

ments, the wine and cake, &c. shall be home made and the fruit such as in its season can be readily procured. There are but few who think it a duty to keep to the letter of this rule, though it is an useful one in its intention certainly. But the most part appear to feel that, on this occasion, they cannot possibly be too liberal: there is no emulation, I hope, but a great deal of hospitality amongst us, so that when we part, it is always with even kinder feelings than when we met, and I always go home believing the committee of our Dorcas Society the most agreeable in the known world. We need not be anxious about our charioteer, though it must be nearly nine o'clock. He will be punctual, as I dare say he is impatient to have done with us. Hark! there he comes lumbering down the lane. No rain; the clouds are flying away before the fresh wind, and the moon, the beautiful silver moon, is at her highest.

But when seven or eight people pack into a cart, to be jolted along a very rough road, there is neither time nor silence for romantic admiration of the moon, though I should observe for the credit of the party, we do generally endeavour to be quiet and orderly on the king's highway. We drop one after another of our party on our way home, and by the time the horse gives himself and his master a shake of congratulation at our own door, it is nearly a quarter past nine. There is, you see, even in this age of civilization, one out-of-the-way place in the world, where such hours are still kept. They are the most natural, however, the most reasonable, the most healthy, and certainly the most agreeable, and we are at home in proper time, and, I trust in no improper temper, for that calm and holy assembling of ourselves together which, in sorrow and in joy, we have found to bring so great a blessing—which no business should ever be allowed to prevent, and which that cannot be really pleasure which would interrupt.

AYER'S
CHERRY PECTORAL
For the Cure of
COUGHS, COLDS,
HOARSENESS, BRONCHITIS,
WHOOPING-COUGH, CROUP,
ASTHMA and CONSUMPTION

This truly valuable Remedy for all diseases of the Lungs and
Throat, has become the chief reliance of the afflicted as it is the
most certain cure known for the above complaints. While it is
a powerful remedial agent in the most desperate and almost hope-
less cases of *Consumption*, it is also, in diminished doses, one of
the mildest and most agreeable family medicines for common
coughs and colds. Read below the opinion of men who are
known to the world, and the would respect their opinions.

FROM PROFESSOR HITCHCOCK.
"James C. Ayer—Sir: I have used your 'CHERRY PEC-
TORAL' in my own case of deep-seated Bronchitis, and am
satisfied from its chemical constitution that it is an admirable
compound for the relief of laryngeal and bronchial difficulties.—
If my opinion as to its superior character can be of any service
you are at liberty to use it as you think proper."
EDWARD HITCHCOCK, LL.D.,
President of Amherst College.
(From the London Lancet.)

"AYER'S CHERRY PECTORAL is one of the most valu-
able preparations that has fallen under our notice. After a care-
ful examination, we do not hesitate to say we have a large appre-
ciation of its merits and the fullest confidence in its usefulness
for cough and lung complaints."

DIRECT EVIDENCE.
Dr. J. C. Ayer, Lowell—Dear Sir:—Feeling under obligations
to you for the restoration of my health, I send you a report of my
case, which you are at liberty to publish for the benefit of others.
Last autumn I took a bad cold, accompanied by a severe cough,
and made use of many medicines without obtaining relief. I was
obliged to give up at night. A friend gave me a bottle of your
CHERRY PECTORAL, the use of which I immediately com-
menced according to directions. I have just purchased the fifth
bottle, am nearly recovered. I now sleep well, my cough has
ceased, and all by the use of your valuable medicine.
E. S. STONE, A. M.,
Principal Mt. Hope Seminary.
From Dr. Bryant, Druggist and Postmaster, Chicopee Falls,
Mass:—
Dr. J. C. Ayer—Dear Sir:—Enclosed please find remittance
for all the CHERRY PECTORAL last sent me. I can unhesi-
tatingly say, that no medicine we sell gives such satisfaction as
yours does; nor have I ever seen a medicine which cured so
many cases of Cough and Lung complaints. Our Physicians are
using it extensively in their practice, and with the happiest effects.
Truly yours,
D. M. BRYANT.

AGENT—E. TAYLOR DARTNELL, Esq. Office—25, Albert Buildings King-street East, Toronto.

The distinguished success which has attended the establishment of the Church of England Assurance Institution
in the United Kingdom, India, &c., has induced the Directors to open a Branch Office of the Company in Canada,
with a view of extending the peculiar advantages of this Institution to the inhabitants of that Colony. They feel
satisfied that such advantages will be duly appreciated by the Public, and that the same distinguished success will
attend the Company's establishments in Canada, and the same powerful support be given to it by the Clergy and Laity
residing in the Colony, as have already marked its progress in India and in Europe.

In order to insure such success, and to merit such support, the Directors have, for a long time past, been engaged
in repeated deliberations and consultations with men well conversant with, and experienced in, the principles and
practice of Life Assurance, with a view to the formation of Branch Establishments in the British Colonies, which will
best ensure the three main objects of Policy-holders, viz., SECURITY, ECONOMY, and CONVENIENCE. And they trust
that the result of their deliberations has been such as to present to British subjects, resident in these Colonies, as
perfect a system of Assurance, in all these respects, as is practicable, or can be desired.

The SECURITY of Policy-holders in Canada is made complete by the large subscribed capital of the Company,
guaranteed by a numerous and influential body of Proprietors; whilst for their immediate benefit and protection, AN
ADEQUATE FUND WILL BE INVESTED IN CANADIAN SECURITIES, so as always to be immediately available to provide
for whatever casualties may arise.

The ECONOMY of Policy-holders has been consulted by the adoption of Tables, deduced from the most complete
and extensive observations of the rate of mortality among Assured Lives. They have been constructed expressly for
the use of the Church of England Assurance Company; and are framed on the lowest possible scale consistent with
the security of the Assured.

By the constitution of the Company, one clear tenth of the entire profits of the Institution is applied to the form-
ation of a fund, called "THE CLERGY FUND," for the Relief of Distressed and Deserving Clergymen, and the Widow
and Orphans of Clergymen, and also for granting aid to enable Clergymen with limited incomes to provide for their
Families by Assuring their Lives at Reduced Premiums.

Premiums on Assurances by Table II, may be paid either yearly, half-yearly, or quarterly, as may best suit the
convenience of the Assured.

Death by suicide, duelling, or the hands of justice, will not render the Assurance null and void, if the Policy be
duly assigned to another party for a bona-fide consideration.

Claims will be paid within three months after proof of death.

Policies forfeited by non-payment of Premium, may be revived within twelve months, upon proof of the same state
of health, and the payment of the Premium in arrear, with interest thereon.

The Assured, not being engaged in any Military, Maritime, or Naval Service, will be permitted, without extra
Premium, to proceed from one part of British North America to another. Also, to proceed to or from any part of the
United States not further south than the latitude of the city of Washington, or further West than the River Missis-
sippi: they will also be permitted, in time of peace, to proceed in first-class steamers to or from any port in Great
Britain or Ireland.

Parties engaged in or entering into the Military, Maritime, or Naval Service, or parties proceeding beyond the
limits above mentioned, will be charged such additional rate (to be ascertained by application to the Agent), as the
circumstances of the case may require.

Upon payment of the Premium, in cases where the Assurance has been accepted definitely, a Certificate will issue
at once, to be held by the Assured until it can be exchanged for a Stamped Policy, under the Hands and Seals of three
of the London Directors. In cases where the Assurances shall be entertained, only pending the decision of the London
Board, a memorandum of conditional acceptance will be issued, until the receipt of the Company's advice, conveying
the Stamped Policy, or the rejection of the Assurance,—the Company holding the life assured in the interim.
