SQUARE Pianos were formerly much more generally used than Upright Pianos, though the latter were undoubtedly the more elegant and convenient as furniture. This was because the square was decidedly the best as a musical instrument. The improvements latterly made in uprights have changed this, and the uprights may now fairly claim to be the best as a musical instrument as well as more desirable as furniture. Especially is this true of the improved Upright Piano now offered by the Mason & Hamlin Company. Their pure musical tones are a delight to every appreciative ear, and in durability they present great advantages. This is the result of adding to all valuable improvements heretofore made, one which is more important than any, being a new method of fastening the strings, by which they are more securely held, making the vibrations more perfect, and the instrument less liable to bad affects of atmospheric changes.—Boston Traveller.

ALLEN'S LUNG BALSAM is the standard cure for Coughs and Colds in the States.

ADVICE TO MOTHERS.—MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by soothing the child from pain, and the little cherub awakes as bright as a button. It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, believes wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

AFTER TWENTY-THREE YEARS' SUFFERING.—Rev. Wm. Stout, of Warton, was cured of scrofulous abscesses, which seventeen doctors could not cure. Burdock Blood Bitters was the only successful remedy. It cures all impurities of the system.
