PARADISE AGRICULTURAL SOCIETY.

PARADISE, Dec. 10th, 1873.

SIR.—In submitting my Annual Report of the Paradise Agricultural Society, I beg to state an increased interest in the Society during the past year. At our April meeting it was agreed upon to hold an Exhibition in the Autumn. As the time drew nigh, some thought it impracticable as fruit was so scarce.

The Exhibition was held at the Paradise Cheese Factory, and ground surrounding. Quite a large number of cattle were upon exhibition. There was some fine stock. There were several blood mares and colts, also saddle horses and sheep. The stock as a whole made a very good appearance.

The fruit exhibition excelled anything of the kind ever exhibited in the Society before.

Grain, roots and cereals, though not abundant, did credit to the exhibitors.

There was a very small quantity of butter exhibited, but of very fine quality. Also a very small quantity of grapes.

The Exhibition as a whole was considered quite a success, and will be the means of increase of energy in the future.

After the judges got through with their duties the Society partook of an excellent dinner prepared at the residence of A. Longley, Esq., President of the Society.

The next in order was the reading by the Secretary the report of the judges, which showed that nearly all the exhibitors got prizes, more or less.

CROPS.

Hay, an average crop; grain, upon the whole an average; potatoes, very good; apples, scarce, but good price.

STOCK.

The Society has imported no stock this year.

The company sold their bull "Lord Dufferin," also their cow "Spotty."

The Society at its Annual Meeting sold their bull "Oxford Boy."

ANNUAL MEETING

was held according to law. After reading of minutes the circular from the Central Board was read asking for aid for the Provincial Exhibition.

After some discussion the sum of \$25 was voted to be paid as the circular stated.

A committee was appointed to purchase a Bull for the Society.

ELECTION OF OFFICERS.

President, A. Longley; *Vice-Presidents*, W. Daniels, and R. Marshall; *Secretary*, W. H. Balcom; *Treasurer*, J. S. Leonard; *Directors*, E. Marshall; B. D. Leonard; R. D. Balcom; H. H. Morse; B. Jarvis; *Auditing Committee*, R. D. Balcom; W. H. Bishop; M. E. Marshall.

The officers selected A. Longley, Esq., as the representative of the Society.

WM. H. BALCOM, Secretary.

LOWER STEWIAKKE AGRICULTURAL SOCIETY.

To the Central Board of Agriculture:—

WE beg leave to submit the following Report of the Lower Stewiakke Agricultural Society for the year 1873:

We have but few observations to make with regard to crops. However we may remark that the present year has been a much more encouraging one for the farmer than was the year 1872, the season having been a much more favor-
