CHOCOLAT MENIER

A Common Error.

Chocolate & Cocoa are by many supposed to be one and the same, only that one is a powder, (hence more easily cooked,) and the other is not.

This is wrong--

TAKE the Yolk from the Egg, TAKE the Oil from the Olive, What is left?

A Residue. So with COCOA.

In comparison, COCOA is Skimmed Milk, CHOCOLATE, Pure Cream.

ASK YOUR GROCER FOR CHOCOLAT MENIER. If he hasn't it on sale, send his name and your address to Menier, Canadian Branch, 12 & 14 St. John Street, Montreal. ANNUAL SALES EXCEED 25 MILLION POUNDS.

When writing to Advertisers please mention THE CANADA PRESBYTERIAN.

REV. ALEX. GILRAY,

Collego Street Presbyterian Church, writes: Dear Sirs--

It is with much satisfaction that I learn that you have decided to establish a branch office in Toronto, believing as I do, that the more widely your will be the gratitude accorded to you for the relief experienced by many sufferers in Canada. We have used your Acid for over eighteen years, and are now prepared to state that it is worthy of a place in every family. We have found it thoroughly safe and effective and have commended it to many,--for which we have been thanked. We wish you success in your new quarters, as we feel sure your success will bring relief here as it has already done to large numbers in the old land and other countries. Much will depend on the patient and persevering use of the Acid as set forth in your little book.

ALEX. GILRAY, 91 Bellevue Avenue.

Toronto, 19th Nov., 1893.

For pamphlet and all information apply to COURTS & SOBS, 72 Victoria St., TORONTO.

GOUTTS,

And sold by all Medicine Vendors throughout the World.

N.B.—Advice gratis, at the above address, daily, between the hours of 11 and 4, or by letter.

HEALTH AND HOUSEHOLD HINTS.

A few drops of carbonate of ammonia put into a small quantity of rain water will prove a safe and easy remedy for cleaning spots from carpets.

To clean woodwork which is painted, wring a soft cloth out of warm water, dip in whiting and rub; rub off the whiting and rub with a dry cloth.

A great convenience in cleaning-house time is a stick with a notch in the end that will lift the picture cords from the hooks without so much stepping up and down.

For the men and women upon whose nervous energy there are great demands fish is an invaluable article of food. Salmon heads the list in nutritive qualities. It is richer than meat.

Chipped Beef.—Heat together a pint each of milk and water and thicken with a beaten egg and a little flour; when it has boiled five minutes add a quantity of chipped beef. Stir it well and remove at once from the fire.

Instead of putting food into the oven to keep hot for late comers, try covering it closely with a tin and setting it over a basin of hot water. This plan will keep the food hot and at the same time prevent it from drying.

Baked ham to be good should be well boiled; when done carefully skim and cover the top with a layer of sugar; bake in a deep pan in a moderate oven; and baste it continually with cooking sherry wine. The dish in a way is unequalled.

Beet Salad.—Take four or five medium sized beets, boiled soft, chop as fine as you like, pack down into a bowl, throw in a pinch each of mustard and pepper, a teaspoonful of salt, a tablespoonful of sugar, cover with cold vinegar. Let them stand till next day.

Croquettes of Fish.—Separate any kind of cooked fish from the bones, mince fine, season with pepper and salt to taste, beat one egg with a teaspoonful of flour and a little milk. Mix this with the fish and make into balls. Brush the outside with eggs, dredge with flour. Fry nicely in hot lard, being careful to get a nice even brown on them.

Broiled Potatoes.—Cut whatever you may have of cold potatoes into lengthwise slices, about a quarter of an inch thick, dip each in flour and lay them between an oyster broiler. Have the fire clear, and when both sides are nicely browned lay the slices on a hot dish, put a piece of butter on each and season with salt and pepper. This is a very delicate dish.

To wash silk stockings, use tepid water and white soap, ivory or white castile, and wash only one at a time, as on no account must they be allowed to lie in the water. Rinse carefully in cold water and squeeze, lay them flat on a towel, and roll the towel up tightly, and leave to dry. Afterward, to renew the gloss, rub them briskly with a piece of dry flannel. They will look like new.

A New Way to Cook Corned Beef.—Corned beef, if very salt, may be freshened for 24 hours, then put in a kettle with three chopped onions, two carrots cut into small squares, a little pepper and a tiny pinch of cloves. Stew until tender, thicken the gravy with two table spoonfuls of flour stirred to a paste in half a teacupful of cold water. Serve hot, with mashed potatoes and chopped cabbage.

Celery.—Many people throw away the outside green stalks of celery; not knowing that it makes a very savory dish when stewed. Take all the fine white stalks, wash well and serve. The remainder break into short pieces, pulling off all the stringy outside. Put the pieces in a stew pan, cover well with boiling water, and boil half an hour. Make a cream sauce (or drawn butter sauce, as some call it), pour it over the celery and serve.

The most striking features of the business of the North American Life Assurance Company for 1893—its most successful year—are:—(1) A handsome increase in new business, showing the efficiency of the agency staff; (2) a continuance of its favorable mortality, an evidence of the care and skill of the medical staff; (3) a substantial increase in interest receipts, which, coupled with prompt payment, is a strong proof, especially in such a year as 1893, of the skill and sound judgment of its financial department.

The company had the unusual experience in life insurance of having interest receipts more than sufficient alone to meet all claims for 1893 under its policies, both life and endowment; (4) the unexcelled addition to its assets (or the put-by for the year) of over 68 per cent. of its income, after having met all expenses and payments to its policy-holders, thereby greatly increasing its ability to meet all obligations as they mature, an essential requisite of wise and provident management; (5) the largest addition yet made to its net surplus to policy-holders, now aggregating the relatively large sum of \$297,062, a fact which should be very gratifying to its policy-holders.

Tied Down

—the woman who doesn't use Pearline. She's tied to her work, and tired with it, too. Pearline makes another woman of her. It washes and cleans in half the time, with half the work. Nothing can be hurt by it, and every thing is saved with it. Pearline does away with the Rub, Rub, Rub. Pearline does more than soap; soap gives you more to do.

Beware Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, do the honest thing—send it back! 280 JAMES PYLE, N. Y.

FOR COMMUNION PURPOSES.

BRITISH DOMINION WINE.

Manufactured from the Best Canada Grapes without the use of either artificial coloring or distilled spirits in any form.

After repeated chemical analyses of the Wines made by Robert Bradford of No. 595 Parliament St., Toronto, I do not hesitate to pronounce them to be unsurpassed by any of the native Wines that have come under my observation.

Analyses show them to contain liberal amounts of the ethereal and saline elements, sugar and tannic acid etc., characteristic of true Wine and which modify materially the effects which would be produced by alcohol alone.

Retaining to a high degree the natural flavor of the grape, they serve the purpose of a pleasant table Wine as well as that of a most valuable medicinal Wine.
