## PARLIAMENT WILL PROROGUE THIS WEEK

**I. C. R. Can Now Now Be  
Sued for Damages Gaus-  
ed by Fire.**

### RUSHING BUSINESS

OTTAWA, Ap. 30.—With prorogation announced for Wednesday next, the talk-weary members of the commonsense yesterday made rapid progress in clearing off from the order paper a considerable number of government bills, most of which had been previously discussed and which were put through the final stages with only a final demurral debate.

The new time-saving rules of the house were put through in the morning session and in the afternoon and evening Mr. Oliver's bill to amend the volunteer bounty act by extending the time for the location of land grants until the end of 1911; Hon. Mr. Graham's bill to amend the railway act in several minor particulars; and several amendments to the common law bills were disposed of.

The house wound up with a consideration of the remaining unconsidered clauses of the insurance bill, no important alterations of the bill, as received from the senate, being introduced. The bill was given third reading.

Hon. Geo. P. Graham has given notice of a bill to amend the government railway act so as to bring the inter-colonial under the general provisions of the railway act in respect to damage to private property through fire occasioned by the operation of the railway.

Before the orders of the day were called, Hon. A. B. Aylesworth drew attention to an article in the Toronto World alleging that certain lawyers were complaining that the Minister of Justice was giving an undue amount of government legal business to George Shepley, K. C., and to the law firm with which Mr. Aylesworth was formerly connected. The Minister of Justice was giving an undue amount of government legal business to George Shepley, K. C., and to the law firm with which Mr. Aylesworth was formerly connected. The Minister of Justice was giving an undue amount of government legal business to George Shepley, K. C., and to the law firm with which Mr. Aylesworth was formerly connected.

## C. P. R. EXPRESS DERAILLED AT SPANISH RIVER AGAIN

TORONTO, May 1.—C. P. R. No. 7 800 express was derailed at Spanish River Saturday near the point where the big disaster took place a few months ago. Fortunately only a few of the leading cars left the rails, but the fact that the accident happened in that locality and that the train was in charge of Conductor Reynolds, the hero of the last wreck, gave the passengers cause for reflection.

### SHIGAWAKE

It is with regret that we record the death of Mrs. Gavin Almond, which took place at Shigawake on Tuesday, April 28th. For some time Mrs. Almond had been suffering somewhat from an internal complaint, but nothing serious was anticipated, and she died suddenly after an illness of two days' duration.

She was the eldest daughter of Mr. and Mrs. John S. Allan of Shigawake, and was married to Mr. Almond about nine years ago.

Of a bright and kindly disposition she was well known and highly respected in the neighborhood. The funeral took place on Friday and was largely attended.

Rev. Mr. Prout conducted service both at the house and in the Episcopal church, of which deceased was a member. Appropriate hymns were sung and as the remains were borne from the church the choir sang "O Lord, Let Thy Servant Depart in Peace."

The pall bearers were Messrs. Andrew, John, Robert and Edmund Almond, and George and Percy Young. Deceased was 37 years of age and leaves three children, the eldest being 17 years old and the youngest eight months.

The house wound up with a consideration of the remaining unconsidered clauses of the insurance bill, no important alterations of the bill, as received from the senate, being introduced. The bill was given third reading.

Hon. Geo. P. Graham has given notice of a bill to amend the government railway act so as to bring the inter-colonial under the general provisions of the railway act in respect to damage to private property through fire occasioned by the operation of the railway.

## DR. DE VAN'S FRENCH FEMALE PILLS—THE WIFE'S FRIEND

A reliable regulator; never fails. While these pills are exceedingly powerful in regulating the generative portion of the female system, they are strictly safe to use. Refuse all cheap imitations. Dr. de Van's are sold at \$5.00 a box, or three for \$15.00. Mailed to any address. The Scobell Drug Co., St. Catharines, Ont.

## JACQUET RIVER

In fairness to our regular Jacquet River correspondent we beg to state that the item complained of in a recent issue of the Graphic was not from that correspondent but from another party.

