A POOR SEAL CATCH

Premier Bond Now Wants Limited Reciprocity.

St. John's, Nfld., April 7.—The sealing steamer *Leopard*, with a cargo of 9,000 seals on board, came into port Saturday evening. She reports that recent fierce storms have so broken up the ice floes that it is impossible to get many seals, although there are visible in the water sufficient numbers to load the entire sealing fleet.

In the Legislature Premier Bond declared his intention to table the Hay-Bond treaty providing for limited reciprocity between the United States and Newfoundland, at an early date, with the view of discussing the entire question of Newfoundland's relations with the United States.

MOTHER GRAVES' Worm Exterminator is pleasant to take, sure and effective in destroying worms. Many have tried it with best results.

Shelterless Settlers.

London, April 7.—The Winnipeg correspondent of the Daily Mail says that Saskatoon, Mr. Barr's Mecca, is crowded with shelterless settlers, and that the Regina Government has wired the Manitoba authorities to detain the Barr colonists at Winnipeg until suitable accommodation is provided.

TEDDY LIKES TRIPLETS

President of the United States Compliments Family.

Gloucester City, N. J., April 7.—George Cunningham, of this city, who recently became the father of triplets all boys, yesterday received a letter from President Roosevelt congratulating him. The letter reads: "I congratulate you and Mrs. Cunningham. That is the kind of American citizenship in which I believe. I send you three photographs of myself for the three new Cunningham boys and my compliments to Mrs. Cunningham."

"Theodore Roosevelt, President."

Caught in Canada.

Manila, April 7.—William A. Wilson, formerly disbursing officer of a bureau of coast guard and transportation here, who defaulted and was arrested in Montreal, and who was brought back to this city March 16 was yesterday sentenced to 12 years imprisonment.

Mrs. Weisslitz, president of the German Women's Club of Buffalo, N. Y., after doctoring for two years, was finally cured of her kidney trouble by the use of Lydia E. Pinkham's Vegetable Compound.

Of all the diseases known with which the female organism is afflicted, kidney disease is the most fatal. In fact, unless prompt and correct treatment is applied, the weary patient seldom survives. Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that dreaded disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so-called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

Read What Mrs. Weisslitz Says.

"DEAR MRS. PINKHAM:—For two years my life was simply a burden. I suffered so with female troubles, and pains across my back and loins. The doctor told me that I had kidney troubles and prescribed for me. For three months I took his medicines, but grew steadily worse. My husband then advised me to try Lydia E. Pinkham's Vegetable Compound, and brought home a bottle. It is the greatest blessing ever brought to our home. Within three months I was a changed woman. My pain had disappeared, my complexion became clear, my eyes bright, and my entire system in good shape."—Mrs. PAULA WEISLITZ, 176 Seneca St., Buffalo, N. Y.

Proof that Kidney Trouble can be Cured by Lydia E. Pinkham's Vegetable Compound. "DEAR MRS. PINKHAM:—I feel very thankful to you for the good your medicine has done me. I had doctoring for years and was steadily growing worse. I had trouble with my kidneys, and two doctors told me I had Bright's disease; also had falling of the womb, and could not walk a block at a time. My back and head ached all the time, and I was so nervous I could not sleep; had hysteria and fainting spells, was tired all the time, had such a pain in my left side that I could hardly stand at times without putting my foot on something.

"I doctoring with several good doctors, but they did not help me any. I took, in all, twelve bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of Liver Pills, and used three packages of Sanative Wash, and feel like a new woman, can eat and sleep well, do all my own work, and can walk two miles without feeling overtired. The doctors tell me that my kidneys are all right now. I am so happy to be well, and I feel that I owe it all to your medicine."—Mrs. OPAL STRONG, Dalton, Mass.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address Lynn, Mass.

GERMANS LEAD TURKISH TROOPS

And Annihilate a Band of Macedonian Insurgents.

FRONTIERS SWARM WITH SPIES

By First of May It Is Expected 100,000 Armed Rebels Will Be in the Field.

London, April 7.—It is reported, says the Sofia correspondent of the Times, that the greater part of the district of Ohrida is practically in a state of insurrection. It is stated that at the towns of Ohrida, Philip and Krushevo, the shops are closed.

Turkish troops, which surrounded two revolted villages north of Lake Ohrida, were themselves surrounded by armed bands from twelve neighboring villages. Turkish troops are reported to have exceeded thirty. Among the Bulgarians killed was a well-known leader, Lieut. Davidoff. It is stated that the explosions on the railway were preconcerted signals for a general rising, which, however, has not broken out.

