

THE SECESSION MOVEMENT.—The Washington Correspondent of the New York Tribune, writing on Thursday last, says:—"It may be confidently assumed that South Carolina, Georgia, Alabama, Florida, and Mississippi will secede before the 4th of March in spite of efforts to restrain their separation. If let alone by well-meaning people, the danger might be less imminent. Some of them with the design of leaving the border States to negotiate guarantees upon which they may return. There are leaders in this scheme who look to a consolidated Republic or other form of strong Government, with the idea of their own advancement to supreme power. Many Democrats are openly against free suffrage, in favor of the contraction of popular rights, for twenty-one years naturalization, and other rigid limitations by which an oligarchy may be established, and entire control placed in the hands of large slaveholders. When the South Carolina ordinance for secession shall be passed, Commissioners will be sent here to negotiate with the Government for a basis of peaceable separation, and transfer of the property of the property of the United States to that State. They will not be received in any official capacity, and their demand for the forts and arsenals will be refused. Then the ball will open according to the present programme. Messrs. Magrath and Meminger will probably be the Commissioners, and perhaps Mr. Ibert."

APPLES AS AN ARTICLE OF FOOD.—A raw, mellow apple, says Hall's Journal of Health, digested in an hour and a half, while boiled cabbages required five hours. The most beautiful desert which can be placed on the table is a baked apple. If taken fried at breakfast, with coarse bread and butter, without meat or flesh of any kind it has an admirable effect on the general system, often removing constipation, correcting acidities, and cooling off febrile conditions more effectually than the most approved medicine.

DOUBT MEMORY.—A fine young lady whose memory was well stored and capacious, suddenly fell asleep; on waking it was discovered that she had lost every iota of acquired knowledge, and that her mind was reduced to a perfect blank. With great effort she was gradually mastering, as a child would do, the first lessons of youth, when she suddenly fell into a sound sleep, on awakening from which it was discovered that she had recovered her old state of knowledge. The old and new states alternated with each other at one moment she was the accomplished woman, at another she possessed the mental calibre of a child; in the old state she wrote a beautiful hand—in the new a cramped stiff character, such as children do. In this extraordinary position, she remained for four years a doubled mind as it were took possession of her, she being conscious only of the state she might happen to be in at the time.—Once a Week.

DYSPEPSIA. There is perhaps no disease which destroys the happiness and comfort of individuals, and families to the same extent as Dyspepsia or Indigestion. Previously to the discovery of the OXYGENATED BITTERS, There existed no medicine accessible to those suffering from this wide spread disease, which relieved it in any marked degree. The power of these Bitters over the above named disease as well as over all those having their origin in imperfect digestion, and functional diseases of the stomach, as well as Asthma and General Debility is beyond all question. Its speedy and permanent cures of some of the severest and stubborn cases on record is sufficient confirmation of this fact.

OXYGENATED BITTERS IN CANADA. The Editor of the Montreal Pilot, Sept. 2 1856 says:—"There is no medicine we take so much pleasure in recommending to our friends as Dr. Green's Oxygenated Bitters. Unlike most proprietary medicines, it does not profess to cure "all the ills flesh is heir to," but simply Dyspepsia and its attendant symptoms of derangement of the stomach. It has long been held in favor with our first medical men; some of whom are never backward in awarding merit where it belongs. Its success in our city has given it a reputation surpassed by no other similar preparation. Our attention has been called to this subject by a young man in our office who had been suffering for some weeks severely from indigestion, loss of appetite &c. having been entirely relieved in a few days by the use of the Bitters; there are hundreds who will read this who need such a medicine, and would use it if they had the confidence in it we have. None genuine unless signed I. BUTTS on the wrapper. Prepared by S. W. FOWLE & Co, Boston, and for sale by Lyman, Savage & Co., Carter, Kerry & Co.,

Ayer's Ague Cure.

FROM THE PRESS. Mr. John Jackson, publisher of the Calais Advertiser, writes: "I know it to be all it is recommended; having used it in my family for six or seven years. Every mother and housekeeper must often act as a family physician in the numerous illnesses and accidents that occur among children and servants. For many of these cases, Davis's Pain Killer is an indispensable article. In diarrhea it has been used and effected cures. For cuts and bruises it is invaluable.—N. Y. Examiner. PERRY DAVIS'S PAIN KILLER.—This medicine has become an article of commerce—a thing no medicine ever became before. Pain Killer is as much an item in every bale of goods sent to country merchants, as Tea, Coffee, or Sugar. This fact speaks volumes in its favor.—Glens Falls Messenger. DAVIS'S VEGETABLE PAIN KILLER.—Notwithstanding the many imitations of this article, and many other medicines in the market pretending to answer the same purpose, yet the sale of Perry Davis's Vegetable Pain Killer is more than the whole of them put together. It is one of the few articles that are just what they pretend to be. Try it.—Brunswick Telegraph.

