kleeves. Equally imperative are collars, collars as high as the fence which surrounds exclusive society, and as close as a baseball pennant race from which bribery has been barred. In these two adjuncts to the modern costume are centered all the flair and color of the daytime frocks. In general the suits and dresses are somber in shade with dull blues, browns and modest sand color predominating, but practically all collars and cuffs carry, if not a flaming plash of color, at least a contrast

## Sunlight-for your Washing Machine

A WASHING machine is made to wash your clothes without rubbing or boiling - and it succeeds just in proportion to the value of the soap you use.

Sunlight Soap dissolves quickly and completely in hot water and works up into an abundant suds. This is very necessary so that its rich cleansing ingredients may search through and through the meshes of the clothes and dissolve the dirt and soil spots. Then, when rinsing comes, all dirt and soapy matter runs entirely away, leaving your clothes sweet, fresh and snowy

The pure lather of Sunlight Soap cleanses the clothes naturally, not chemically. The \$5,000 Guarantee of Purity is stamp ed on every tablet of Sunlight Soap.

Pare half a cake of Sunlight into hot water in your machine and stir into generous suds. Put in the clothes and operate the machine-your clothes will be clean.