Duglitz reports that the frontier district is swarming with Turkish spies, who convey intelligence to the Ottoman authorities across the border.

The Vienna correspondent of the Times says that, while last week's fears in regard to the Balkan crisis have been slightly assuaged, even the best informed persons absolutely ignore the potentialities of the situation, and opinions depend more on individual temperament than on knowledge.

A Belgrade dispatch says: The gendarmes had to be called out to suppress the rioting which took place here on Wednesday. The rioting was a demonstration against an objectionable police regulation, and in the result two rioters and two gendarmes were killed and many wounded on both sides. One hundred and thirty arrests were made. According to an agency dispatch from Constantinople has been received there from Monastir that the Macedonian revolutionary committee intends to proclaim a general insurrection in the European provinces of Turkey about April 20, when there will be more than 100,000 men armed with rifles in the field.

Sofia, April 7.—A newspaper announces that the Albanians during the night of Monday and Sunday last massacred the Christian inhabitants of Ohrida, where an outbreak of Bulgarians was recently reported.

A three days' engagement between a Turkish force and a band of insurgents, under the command of the Macedonian leader, Captain Stoyanoff, has occurred in the Melnik district, 65 miles north of Salonica. The band suffered heavy losses.

Insurgent bands have appeared in several districts. One band has burned the village of Jurell.

CANADA'S BEEF BARRED

Mr. Brodrick Will Not Have It in Army Contracts.

London, April 7.—In the House of Commons yesterday Sir Gilbert Parker asked the secretary of state for war to permit Canadian beef to be included in army meat contracts. In reply, Mr. Brodrick said the question had been carefully considered, but as it would be a detriment to the home producer, the request must be refused.

TRACKMEN GO OUT

Three Hundred on the Canada Atlantic Want More Money.

Ottawa, Ont., April 7.—Last night at 3 o'clock the trackmen on the Canada Atlantic Railway went out on strike for higher wages. The number out is somewhere between three and four hundred. The area affected is the entire main line from Depot Harbor to Swanton, Vt., and the branch lines to Pembroke, Hawkesbury and Rockland. The men now receive \$1.25 a day, and are asking \$1.30 for trackmen, and \$1.40 for yardmen, the same as paid on the C. P. R. and G. T. R. The agitation has been for some time, but without result, and the men decided to resort to drastic measures. The railway officials say the track is in good shape, and the strike will be a strike without much inconvenience.

GRAND TRUNK REPORT

A Substantial Increase in Revenue and Surplus.

London, April 7.—The Grand Trunk report for the half year expands the summary already published. The working expenses increased from 68 to 70 per cent of the receipts, as compared to the corresponding half-year of 1902. The net revenue receipts increased £27,637, and the surplus increased £34,000, enabling the company to receive a full dividend instead of 4 per cent, as last year; also 1 per cent to third preference. The exceptional increase of the ratio of working expenses is mainly attributable to the abnormal price of fuel resulting from the great prolonged coal strike in the United States. The half-year's increase under this head alone was £23,000, of which £41,000 was in December.

The train mileage increased 663,923. The doubling of the Donairson line, arrived here yesterday from Glasgow, St. Catharines and the Welland Canal is to be completed shortly, and the remaining 24 miles of double-tracking between Montreal and Toronto will be finished during the ensuing season.

More rapid progress is expected with bridge renewing now that the scarcity of labor and the difficulty of obtaining materials have increased.

The following paragraph forms the only reference to the Pacific scheme: "A bill has been introduced under the auspices of the Grand Trunk Company for the incorporation of a company with powers to construct a railway through the Northwest Provinces of Canada, to the Pacific, which it is proposed to work in connection with and under traffic arrangements with the Grand Trunk Company."

Returning Soldiers.

St. John, N. B., April 7.—The steamer *Triton*, of the Donairson line, arrived here yesterday from Glasgow, and brought ten Strathcona Horse troopers, four of whom were for Halifax and six for Winnipeg.

NEWFOUNDLAND STORMS

Railroads in Interior Are Hopelessly Blocked.

St. John's, Nfld., April 7.—Another severe blizzard, with the thermometer registering 12 degrees below zero, has frustrated the efforts of the railroad employees, who have been trying to clear the snow from the blocked lines and release the trains which were snowed up in the interior of the island. From present appearances several weeks must elapse before the cross-country service is resumed. The sealing fleet has been sighted along the coast, chasing herds of seals. There were no arrivals of sealing vessels here today.

