That Old Stove is a Fuel-Waster
With fuel so scarce and high priced you cannot afford to try and get through the winter with the old range, or heater; for it is wasting fully a quarter of the fuel you feed it. True economy is letting the second hand man take the old stove and get one of our modern ones. You'll be money in before spring and so much more comfort, too.

Barn was burned down
The Fire Department was called at 9 o'clock this morning to No 8 Campbell street where a barn the property of Mr. E. Muser was in a blaze. Although the barn was a quick run before the alarm was turned in. The value of the structure was not great, but in addition to the loss of the building a quantity of hay was destroyed.

When the fire was first seen by Mrs. Muser a cow was still in one of the stalls, and at last the animal was rescued and brought the animal out.

Fire Truck lost a wheel.
When responding to the call sent in from Campbell street this morning an accident occurred to the Fire truck from No. 1 station. The truck had been making good time down King street, but upon Frances street being reached Driver Sember slowed up on account of the greasy condition of the street. It was fortunate he did, for when turning onto Wilnot street the right hind wheel collapsed after dropping into a rut. Every spoke was shattered the rim being completely separated from the hub. Had the truck been moving fast at the time there is no doubt but that it would have turned turtle, but as it was no other damage resulted.

Village Schoolmaster Gone.
Windsor's boys and girls of a quarter of a century and more ago are mourning the death of James Duncan who passed away at his home at the age of eighty-five years. Mr. Duncan was "the village schoolmaster" being made Principal of the old Central School where the present city of Windsor now stands, forty-three years ago.

Practically all of Windsor's first and second generation received their early education from Mr. Duncan who was a teacher of the old School. Born in Scotland he came to this country when only two years of age. One son, John of this city; a brother, John of Thamesville and a sister, Mrs. S. J. Bail Detroit survive.

At a special meeting attended by only six of the eleven members of Council to-night a motion by Alderman Goudy seconded by Alderman Jarvis, that the required additional leave be granted was passed. Mayor Dakin is at Pasadena, Cal., and stated in his telegram that influenza and difficulty in making transportation arrangements were responsible for the delay in his return. Had the Council not acceded to Mayor Dakin's request his seat would have automatically been vacant.

IT PAYS TO ADVERTISE.
Who was it said that the romance of to-day is to be found in the business world?
Geo. M. Cohan has gone one better—he has proved that the best field for farce is that same hustling American business world.
Having already proved it in his "Get-Rich-Quick-Wallington," he has produced another farce called "IT PAYS TO ADVERTISE," which comes to the Roma Theatre with the reputation of being another "Wallington."

While the piece is accredited to Roi Cooper Megrue and Walter Hackett, there is said to be apparent throughout its action the skillful and individual touch of Mr. Cohan.
The farce is said to have all the dexterity of a game, and to keep the audi-