AYER'S CATHARTIC PILLS. Are you sick, feeble, and unwell? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the result of constipation. Some of the most distressing symptoms of sickness is creeping upon you, and should be arrested by a timely use of the right remedy. Take Ayer's Pills, and cleanse the bowels of the impurities which they contain. They stimulate the functions of the bowels into vigorous activity, and purify the system from the obstructions which make disease. A cold settles some- where in the body, and obstructs its natural functions. These, if not removed, react upon the surrounding organs, producing general prostration, suffering, and disease. While in this condition, oppressed by the derangement, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health. While a true medicine, it is also a mild and constant purgative. It is also true in many of the dyspeptic and dangerous disorders. The same purgative effect is seen in the natural functions of the body, they are healthy, and many of them strictly, and by the same means. Some who know the virtues of these pills, will not hesitate to employ them when suffering from the disorders mentioned. State of N. H., from leading physicians in some of the principal cities, and from other well known public persons. From the Dispensing Medical of St. Louis, Feb. 1854. Dr. A. J. Ayer: Your Pills are the best of any I have ever used. They have cured my daughter of a chronic constipation, and have done so in a few days. I have never seen a more healthy child than she is now. Her mother has been long and nearly disabled with biliousness and piles, but she is now in her health. After our child was cured she sent me your Pills, and they have cured her. ASA MORGENTHAU. As a Family Physic. From Dr. E. W. Cartwright, New Orleans. Your Pills are the prince of purgatives. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease. Headache, Sick Headache, Full Stomach. From Dr. Edward Boyd, Baltimore. DEAR BRO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on an efficient cathartic in my daily practice, with disease, and believing as I do that your Pills are the best we have, I of course value them highly, and use them as much as I can. PETERSBURG, Va., May 1, 1854. Dr. J. C. AYER: Sir: I have been repeatedly cured of the worst headache my body can have, by a dose or two of your Pills. It seems to arise from a full stomach, which they cleanse at once. ED. W. PREBLE, Clerk of Steamer Clarion. Bilious Disorders—Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of biliousness than any other remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people. DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1857. Sir: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of this organ. Indeed, I have seldom found a case of biliousness, dysentery, or diarrhoea, which could not be cured by them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital. Dysentery, Diarrhoea, Relix, Worms. From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alternative effect upon the liver makes them an excellent remedy, when given in small doses, in bilious dysentery and diarrhoea. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood. From Rev. J. F. Ames, Pastor of Advent Church, Boston. DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HILKES. WARSAW, Wyoming Co., N. Y., Oct. 24, 1855. DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the foundations of the blood. JOHN M. BUCHANAN, M. D. Constipation, Constivousness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc. From Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your Pills for the cure of constivousness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitude who suffer from this complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe constivousness to originate in the liver, but your Pills affect that organ and cure the disease. From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent purgatives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and clear the system. They are so much the best physic we have that I recommend no other to my patients. From the Rev. Dr. Hawkes, of the Methodist Epis. Church. PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856. HONORABLE SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well. SERRA CHAMBER, Baton Rouge, La., 5 Dec. 1856. DEAR SIR: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL. Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever. Price, 25 cents per Box, or 5 Boxes for \$1. Prepared by Dr. J. C. AYER & CO., Lowell, Mass. Lyman, Savage, & Co., at Wholesale and Retail; and by all the Druggists in Montreal, and throughout Upper and Lower Canada.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the foundations of the blood. JOHN M. BUCHANAN, M. D. Constipation, Constivousness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc. From Dr. J. P. Vaughn, Montreal, Canada. Too much cannot be said of your Pills for the cure of constivousness. If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitude who suffer from this complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe constivousness to originate in the liver, but your Pills affect that organ and cure the disease. From Mrs. E. Stuart, Physician and Midwife, Boston. I find one or two large doses of your Pills, taken at the proper time, are excellent purgatives of the natural secretion when wholly or partially suppressed, and also very effectual to cleanse the stomach and clear the system. They are so much the best physic we have that I recommend no other to my patients. From the Rev. Dr. Hawkes, of the Methodist Epis. Church. PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856. HONORABLE SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well. SERRA CHAMBER, Baton Rouge, La., 5 Dec. 1856. DEAR SIR: I have been entirely cured, by your Pills, of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

As a Family Physic. From Dr. E. W. Cartwright, New Orleans. Your Pills are the prince of purgatives. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease. Headache, Sick Headache, Full Stomach. From Dr. Edward Boyd, Baltimore. DEAR BRO. AYER: I cannot answer you what complaints I have cured with your Pills better than to say all that we ever treat with a purgative medicine. I place great dependence on an efficient cathartic in my daily practice, with disease, and believing as I do that your Pills are the best we have, I of course value them highly, and use them as much as I can. PETERSBURG, Va., May 1, 1854. Dr. J. C. AYER: Sir: I have been repeatedly cured of the worst headache my body can have, by a dose or two of your Pills. It seems to arise from a full stomach, which they cleanse at once. ED. W. PREBLE, Clerk of Steamer Clarion. Bilious Disorders—Liver Complaints. From Dr. Theodore Bell, of New York City. Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of biliousness than any other remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people. DEPARTMENT OF THE INTERIOR, Washington, D. C., 7th Feb., 1857. Sir: I have used your Pills in my general and hospital practice ever since you made them, and do not hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of this organ. Indeed, I have seldom found a case of biliousness, dysentery, or diarrhoea, which could not be cured by them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital. Dysentery, Diarrhoea, Relix, Worms. From Dr. J. G. Green, of Chicago. Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alternative effect upon the liver makes them an excellent remedy, when given in small doses, in bilious dysentery and diarrhoea. Their sugar-coating makes them very acceptable and convenient for the use of women and children. Dyspepsia, Impurity of the Blood. From Rev. J. F. Ames, Pastor of Advent Church, Boston. DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HILKES. WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.