COULDN'T LIVE

Without Dodd's Dyspepsia Tablets—Mrs. Thos. Board, of Glen Williams, Speaks From Her Own Experience.

"I think I could not live without Dodd's Dyspepsia Tablets." These are the words Mrs. Thomas Board, of Glen Williams, Ont., uses in speaking of the relief she has felt through the use of those Dyspepsia banishers.

Mrs. Board knows what Dyspepsia means through bitter experience. She can tell all about the depression, the discomforts, the aches, the pains that accompany this most dreaded of all chronic complaints. That's why she is so enthusiastic over Dodd's Dyspepsia Tablets.

She has proved that Dodd's Dyspepsia Tablets are a specific for all forms of indigestion and dyspepsia, a safeguard against those other terrible and fatal diseases, such as Appendicitis, that medical authorities now declare spring from indigestion. She has learned the truth of the statement, "If you want to be well and to feel well you must keep the stomach well." She has learned also that Dodd's Dyspepsia Tablets will keep the stomach well.

Mrs. Board is one of many. You cannot find a Dyspeptic who has used Dodd's Dyspepsia Tablets.

KING'S FRENCH TOUR

Is Expected to Meet President Loubet on May 2.

Paris, April 7.—A semi-official announcement was made in the Temps today that King Edward will arrive in Paris May 2, when he will be received by President Loubet. His majesty's visit to Paris will follow his trip to Italy. The King will remain here two or three days, and when he leaves the French capital he will go direct to England.

JOHN BALL'S LUMBAGO.

Couldn't Stand Before Dodd's Kidney Pills—He Can Work and Sleep Now.

Quebec, P. Q., April 6.—John Ball, bricklayer, of 57 Little Champlain street, this city, suffers from Lumbago, one of the most painful forms of Kidney Complaint for two years. His urinary organs were also affected so that he had frequently to rise at night. Now all day and all night he sleeps at night. Dodd's Kidney Pills did it.

"Speaking of his cure, Mr. Ball says: 'I purchased a box of Dodd's Kidney Pills, and after I had used them I began to see and feel a change. I used three boxes and was completely cured. You can tell anyone you like I said so.'

Lumbago is only one form of Kidney Disease. Dodd's Kidney Pills cure Kidney Diseases in any form. They don't claim to cure anything else.

STRIKE RIOT AT BASLE

Police Interfered, But Were Routed and Beaten.

Basle, Switzerland, April 7.—Two thousand five hundred masons and their assistants who are on strike here made a demonstration yesterday, and endeavored to prevent non-strikers from working. The police interfered, but were overwhelmed and stoned by the strikers, a number of the policemen being injured. They ordered a battalion of troops to be mobilized to assist the police. Seven companies of soldiers are now picketing the city.

SO RAPIDLY does lung irritation spread and deepen, that often in a few days a cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay; get a bottle of Eick's Anti-Consumptive Syrup and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is composed from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

Mrs. Harriet M. Foster has been postmistress of Troy Grove, Ill., for 50 years.

When the Liver Doesn't Work

Backache, Depression, Billiousness, Headache, Dyspepsia, Nervousness and Languor follow.

Sufficient bile is not secreted to carry on the important digestive processes in the intestines. The blood is charged with poisonous products that should be destroyed or eliminated. The result is Depression, Headache, Heartburn, Dyspepsia, Melancholia, Tiredness, Sleeplessness,—in other words a first-class Purgatory is carried around in the body of the miserable sufferer.

FERROZONE STIRS UP THE LIVER.

The remarkable cures of Ferrozone are due to its power to stimulate the liver without over-taxing it. Ferrozone tones, strengthens and puts the liver in perfect condition to filter all poisonous, unhealthy matter from the blood. The result is freedom from backache, better color, good appetite, and a general improvement in health. Ferrozone is a specific for Liver Complaint. It relieves quickly and cures permanently. No case too chronic. Refuse a substitute and insist on having only Ferrozone. Price 50 cents per box, or six boxes for \$2.50. At druggists everywhere or by mail from THE FERROZONE COMPANY, Kingston, Ont.

A CLERQUE ENTERPRISE

His Scheme for the Settling of Algoma Fails.

Ottawa, April 7.—The negotiations between P. H. Clergue, of the Soo, and the Ontario Repatriation and Colonization Society, having for its object the settlement of Algoma, have failed through. The officers of the society and Mr. Clergue could not agree on the remuneration to be paid the society for its efforts to secure settlers for Mr. Clergue's lands. The latter wanted to pay on the basis of a commission on settlers secured, but the society officers considered this unfair, inasmuch as they would probably have to spend a year or so before they could turn the stream of settlers towards the Clergue country and earn any reward for their labors.

