thomas' Electric Oil—a pulmonary of acknowledged efficacy, it cures lameness and soreness when applied externally, as well as swelled neck and crick in the back; and, as an inward specific, it cures most substantial ailments to public confidence.

Nothing can be good for everything. Doing one thing well brings success. DOAN'S PILLS do this thing well. They are for sick kidneys.

**FOUR DEATHS ON MOUNTFORD**

Among Canadians En Route to Join Baden-Powell's Force.

Names of the Deceased—Some \$250 Conscience Money Returned to Canadian Customs Department.

[Special to Advertiser.]  
Ottawa, Ont., April 29.—A private letter received here today from Cape Verde from one of the constabulary on board the Montford, en route for South Africa, says that there were three deaths on board.

The dead are given as Oliver Mann, Trooper E. L. Patton, of Toronto, and Sergeant-Major Gordon, of G. Squadron. Two were reported to be seriously ill. Another letter adds the name of Wilcox to the dead, making four deaths in all. The department has got no such information.

**\$250 CONSCIENCE MONEY.**

The minister of customs received today a letter from the high commissioner in London, England, stating that a lady called at his office and left in an envelope, without name or address, \$250 conscience money for the customs department, Canada. This was on account of jewelry and other articles sent to the customs, which there was either no duty or insufficient paid. Lord Strathcona sent the amount to the department here.

**BIG CROWD AT THE PAN-AMERICAN SUNDAY.**

Record-Breaker for Attendance—30,000 People Passed Through the Gates.

Buffalo, April 29.—Yesterday's attendance at the Pan-American Exposition was a record breaker for an exposition crowd. Fully 30,000 people passed through the gates, about 75 per cent of these being for admission. Although the exposition is still far from complete everyone seemed satisfied with what there was to see. The managers of the exposition are working on a unique distinction—that of having all things in readiness for the opening day, and had it not been for the storm which broke on the night of the 28th, it is believed that the opening day would have been a record breaker.

**A Beautiful Publication.**

To the Grand Trunk must be given the credit of doing for being first in the field with a handsome new publication dealing with the great attractions of the Pan-American exposition. The Grand Trunk has issued a book of thirty-two pages, with a four-page cover. The descriptive matter has been carefully compiled and arranged with a view of giving the reader a comprehensive and true picture of the different buildings and attractions that are to be seen, also a good description of the "Midway," a feature of the exposition, which, it is said, will surpass anything of the kind heretofore attempted.

The publication tells how to reach Buffalo, gives reference to whom to apply for accurate information as to hotel accommodation. It suggests to the traveler many attractive side trips and gives a complete list of hotels and boarding houses in the several districts reached by these side trips. A map of the Grand Trunk Railway system in three colors is embodied, as well as a map of the city of Buffalo, showing the several railway stations and the street car lines running to and from the exposition grounds, a valuable feature for the guidance of the traveler in Buffalo. There is also an accurate plan of the exposition grounds, which gives a splendid idea of the lay-out of the undertaking with the names of the public clearly indicated for the information of the sight-seer.

The Canadian publication of this beautiful publication is now ready and sent free, postpaid, to any address in the world on receipt of a two-cent postage stamp by M. C. Dickson, district passenger agent, Grand Trunk Railway system, Toronto, Ont.

**JOKE GAVE THE MAN A FIT.**  
New York, April 29.—A middle-aged man who sat in a 25-cent seat at Proctor's Pleasure Palace at Fifty-eighth street and Third avenue, Saturday night, was hit so hard by a President Edridge's jokes that he went into a fit. He raised quite a commotion in the audience, and the performance was delayed for a few moments. He was taken to Flower Hospital unconscious.

**SMALLPOX IN A SLEEPER.**

Columbus, Ohio, April 29.—John Cameron, of Cleveland, a colored porter on the Pullman sleeping car attached to the Cleveland, Akron and Columbus train scheduled to leave here at 12:40 yesterday morning, was found to have a well-developed case of smallpox, and was removed to the pest house in this city. There were three passengers on the train, and the Pullman company board of health, gave the railroad company permission to take the car on to Cleveland on condition that the passengers be locked in and kept away from arrival at their homes in Cleveland.

**A LIFE SAVED.**—Mr. James Bryson, Cameron, writes, was confined to bed with inflammation of the lungs, and was given up by the physicians. A neighbor advised me to try Dr. Thomas' Electric Oil, stating that his wife had used it for a throat trouble with the best results. I procured the medicine, and less than half a bottle cured me. I certainly believe it was the power of any remedy to do me any good.

The British Government will be asked for \$15,000,000 to start the construction of 33 new war vessels.

**HAVE YOU TRIED Holloway's Corn Cure?** It has no equal for removing those troublesome excruciating corns, many have testified who have tried it.

**EVENING DRESS**

Novel Spectacle at Church; Women in Decollete Gowns.

Incumbent Says There Is No Reason Why People Should Not Wear Such Clothes If Convenient.

London, April 29.—A novel spectacle was presented here this evening, men and women attending a West End church in evening dress. Dr. Gray, the incumbent of St. George's, in Albemarle street, has instituted special late services for fashionable people, who profess that dinner engagements prevent their going to church evenings. Many women attended in decollete dress, with theater wraps. Dr. Gray found it necessary to explain that it was not, as supposed, an evening dress service, but still there was no reason why people should not attend in evening dress if it was convenient for them to do so. It is possible that the innovation will become fashionable, especially while it is a novelty.

