

I wish to say a few words of highly deserved praise in reference to your wonderful preparation, Unguentum Resinol. I have had the most flattering success with it in my practice in the treatment of pruritus ani, itching piles and also in allaying the intense itching and burning of eczéma. I have found it superior to any preparation of its kind that I have ever used, and I think it stands without a peer as an antipruritic and sedative. I could relate many interesting cases in which I have used Unguentum Resinol. I trust that all of my professional brethren will use this valuable preparation whenever it is indicated. Yours most respectfully, A. L. Scott, M.D., Ph. G.

TROUBLE AT THE HOMŒOPATHIC STATE HOSPITAL.—The managers of the new State hospital at Collins, N.Y., recently removed the superintendent, and now fear that they cannot find another, and yet cannot open

the hospital until they do. The superintendent must be a homœopathic physician, must have served at least five years as physician in some insane hospital, must have had some experience in homœopathic treatment of the insane, and must be a citizen of New York State. The only two men who are eligible under this rule, it is said, are personal friends of the removed superintendent, who absolutely refuse to accept the appointment in his place.

TO PREVENT IODISM.—It is claimed that the following may be given indefinitely without causing iodism:

R. Potass. odidi. $\frac{3}{4}$ iss.
 Ferri et ammon. citratis,
 Tinct. nucis vom. aa $\frac{3}{4}$ ij.
 Aq. $\frac{3}{4}$ iss.
 Tinct. cinchonæ comp. $\frac{3}{4}$ ij.

M. Sig. Teaspoonful three times daily, in water, after meals.—*Sanderson, Medical Weekly.*

The Universal Multi-Nebular Vaporizer

FOR OFFICE USE

In the treatment of all diseases of the

Respiratory Organs
and Middle Ear

BY TEN DIFFERENT METHODS

INCLUDING

Vapor Massage of the Tympanum
and Forced Pulmonary Dilatation.

Is indispensable in office practice.
Write for circulars describing instrument
and methods of use.