For the benefit of parties in doubt as to my ability to supply them with ice through the summer, I may say I will have plenty for all the customers I will undertake to supply. Wm. J. Price.—E.

"Along the Kennebec," the latest successful play of New England life, will be seen here on Friday evening, May 6th. Like all New England plays laughter must intermingle with tears and the humor is so carefully blended with sentiment that just as you are on the verge of tears something humorous happens which turns the tide to exuberant laughter. No play of recent years has had a more sumptuous production in point of scenic detail and the production in the Opera House here will be given with careful attention to all the latest features, the company carrying a fine band.

Gummer—The idea of that professor's saying we should boycott meat by living on peanuts. It is preposterous.

Guy—Oh, I don't know. I have heard of babies living on peanuts and thriving.

Gummer—To the woods! What kind of babies?

Guy—Why, elephant babies.

## SASH AND DOOR FACTORY BURNED

QUEBEC, April 29.—The sash and door factory of Philip Coudrier of Black Lake Megantic was destroyed by fire. It is estimated the damage will be \$15,000 while insurance carried amounts to \$5,000.

## WHY YOU SHOULD STOP BRUSH FIRES

**Fire Injures the Community  
More Than the Owner of  
the Timber.**

### HOW IT WORKS OUT

Timber makes pay checks. Timber burned up pays no wages. Moral—Do your best to prevent fires. Would you not, if any man's house, in your own town.

If you saw his house afire would you pass by without doing anything? Do you realize that timber is quite as valuable to the owners and much more so to the community and to you? He can build a new house but not a new forest.

The owner of the timber destroyed may suffer a loss of \$1 a thousand feet if his timber is readily accessible. If that timber was marketed there would be paid for the logging and the driving an average of about \$1 a thousand feet. Four-fifths of this would be for labor and supplies which would be disbursed on the ground and a large part returned to the owner and landowners in the immediate vicinity from which the individual would benefit directly or indirectly.

In the timber manufacture of logs into lumber an additional \$2 to \$3 would be spent at some point not far distant. This likewise would be spent for labor and supplies that would go toward the upbuilding of towns and cities and furnish markets for the homesteaders or farmers at some distance. Furthermore, the profits of logging and saw milling largely would be returned to the community.

In the transportation of the lumber to the markets of the world from \$2 to \$5 would be expended. If by water, this would operate towards the creation of a merchant marine that would render more valuable the agricultural lands tributary to our seaports; would create markets for farm products and in their wider distribution. If by rail, it would involve more capital and more railroads to our province; and every increase in the transportation of the lumber industry of the province renders more valuable every foot of land with its borders regardless of location. The interest of the community in every foot of standing timber in this province is far greater than that of the individual owner, and it is the interest which when once crystallized into public opinion and enacted into laws, will demand the thorough and adequate protection of our forests.

W.—H.

## CANNIBALS EAT TWO PRES. BYTERIAN MISSIONARIES

SEATTLE, Wash. April 30.—Details of the eating of Rev. Horatio Hopkins and his assistant, Rev. Hector Laurie McPherson, missionaries of the Presbyterian Church, by cannibals on Feb. 5, on Savage Island, were brought by the barkentine Mary E. Winkelman, which arrived yesterday at Mukilteo, Washington, from the Tonga Islands in the South Sea.

## TOOK THE CURE SIXTEEN YEARS AGO

Claremont, N. H. Nov. 7, 1909. To the Keeley Cure:—I am now located in Claremont, N. H. It is sixteen years last July, the 22nd, since I took the Keeley Cure and I have yet to have my first desire for any intoxicating drinks of any kind and have never taken any. My health is fine. I am not ashamed of my cure and never have been, and would gladly answer any question any interested person might care to ask me about the cure and its results on myself and others whom I have known.

The Keeley Cure is all that it is claimed. It doesn't put new brains into a man's head, but it does get the cobwebs out of his eyes, and takes away that awful desire for rum. It puts a man on his feet, if he has sense enough to appreciate his cure, and to realize that he should be a sober man. Have backbone enough to refuse a drink. Interest men in the cure if you think they need it. Don't be ashamed of your cure, and you will always be on guard in a sober condition. Don't shun your old chums but reach out your hand and help them to the cure. You could do no better deed in this world. With your will power fully restored you can say "no" when asked to drink, just as easy as you used to say "yes." Maline's Keeley Institute is in Portland. It is useless for me to remind you of the happy homes this cure has made that were once made dark by rum. Wishing the Keeley Cure upon all who are in the work it is doing. I remain, Your lifelong friend,

GEORGE T. WOOD

## General Debility and a General Run Down calls for a General Run Up to the system. Such is "The D. S. S. E." Should you up, increase your weight, give health.

## PREMIER MURRAY WILL LOSE LEG

HALIFAX, May 2.—It has been finally decided that Premier Murray's leg will have to be amputated. The operation will be performed this week. His general condition has so greatly improved that the success of the operation seems assured.

## AT THE OPERA HOUSE

Plays that appeal to the heart and play that heads of families bring their children to see are the plays that thrive. Such a play is "Along the Kennebec," which will be presented at the Opera House Friday evening, with its wealth of beautiful scenery and a company of actors unequalled by any in their respective lines. The play is said to be full of brilliant sparkling comedy and a splendid band is carried to advertise it.

## W. L. Goodman's Window Broken Early Sunday Morning.

## LITTLE MISSING

Shortly after four o'clock Sunday morning some one broke with a stone the plate glass window in W. L. Goodman's barber and tobacco shop and removed from the display stock shown in the window a half dozen good pipes, valued at about \$15.00. There is no clue to the burglar.

The time of the burglary was set at near four o'clock from the fact that a man living in the room over the shop heard the noise, and got up and it a light in his room. He was on duty at that hour says the light at the corner of Water and Ritchie street was not burning on that night and thus he failed to notice the broken window before he went off duty, and Mr. Goodman was not notified until 9 o'clock Sunday morning of the break.

"What's the matter, Bill?" asked the first confidante man. "You look down hearted."

"I don't want any more to do with you," snapped his former friend; "you told me that relieving those boys of their wallets would be like taking candy from a baby. I started and they see up a wall that could be heard for a block."

Well, said the leading man, as he the chaplain which you take candy from the baby?

## FELL ON THE STOVE

Baby Is Badly Burned

The young daughter of Mrs. T. S. Dougal, 522 Flora Avenue, Winnipeg was arranging some of her dolls on a shelf in the kitchen when she fell, and her hand, being thrown down to try and save herself, came in contact with the side of the hot stove. She sustained a serious burn, and her screams brought her mother quickly to the spot.

"I sent to the drugstore for the best ointment I had for burns," she says, "and he sent back a box of Zam-Buk. He said that there was nothing to equal it. I applied this, and it soothed the pain so quickly that the child laughed through her tears. I bound up the hand in Zam-Buk and before day applied Zam-Buk frequently and liberally, until the burn was quite cured."

The little one was soon able to go on with her play, and we had no trouble with her during the time the burn was being healed. I would recommend all mothers to keep Zam-Buk handy for emergencies of this kind. All druggists and stores sell Zam-Buk at fifty cents a box. Post free from Zam-Buk Co., Toronto, for price, and you are warned against harmful imitations.

Don't wait till your hair is gone. Use Bearine (the genuine bear's grease pomade) in time to save it. See a jar.

## GREATER PRINCE RUPERT

Mail advices to the Traffic Department of the Grand Trunk Pacific this week, show that there is great activity, both in new building operations and in the advance in real estate in Prince Rupert, which in another two months will complete its first year of existence. It is nothing unusual for a million feet of lumber to be delivered at Prince Rupert in a single week, and it melts away as fast as men and teams can handle it. A number of leaseholders are starting to build wharves and the Concrete wharf of the British Columbia Government will also be under way at once. The Grand Trunk Pacific is planning further large additions to its already extensive wharves. The British Columbia legislature late in the season, which has just closed, gave Prince Rupert a charter as a town with special privileges and rights as to the control of municipal water and lighting privileges not enjoyed by other cities in British Columbia. The population of Prince Rupert believes that the inauguration of their own municipal government instead of being administered by commissioners, will mean a further stimulus to the already phenomenal if not magical growth of the town.

## RAILWAY TO GASPE BY NEXT XMAS

**Orders From Other Side are  
to Rush Completion of  
Work.**

### A BIG WHARF

MONTEREAL, May 2.—Instructions have been received from the other side to the effect that the railway from Port Daniel to the Port of Gaspé, 200 miles from Campbellton, must be completed by the end of the year.

The line will be completed to Grand River fifty miles from Gaspé by the first of July and on the remaining fifty miles most of the grading and bridging has been completed, so if there is not too much delay on the steel superstructure, the line will be finished to Gaspé Basin by Christmas.

At the harbor of Gaspé a terminal wharf is to be built by Dussault of Quebec at a cost of \$200,000, which will be six hundred feet long and giving forty feet of water for the largest steamships.

## TWO MEN DROWNED WHEN BOAT UPSET

QUEBEC, April 30.—A fatal boat accident occurred on the Saguenay River, between 2 and 3 o'clock, when two men were drowned. The boat, a small tug, was carrying a load of lumber and was being towed by a larger tug. The boat upset and the two men, who were on board, were drowned.

## ALONG THE KENNEBEC FRIDAY EVENING

**Fine Attraction at Opera  
House This Week is High-  
ly Spoken of.**

## NEW ENGLAND PLAY

"Along the Kennebec," a New England comedy, with a fine band, comes to the Opera House Friday evening, May 6. The piece is now in its third successful season and has met with popular approval wherever presented, and has been used as a text by two ministers in their sermons. The play is full of comedy hits. It is comedy that a girl or woman can laugh at and not blush at the same time. The burlesque duel scene in the third act between Zeke Dasher and Bunick is almost a daily portion.

Weedmark is about fifty-two years of age and has a large and respected family connection in this vicinity. He is a laborer but for the last few years he has lived a very irregular life, and it is said, drank very heavily. His wife was a hard working woman and went out to work to support the family. Weedmark admitted the crime after his arrest, saying it was a good job.

## ANOTHER MURDER IN ONTARIO

SMITH'S FALLS, Ont. May 2.—Murder was committed here Saturday morning in a little frame house on Main St. when Mrs. Rufus Weedmark was choked to death by her husband. The crime is the result of an unhappy domestic life extending over a number of years in which drinking, jealousy and quarrelling seem to have been almost a daily portion.

Weedmark admitted the crime after his arrest, saying it was a good job.

## FISHERMEN HAD ROUGH EXPERIENCE

ST. JOHN, May 2.—Nearly forty hours at the mercy of the fiercest storms which have ever struck into the Bay of Fundy at this time of year, and dropping from exhaustion after a day of frantic battle to keep their boat afloat, Roy Longman and Ernest Satterly, man and boy, of Parker's Cove, N. S. were picked up yesterday afternoon by the government steamer Stanley. Their gasoline had given out, and without oars or sail, the two fishermen had no way of descending themselves from the merciless waves of the gale, which drove them in its path from within a short distance of their home at Parker's Cove, to a point six miles from Partridge Island.

## THE CLIMAX.

The Manager of the Opera House has the honor to announce that on Monday, May 9th Mr. Jos. M. Weber will present Edward Locke's wonderful play "The Climax," which has just played an engagement of one year at Daly's and Wyse's Theatre, New York, and now appearing at the Comedy Theatre, London, England, with great success.

Its presentation at three theatres in Chicago recently, namely—Powers Theatre, Chicago, Opera House, and the Whitney Theatre, proves the success the play has attained both in New York and Chicago.

## OVER 10,000 IN ONE WEEK

WENNEPIEX, May 2.—Over 10,000 new comers arrived in the west last week, about four thousand coming from Europe and six thousand from the United States. Ninety per cent. of the new comers are Anglo-Saxon. The total number from Europe for the month of April should run between fifteen and twenty thousand while the American invasion will supply another twenty thousand.
