his own stories. Most of the player writers never write a line, but

turn the work over to newspaper men, being content to see their

names in print and to get the money. Evans was a sporting writer

before he was an umpire, and has ALWAYS WRITTEN EVERY THING APPEARING UNDER HIS NAME. When Ban Johnson,

president of the American League, ordered players to stop fake news-

paper writing he said, "Evans has always written his own stories. He

Chicago, April 5.-Alleged dissension between Manager John Evers and members of the Chicago National League team came to head today, at the close of the seven weeks' training trip, and Trainer Semmons presented his resignation in the form of a blow to Evers' The conflict is reported to have occurred as the train was pulling into the city.

The Journal this afternoon says that the training trip has not been harmonious; that Evers has not been able to centrol his temper and has been extremely sharp in his criticism. He has engaged, the Journal says, in feuds with newspaper men as well as with players.

While there were no open outbreaks, resentment was obvious and Semmons brought the affair to a crisis today. The fight was started when Evers asked Semmons if he had ordered the team to report for practice this afternoon. The trainer replied that he gave such instructions when instructed to do so by the manager. At this Evers lost his temper, and is said to have applied foul language to the trainer, and the latter replied with his fist. Evers fell over into a seat and the players ended the fray and prevented further damage. Evers was not knocked out, but was pretty well shaken up by the punch. He admitted using the language

it with very little bitting.

It speaks volumes for the sort of pitching Jennings is getting to recite the fact that the Lookouts made but one run in the last 30 innings played against the Tigers. They pushed over a tally in the seventh inning on Tuesday, were shut out Wednesday, registered again in the opening round of Thursday's joust and received a final set of blanks today. Thus there were 18 consecutive sessions in which none

of the home club dented the rubber. Bob Troy and Joe Lake collaborated in the application of today's coat of whotewash. Troy was rather the better of the two, as he faced only 18 men in six innings and the only hit made off him was a pop fly that four men could have caught if each of them had not been convinced that one of the others would attend to the task.

Norfolk, Va., April 4. - The iants haven't been beaten yet, Giants haven't and all of their victories, except the one at Knoxville, have been over minor league teams, who do not lose all their games to the big leaguers by a good deal.

Here is the complete list of exhibition games played and won by the Giants regulars: Dallas 7 to 0, Austin 11 to 2, San Antonio 4 to 2, Waco 13 to 1, Galveston 8 to 1, Houston 3 to 0 and 3 to 2, Beaumont 6 to 0 and 5 to 2. New Orleans 6 to 5, Mobile 3 to 0 and 10 to 1, Birmingham 6 to 5, Maryville 9 to 1, Norfolk 10 to 4.

The Giants have made 104 runs, to opponents' 26 Charles Herzog, the peerless third baseman of the Giants and the best in the big league, while very confident that the Giants will win the pennant, nevertheless sees some very hard rows that the

Your first thought when you see the Studebaker "35" will probably be that you have been shown the "Six" by mistake. A six-passenger Studebaker car of splendid proportions, electrical-

ly lighted and started, superbly cushioned and tired and trimmed -at \$1,500-it seems incredible. Every Studebaker salesman has already heard the same query

repeated a hundred times—"Did you say the price was \$1,500?" 'And even the price of the Studebaker "Six"-\$1,800-will not express your enthusiastic impression of the value of the "35."

Instinctively and inevitably you will make comparisons from a \$2,500 angle.

And the Studebaker corporation is quite willing that you should inspect the "35" through \$2,500 lenses.

It accepts the responsibility of a comparison so trying, and will gladly abide by the result. It invites the \$2,500 buyer to descend to \$1,500 without any loss

Things Worth Remembering

50,000 Studebaker automobiles will be sold this year.

Yet your order must be placed soon if you want one. The Studebaker Company have 60 Branches and Distributors and 3,000 dealers, covering every important country of the world.

You can never get out of reach of Studebaker service. Over 35,000 new Studebaker cars had been sold to dealers before the first car reached a showroom.