SUICIDE OF PENNELL

It May Have Been Due to Alleged Defaulting.

Buffalo, N. Y., April 7.—The Commercial yesterday afternoon published a story in which it is alleged that Arthur R. Pennell, who was killed in an automobile accident on March 10, was a defaulter to the extent of from \$150,000 to \$200,000. The story, the paper says, leaked out as the result of a legal dispute over two life insurance policies. Wallace Thayer, who was Pennell's ally and intimate friend, is referred to by the paper as saying he had suspected irregularities, but that he had no proof of any such wrongdoing. Incidentally it has been learned that Pennell made provision for the payments to Mrs. Edwin L. Burdick of \$25,000 out of his life insurance. Pennell carried over \$200,000 life insurance in order that after his death the eastern estates to which he is alleged to have been a defaulter, might be able to recoup losses which they had sustained through him. In his will Pennell named as administrator of his estate his brother, J. Frederick Pennell, and is said to have left to his administrator instructions that upon his death he should make good in full out of his estate all the losses which had been sustained through his defaulting. The paper adds that Pennell had contemplated suicide for two years.

MESSAGE FROM THE SEA

Was Picked Up in a Bottle Near St. John.

Kingston, April 7.—Captain Chas. Ferris, of Oswego, has received a letter from M. E. Luff, keeper of the hotel on Stony Island, enclosing probably the last message that will ever be received from the crew of the ill-fated steamer *Hall*, that foundered last December, with all hands, somewhere off the Main Docks. Last Monday morning, as Arvis Luff was making his daily tour of the hotel, he found a bottle lying on the sand, and picking it up found that it contained a message purporting to come from the steamer *Hall*. On a small piece of heavy Manila paper that had the appearance of being torn hastily from a larger sheet, was written with lead pencil, the following: "Steamer *Hall*, off Docks; come quickly; no time to lose."

A Tragic Death.

Maxwell, April 7.—Miss Annie Scott, aged 18, daughter of William Scott, was killed here yesterday. She had driven her brother to Dundalk station, and was within a mile of home on her return when the horse took fright, and threw her out of the buggy. She became entangled in the lines, and was dragged a mile and her neck broken.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by druggists. 50c. Hall's Family Pills are the best.

ITS POWER GROWS WITH AGE.

How many medicines loudly blazoned as panaceas for all human ills have come and gone since Dr. Thomas' Electric Oil was first put upon the market? Yet it remains, doing more good to humanity than many a preparation more highly vaunted and tending its virtues wider and wider, and in a large circle every year. It is the medicine of the masses.

PE-RU-NA RECOMMENDED AS A RESTORATIVE TONIC.

By a Well-Known Canadian Newsdealer.

Kilt, the newsdealer, Ottawa, Ont., sells every publication on earth. He has two stores, one at No. 95 Bank street, and No. 5 Little Sussex street. He writes: The Peruna Medicine Company, Columbus, Ohio:

Gentlemen—"Last winter a friend advised me to try Peruna, and I am glad that I did. The first bottle improved me very much, and before the second was gone, I was entirely cured. I have enjoyed good health since, and now and then when I feel tired or worn out, I take a few doses and it is like a charm as a restorative tonic."—KILT.

THAT TIRED FEELING.

Almost everyone has come to believe that March, April and May is a season that brings derangements of the body dependent on blood impurities. This belief is an old one, is nearly universal and has arisen, not as a result of the teachings of the medical fraternity, but has been learned in the bitter school of experience. Depression of the nervous system at the approach of spring is a fertile source of blood impurities. There is general lassitude, dull, heavy sensations, continual tired feelings, with irregular appetite, and sometimes loss of sleep. Peruna meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Peruna invigorates the system, relieves the feelings, restores the normal appetite and procures regular sleep.

That tired feeling which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Peruna is taken. Thousands are daily testifying to its priceless benefit.

Peruna is for sale at all first-class drug stores at \$1 per bottle. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

A Big Bond Issue.

Montreal, April 7.—The shareholders of the Montreal Light, Heat and Power Company yesterday authorized a further bond issue of \$4,000,000, to enable the company to take over the Lachine Rapids Hydraulic and Land of the Montreal Light, Heat and Power Company, thus completing the great merger of light, heat and power forces in the city.