St. George's is the chapel where Thackeray immortalized the Rev. Mr. Honeyman in "The Newcomes."

**THE PLAGUE IN INDIA.**  
Lahore, Punjab, April 29.—A serious riot has occurred near Sialkote, due to plague inspection of women. The police were overpowered and a force of cavalry was summoned from Sialkote. The rioters restored order with difficulty.

**PHOTOGRAPHS IN COLOR.**

Berne, April 29.—The Bund has a long article on the discovery of the secret of color photography by a Berne artist, Adolphe Gartner. He has been working on the invention for several years, but by a happy accident a few days ago he discovered the secret, which consists chiefly in the bath process and is very simple. Gartner shows magnificent specimens on paper, porcelain, and glass in colors of blue, red, brown and dark yellow.

**COTTAGE HOSPITALS**

Letter on the Subject From Lady Minto.

The following is a copy of a letter which Lady Minto has addressed personally to a number of the prominent people of Canada:

"During the extended tour made last autumn by his excellency the governor and myself, the urgent need of cottage hospitals in many localities was pressed upon our attention. In the present state of our country, treatment is often required to prevent suffering and permanent injury to health and indeed as a means of saving life. In districts where the population is distant from large hospital centers, cottage hospitals are evidently necessary. Those to be built and to bear the name Queen Victoria Cottage Hospitals would be a lasting and worthy commemoration of our late beloved Queen, whose name has always been connected with efforts to relieve suffering."

"I have already received an anonymous donation of \$2,000. 'I am sure you will recognize the two-fold merits of the effort and of the fund, which are to help communities to help themselves and to create memorials worthy of our late beloved Queen.'"

"I shall be so much obliged if you will kindly give me your interest in this matter, and shall be grateful for any contribution to the fund which you may be disposed to give."

"Believe me, yours truly," (Signed) "MARY MINTO."

**WEDDED AT ST. PETER'S**

Mr. Tony Furanne and Miss Edith Dambra, Two Popular Italians, United in Marriage.

The marriage of Mr. Tony Furanne and Miss Edith Dambra, youngest daughter of the late Joseph Dambra, was celebrated in St. Peter's Cathedral at half-past 8 o'clock yesterday, and was indeed one of the prettiest affairs imaginable. The great church was wholly filled when the bridal party entered and walked down the main aisle to the altar, where Rev. Father Aylward performed the ceremony. The bride was handsomely gowned in white satin with chiffon, and wore a veil with orange blossoms. She carried a magnificent bouquet of bridal roses. Her maids were Miss Josephine Cusillo, who wore red silk trimmed with chiffon and valenianines lace, and Miss Josephine Maiorana, whose dress was made of a delicate shade of green silk, trimmed also with lace and chiffon. Each carried red carnations. Mr. Joseph Dambra, the bride's brother, and Mr. Joseph Cusillo were best men. After the church service an informal reception was held at the residence of the bride's parents, on Queen's avenue, and a dainty wedding breakfast was served. The company included many out-of-town guests, among the number being the groom's father, from Hamilton. Mr. and Mrs. Furanne received very many exceedingly handsome presents. Mr. Dambra's gift to his sister being a large-sized cheque. All the Italian guests dined with the bride's parents yesterday, and last night the happy event was celebrated by a dance, for which Mr. Tony Cortese's orchestra furnished the music.

**Kills Germs.**

That's precisely what Vapo-Cresoline does. You light the vaporizer, the vapor of Cresoline is given off. Not a disease germ can live in this vapor, yet it can't possibly harm even the youngest child. Just naturally breathe-in the vapor; it destroys the germs of the grippé, hay fever, influenza, and whooping-cough. It's the common sense treatment for all troubles of the throat and bronchial tubes.

A Vapo-Cresoline is sold by druggists everywhere. A Vapo-Cresoline outfit, including the Vaporizer and Lamp, which should last a life-time, and a bottle of Cresoline, complete, \$1.50. Extra supplies of Cresoline 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. Vapo-Cresoline Co., 110 Fulton St., New York, U.S.A.

**ADAM LAIDLAW.**  
Hamilton, April 29.—A good citizen passed away yesterday morning, when Mr. Adam Laidlaw died. Mr. Laidlaw had been in poor health for about two years, and he had not been out of the house since the day of the last Dominion elections. He left a widow, two sons (Mr. James A. of the Brockville Asylum staff, and Lieut. John D. of Toronto) and a daughter, Mrs. J. H. Macabee, of Toronto. The deceased, who had a large circle of friends, and was greatly liked, was born in the village of Bedrule, Roxburghshire, Scotland, on March 18, 1833. He was a public spirited citizen, a Presbyterian and a staunch Liberal.

**Backache MEANS Kidney Ache**

And it all comes from the same cause—sick kidneys—and sick kidneys mean Kidney Disease, Urinary Troubles, Diabetes and Bright's Disease.

If you are wise you will always heed the first backache and procure Doan's Pills and save yourself further trouble.

Here are a few letters endorsing the virtues of Doan's Pills:
