 July 10, 1911

The Rev. Father Friedland, of St. Joseph's
 Church, of this city, called our attention to
 Pastor Koenig's Nerve Tonic. The boy for
 whom I prepared the medicine had been suffer-
 ing 10 years or more with St. Vitus's Dance about
 17 years old, and had an attack nearly every
 day, but since he has been using the Nerve
 Tonic the attacks have not been so often and
 violent. I am convinced that the medicine has
 done him good, and think it will eventually
 cure him.
